Ora M. LeMere  
Assistant Commissioner

September 13, 2023

His Excellency,  
Governor Christopher T. Sununu  
And Honorable Council

Dear Governor Sununu and Honorable Councilors,

It is my pleasure to present the Department of Revenue Administration's (DRA) 2023 annual report, as required by RSA 20:7, to you and the citizens of New Hampshire. This report is intended to provide readers with current insight into the activities of the operational units within the DRA, as well as data regarding the taxes we collect and the municipal finance and assessing laws that we administer.

Highlights from State Fiscal Year (FY) 2023 include many accomplishments related to customer service. The Taxpayer Services Division received high marks on our customer satisfaction survey that is presented at the end of every call into our call center. 99% of respondents rated the DRA's ability to answer questions correctly and in a professional manner with a rating of 3 or higher, on a scale of 1 to 5. The Taxpayer Services Division also rolled out a survey for those customers using the DRA's Granite Tax Connect online portal. Initial responses had an average rating of 4.4 out of 5 for customer's satisfaction with the ease and use of the online portal. In the Administration Unit, the average number of days to issue a final order for appeal cases in our Hearings Bureau decreased by 25%, and in the Municipal and Property Division 95% of preliminary tax rates were set for the 259 municipalities in the state by November 30<sup>th</sup>. The DRA understands that the work we do impacts many different areas, and we are proud of what we have accomplished in providing strong customer service during FY 2023.

Thank you for taking the time to review this annual report. If you have any questions, or if you require any additional information, please do not hesitate to contact me directly.

Sincerely,

Lindsey M. Stepp  
Commissioner

# Department of Revenue Administration

# Division Primary Functions

## Administration Unit

The Administration unit performs administrative functions necessary to support Department of Revenue Administration (DRA) operations including accounting, purchasing, administrative hearings, tax policy and legislative analysis, fleet and facility maintenance, human resources, legal services, and project management.

## Audit Division

The Audit Division conducts audits of tax returns of individuals, partnerships, estates, trusts, corporations, and documents filed with DRA to ensure compliance with New Hampshire tax laws and rules.

## Collections Division

The Collections Division initiates collection activities in pursuit of delinquent tax returns and outstanding payments for all taxes administered by DRA. The Division also issues wholesale tobacco tax licenses, meals and rentals tax licenses, and sells tobacco tax stamps.

## Municipal and Property Division

The Municipal and Property Division (M&P) establishes and approves municipal, school, county and village district tax rates. Provides technical assistance, relative to taxation and finance to the political subdivisions of the state; and prescribes a uniform chart of accounts for all municipalities, schools, counties, and village districts. Assists and educates municipalities with the methods of appraisal and assessment of real property. Provides revaluation monitoring statewide to municipalities and conducts once in five-year assessment reviews. Equalizes the local assessed valuation of each municipality to bring such valuations to the full and true market value of the property. Advises and assists municipalities and taxpayers in timely collection of the excavation tax. Advises and assists municipalities and taxpayers in full and true appraisals and timely collection of timber yield tax. Appraises public utility and railroad property for equalization and state utility property tax, as well as local tax purposes. The Division assists local municipalities with the administration of the Current Use law RSA 79-A.

## Department of Information Technology

The embedded Department of Information Technology personnel designs, develops, and maintains computerized systems to support the administration of taxes and to automate labor intensive functions.

## Taxpayer Services Division

The Taxpayer Services Division processes taxpayer documents in an accurate and efficient manner. Provides general taxpayer assistance to the public for all taxes administered by the Department and maintains taxpayer accounts.

### Employee of the Year

Ms. Amy Winters has worked for the Department of Revenue Administration in different capacities since 1999. Amy was recently promoted to Hearings Manager and performed as a Tax Field Auditor II for several years prior to her promotion. Amy always represents the department in a professional manner, demonstrating respect to taxpayers, representatives, and colleagues. She places the success of her team above her own self-interests and maintains a positive attitude in and out of the workplace. Whether Amy is working with an internal or external customer, she communicates effectively, conveying information in a clear and concise manner that not only displays her depth of knowledge, but her courteous and patient nature.

Amy is known to boost the confidence and morale of others while also working to get a job done to the best of her ability. She solicits ideas from her co-workers, both in the Audit Division and Hearings Bureau, and seeks ways to make changes to enhance the functionality of processes. Amy motivates those around her to do the best they can in their positions and encourages others to step outside of the box and take initiative.

Finally, Amy demonstrates the importance of leadership within the DRA and is deserving of recognition as the 2022 Employee of the Year. Her contributions to the DRA, which include her supporting colleagues, mentoring junior Auditors, taking over extraneous duties in a pinch, and upholding the DRA mission demonstrate leadership qualities. Her intrinsic ability to support others to learn and grow personally and professionally is truly the best example of leadership.

The DRA Employee Code of Respect reads “We will cultivate respect and teamwork among fellow co-workers by encouraging each other to live up to our full potential through honesty, understanding, dignity, tolerance and accountability”. We thank Amy for exemplifying this code and being a part of the DRA.

# SUMMARY OF TAXES ADMINISTERED BY THE DEPARTMENT OF REVENUE ADMINISTRATION FY 2023

*This is only a brief summary of certain New Hampshire taxes administered by the Department of Revenue Administration. This summary is not intended to be relied upon as a full and complete text. Please refer to the applicable forms, instructions, rules and to the laws cited below to determine how this information applies to specific persons or situations.*

## **BUSINESS PROFITS TAX – RSA CHAPTER 77-A**

The Business Profits Tax (BPT) has historically been one of the largest sources of general fund revenue. Enacted in 1970 as a replacement for the municipal property tax on stock-in-trade, farm livestock, poultry, fuel pumps, mills and machinery, the initial rate was established at 6%. The rate steadily increased to a high of 9.56% in Fiscal Year (FY) 1983. The rate then decreased to 7% beginning FY 1995, then increased to 8% for tax years ending on or after July 1, 1999. The rate of 8.5% was effective for all returns and taxes due on account of taxable periods ending on or after July 1, 2001. For taxable periods ending on or after December 31, 2016, the BPT rate was reduced to 8.2%. For taxable periods ending on or after December 31, 2018, the BPT rate was reduced to 7.9%, because, in accordance with Chapter 274:23, Laws of 2015, the amount of combined unrestricted general and education trust fund revenue collected for the biennium ending June 30, 2017, was more than \$4.64 billion. For taxable periods ending on or after December 31, 2019, the BPT rate was reduced to 7.7%. For taxable periods ending on or after December 31, 2022, the BPT rate was reduced to 7.6%. For taxable periods ending on or after December 31, 2023, the BPT rate was reduced to 7.5%. The BPT is assessed on income from conducting business activity within the state. For multi-state businesses, prior to taxable periods ending before December 31, 2022, gross business profits were apportioned using a weighted sales factor of two and the standard payroll and property factors. For taxable periods ending on or after December 31, 2022, multi-state businesses shall apportion gross business profits using only the sales factor. Organizations operating a unitary business must use combined reporting in filing their NH return. Four annual estimate payments are required on liabilities greater than \$200, paid at 25% each. BPT return due dates are consistent with federal return due dates based on the taxpayer's entity type. For taxable periods beginning January 1, 2023, business organizations with over \$103,000 of gross business income from all their activities are required to file a return. That threshold amount was \$92,000 for taxable periods ending on or after December 31, 2022, and \$50,000 for taxable periods ending after June 30, 1993. For tax years beginning January 1, 2023, the Commissioner is required to biennially adjust the filing threshold using the Consumer Price Index, Northeast Region. Business organizations that realize a gain or loss on the sale or exchange of an interest in the business organization shall file a return for the taxable period, regardless of whether the business organization's gross business income is in excess of the threshold during the taxable period.

## **BUSINESS ENTERPRISE TAX – RSA CHAPTER 77-E**

In 1993, a 0.25% tax was enacted on taxable enterprise value tax base, which is the sum of all compensation paid or accrued, interest paid or accrued, and dividends paid after special adjustments and apportionment. Chapter 17, Laws of 1999 increased the rate from 0.25% to 0.5%. The rate was increased to 0.75% in 2001. For taxable periods ending on or after December 31, 2016, the Business Enterprise Tax (BET) rate was reduced to 0.72%. For taxable periods ending on or after December 31, 2018, the BET rate was reduced to .675%, because, in accordance with Chapter 274:24, Laws of 2015, the amount of combined unrestricted general and education trust fund revenue collected for the biennium ending June 30, 2017, was more than \$4.64 billion. For taxable periods ending on or after December 31, 2019, the BET rate was reduced to 0.60%. For taxable periods ending on or after December 31, 2022, the BET rate was reduced to 0.55%. In 2001, the filing threshold increased to \$150,000 (from \$100,000) of gross business receipts or \$75,000 (from \$50,000) of the enterprise value tax base. In 2013, the filing thresholds increased to \$200,000 of gross business receipts or \$100,000 of the enterprise value tax base. For taxable periods ending on or after December 31, 2022, the filing threshold was increased to \$250,000 for both the gross business receipts threshold and the enterprise value tax base threshold. For taxable periods beginning January 1, 2023, this threshold amount increased to \$281,000. Beginning with taxable periods ending on or after December 31, 2015, the Commissioner is required to biennially adjust these filing threshold amounts using the Consumer Price Index, Northeast Region. Four annual estimate payments are required on liabilities greater than \$260 for taxable periods ending on or after December 31, 2013; paid at 25% each on the 15th day of the 4th, 6th, 9<sup>th</sup>, and 12th months of the taxable year. The BET return is due at the same time the BPT return is due. The BET may be used as a credit against the BPT under RSA 77-A:5. Any unused portion of the credit may be carried forward and allowed against the BPT for 5 taxable periods from the taxable period in which the BET was paid for credits from taxable periods ending before December 31, 2014, and for 10 taxable periods from the taxable period in which the BET was paid for credits from taxable periods ending on or after December 31, 2014.

## **COMMUNICATIONS SERVICES TAX – RSA CHAPTER 82-A**

First enacted in 1990 at 5.5%, this tax was assessed upon two-way communications services. Chapter 158, Laws of 2001, increased the permanent portion of the tax to 4.5% and continued the surtax of 2.5%, resulting in an overall tax rate of 7% for the period beginning July 1, 2001, and ending June 30, 2003. A permanent rate of 7% was passed effective July 1, 2003. Retailers must register with the Department and are required to collect and remit the tax. Communications Services Tax returns must be filed by the retailer on the 15th day of the month for the preceding calendar month unless the average monthly liability is less than \$100. Any retailer who can reasonably estimate its average monthly liability to be in excess of \$10,000 is required to make an estimated payment equal to 90% of the actual tax collected. This payment is due on or before the 15th day of the month during which the liability is incurred.

### **EDUCATION PROPERTY TAX – RSA 76:3**

Under Chapter 17, Laws of 1999, the Education Property Tax was established. The tax is assessed and collected by municipalities to be retained for use by their local school districts. The rate was originally \$6.60 per thousand of equalized valuation without utilities. The tax appears on the same bill with the other property taxes administered at the local level. The effective date of this tax was April 1, 1999. The sunset provision of the Education Property Tax was repealed, making the tax a permanent revenue source dedicated to funding education. As of April 1, 2005, the rate was \$3.33 per \$1,000. Beginning July 1, 2005, and every fiscal year thereafter, the Commissioner is required to set the education tax rate at a level sufficient to generate revenue of \$363,000,000. However, for the fiscal year ending June 30, 2023, the Commissioner shall set the education tax rate at a level sufficient to generate \$263,000,000.

### **INTEREST & DIVIDENDS TAX – RSA CHAPTER 77**

The Interest & Dividends (I&D) Tax, which was first enacted in 1923, applied a tax based on the “average rate of property taxation” upon the income and dividend income received by New Hampshire residents from sources other than New Hampshire and Vermont banks. The tax was changed significantly in FY 1995 to eliminate the exemption on income from New Hampshire and Vermont banks. In conjunction with this change, the personal exemption increased from \$1,200 to \$2,400. The exemption for joint filers increased from \$2,400 to \$4,800. Estimated I&D Tax payments are due on tax liabilities greater than \$500 on the 4<sup>th</sup>, 6<sup>th</sup>, 9<sup>th</sup>, and 12<sup>th</sup> months of the tax year, unless the taxpayer is a calendar year taxpayer in which case the final payment is due on January 15<sup>th</sup> following the tax year. The I&D Tax return is due on the 15<sup>th</sup> day of the 4<sup>th</sup> month following the tax year. Additional exemptions are available for residents who are 65 years of age or older, who are blind, or who are disabled, unable to work, and have not yet reached their 65<sup>th</sup> birthday. For taxable periods ending on or after December 31, 2013, trusts are no longer taxable under the I&D Tax. Instead, interest and dividend income received by the grantors or beneficiaries of trusts, to the extent that they are inhabitants or residents of New Hampshire, is subject to taxation. Chapter 91:89-102 was enacted during the 2021 legislative session, which phases out the I&D Tax over several years until its repeal for taxable periods beginning after December 31, 2026. Chapter 79:86-88 enacted during the 2023 legislative session accelerated the repeal of the I&D Tax to taxable periods beginning after December 31, 2024. The I&D Tax rate is reduced from 5% to 4% for taxable periods ending on or after December 31, 2023, and to 3% for taxable periods ending on or after December 31, 2024.

### **LOCAL PROPERTY TAX – RSA CHAPTER 76**

Property taxes, based upon local assessed valuations, are administered and collected by the individual cities and towns. The majority of property taxes collected are based on the market value of the property at its highest and best use. Some property taxes, however, are based on the market value of a property’s actual use, such as:

- Current use assessments under RSA Chapter 79-A for certain farm land, forest land, and unproductive land. The program is for properties dedicated to remaining as open space. A Land Use Change Tax of 10% of the market value of the property is charged upon the occurrence of a disqualifying event (usually a development, use or sale of a portion of a property). Typically, ten acres or more of dedicated land is required. Application to local officials on or before April 15<sup>th</sup> is required.
- Taxes on the value of standing timber assessed under RSA Chapter 79. These are assessed by local officials, at a rate of 10% of the value of the standing timber. The annual filing of an intent to cut and the subsequent report of timber cut are required.
- Taxes on the value of gravel and excavated materials assessed under RSA Chapter 72-B. These are assessed at a rate of \$.02 per cubic yard of earth excavated.

### **Local Property Tax Exemptions, Credits and Deferrals**

#### **Elderly Exemption – RSA 72:39-a**

Effective July 23, 1996, RSA 72:39-a replaced the Standard, Expanded, Adjusted and Optional Adjusted Elderly Exemptions. The statute sets the minimum exemption, which the cities and towns may modify as follows:

- Different dollar amounts for qualified residents ages 65-75, 75-80, and 80 or older;
- Net income limitations, including social security or pension payments; and
- Net asset limitations.

#### **Blind Exemption – RSA 72:37**

The exemption is a minimum \$15,000 reduction of the assessed value of residential real estate (as defined in RSA 72:29, II) and could be higher if modified by the municipality.

#### **Deferral for the Elderly or Disabled – RSA 72:38-a**

Property taxes are deferred and accrue interest at the rate of 5% per annum for qualifying taxpayers. The deferred property tax may not exceed more than 85% of the equity value of the residence. If granted by the assessing officials, the deferral is available to any resident property owner who is 65 years or older or eligible under the federal Social Security Act for benefits for the disabled, has owned the home for at least 5 years (or one year if eligible under the federal Social Security Act), and is currently residing there.

## Veterans' Tax Credits and Disabled Exemption

Qualified residents are entitled to the following tax credits in the following amounts, which are to be deducted from their tax bills:

- **RSA 72:28** – The standard veterans' tax credit in the amount of \$50 unless, alternatively, the municipality adopts the optional veterans' tax credit which is an amount from \$51 up to \$750;
- **RSA 72:28-b** – The all veterans' property tax credit if adopted by the municipality, in the amount of the standard or optional veterans' tax credit in effect in the municipality;
- **RSA 72:28-c** – The combat service tax credit if adopted by the municipality, in an amount from \$50 up to \$500;
- **RSA 72:29-a** – The standard surviving spouse tax credit in the amount of \$700 unless, alternatively, the municipality adopts the optional surviving spouse tax credit which is an amount from \$701 up to \$2,000; and
- **RSA 72:35** – The standard service-connected total disability tax credit in the amount of \$700 unless, alternatively, the municipality adopts the optional service-connected total disability tax credit which is an amount from \$701 up to \$4,000.

**Certain Disabled Veterans' Exemption under RSA 72:36-a:** A resident discharged under conditions other than dishonorable or honorably separated from military service, who is 100% totally and permanently disabled from service connection, who is a double amputee, paraplegic, or has blindness of both eyes with visual acuity of 5/200 or less as the result of service connection, and who owns a specially adapted home acquired with the assistance of the United States Department of Veterans Affairs is exempt from all taxation on that home.

### Tax Exemption for Improvements to Assist Persons with Disabilities – RSA 72:37-a

This exemption is limited to any increase in the assessed value of residential real estate owing to improvements made by the resident owner for the purpose of assisting a person with a disability who also resides on the residential real estate.

### Tax Exemptions for Wind-Powered, Solar, and Woodheating Energy Systems RSAs 72:66, 72:62, 72:70

These exemptions are optional to the cities and towns and must be voted upon locally.

### Tax Exemption for the Disabled – RSA 72:37-b

This exemption is available to persons eligible under the federal Social Security Act for benefits to the disabled. It is applicable only on the applicant's principal place of abode. The exemption is optional and must be voted on by the municipality, which also determines the amount of the exemption and the income/asset limitations.

## **MEALS & ROOMS (RENTALS) TAX – RSA CHAPTER 78-A**

The Meals and Rooms (Rentals) (M&R) Tax was enacted in 1967 at a rate of 5%. The tax is assessed upon patrons of hotels, restaurants, and motor vehicle rental establishments on certain rentals of rooms and motor vehicles, and upon meals costing \$.36 or more, but collected and remitted to the State by operators. Chapter 330:1, Laws of 1977, increased the tax rate from 5% to 6%. Chapter 568:150, Laws of 1981, increased the rate from 6% to 7%, Chapter 8:1, Laws of 1990, Chapter 354:12 Laws of 1991, Chapter 350:36, Laws of 1993, Chapter 96:1, Laws of 1995, Chapter 132, Laws of 1997 imposed a rate of 8% for every biennium beginning April 1, 1990. Chapter 17, Laws of 1999 fixed the 8% and removed the biennial time frame. Chapter 144, Laws of 2009, increased the rate from 8% to the rate of 9%. Chapter 91:103-105, Laws of 2021 reduced the rate to 8.5% for taxable periods beginning on or after October 1, 2021. An M&R Tax operator's license is required. The M&R Tax is required to be remitted to the State on the 15th day of the month following the collection of tax, accompanied by the M&R Tax return. An M&R Tax operator is required to maintain books and records showing the amount of tax collected and to remit the tax monthly to the State, less a 3% commission if the return and payment are filed both timely and electronically.

## **MEDICAID ENHANCEMENT TAX – RSA CHAPTER 84-A**

The Medicaid Enhancement Tax (MET) was enacted in 1991 at a rate of 8% of gross patient services revenue of every hospital. In 1993, the rate was changed to be established by legislation each biennium upon the gross patient services revenue of every hospital for the hospital's fiscal year ending during the first full calendar year preceding the taxable period. If the Legislature failed to set the rate of tax on or before April 1, preceding the first fiscal year of the biennium, the tax rate was to be zero for that biennium. In no event was the rate of the tax to be greater than 6 percent for any biennium. In 1998, the law was amended to require the Legislature to set the tax rate on or before May 1. In 2003, the tax rate was changed to 6% of gross patient services revenue. In 2004, the 6% tax on gross patient services revenue was changed to a 6% tax upon the "net" patient services revenue of every hospital. In 2007, the tax rate was reduced to 5.5% of net patient services revenue. For taxable periods ending June 30, 2014, and prior, hospitals were required to pay 100% of the tax due for the taxable period no later than the 15<sup>th</sup> day of the fourth month of the taxable period and were required to file a tax return with the Department on or before the 10<sup>th</sup> day of the month following the expiration of the taxable period. For taxable periods beginning July 1, 2014, and after, special hospitals for rehabilitation are no longer included in the definition of "hospital" and hospitals are required to file a return on or before the 15<sup>th</sup> day of April in the taxable period. In addition, every hospital shall on or before January 15 in the taxable period make a nonbinding estimate of its projected tax payment. The tax rate decreased to 5.45% for the taxable period ending June 30, 2016, and to 5.4% for the taxable period ending June 30, 2017, and for every taxable period thereafter.

## **REAL ESTATE TRANSFER TAX – RSA CHAPTER 78-B**

The Real Estate Transfer Tax (RETT) was first enacted in 1967. Chapter 17, Laws of 1999, increased the permanent tax rate assessed on the sale, granting, and transfer of real estate and any interest in real estate to \$.75 per \$100, or fractional part thereof, of the price or consideration. This rate is assessed on both the buyer and seller for a combined tax rate of \$1.50 per \$100. Where the price or consideration is \$4,000 or less, there is a minimum tax of \$20 assessed on both the buyer and seller. The tax is paid at the Registry of Deeds office in the county where the property is located. A Declaration of Consideration (Form CD-57) must be filed with the Department by both the purchaser and seller no later than 30 days from the recording of the deed at the Registry of Deeds or transfer of real estate, whichever is later.

## **RAILROAD TAX – RSA CHAPTER 82**

Every railroad, railway, express, and every parlor, sleeping or dining car company, or other company not a railroad company owning any cars operated for profit on any railroad in this state shall pay an annual Railroad Tax. The Railroad Tax is assessed on the market value of the property and estate in this state of any such company as of April 1 of each year. The tax is imposed at the average rate of taxation at that time upon other property throughout the State. Railroad “property” applies to both railroad companies (an enterprise, corporation, partnership, etc.) and private rail cars operated for profit on any railroad in the State.

## **TOBACCO TAX – RSA CHAPTER 78**

The Tobacco Tax is a direct tax upon the consumer at retail. However, it is pre-collected and paid by the wholesaler. It is presumed the Tobacco Tax has been pre-collected and paid by the wholesaler by the affixing of a Tobacco Tax stamp on the tobacco product. The Tobacco Tax was first enacted in 1939. Originally the tax was based upon the value at the usual selling price of all tobacco products. In 1975, the tax was changed to a flat rate of \$0.12 per package of 20 cigarettes. At that time, there was no tax on other tobacco products. Over the next 34 years the tax was increased from \$0.12 to \$1.78 per package. In 2011, the Tobacco Tax rate was decreased from \$1.78 to \$1.68 for each package containing 20 cigarettes or at a rate proportional to such rate for packages containing more or less than 20 cigarettes. As of August 1, 2013, the Tobacco Tax rate increased from \$1.68 back to \$1.78 for each package containing 20 cigarettes, per Chapter 224:379 through 381, Laws of 2011. In 1991, the Legislature enacted a tax on tobacco products other than cigarettes (OTP Tax) at the rate “proportional to the cigarette tax, having such ratio to the usual wholesale price of the tobacco product other than cigarettes as the cigarette tax bears to the usual wholesale price of the cigarettes.” In 2003, the OTP Tax was changed to 19% of the wholesale sales price. The OTP Tax rate was changed again in 2009 to 48.59% of the wholesale sales price, and then in 2010 to a rate of 65.03% of the wholesale sales price. In 2011, the OTP Tax rate was decreased to 48% of the wholesale sales price. As of August 1, 2013, the OTP Tax rate increased from 48% back to 65.03% of the wholesale sales price, per Chapter 224:379 through 381, Laws of 2011. Chapter 346, Laws of 2019 amends the Tobacco Tax to include electronic cigarettes effective January 1, 2020. Electronic cigarettes are treated as OTP but

subject to different tax rates under RSA 78:2, II, one for closed cartridges or containers that are not intended to be opened (or “closed system” devices), and the other for containers that are intended to be opened (“open system” devices). For closed system devices, the tax is imposed at a rate of \$0.30 per milliliter on the volume of the liquid or other substance containing nicotine in the cartridge or container. For open system devices, the tax is imposed at a rate of 8% of the wholesale sales price of the container of liquid or other substance containing nicotine. Wholesalers are required to report their tax liability for the collection of the OTP Tax on a monthly basis. The return is due on or before the 15th day of the month following the end of the reporting period. Wholesalers may file quarterly, but permission to file quarterly must be pre-approved, in writing, by the Department.

### **UTILITY PROPERTY TAX-RSA CHAPTER 83-F**

Utility property is defined, in part, as “all real estate, buildings and structures, machinery, dynamos, apparatus, poles, wires, fixtures of all kinds and descriptions, and pipe lines located within New Hampshire employed in the generation, production, supply, distribution, transmission, or transportation of electric power or natural gas, crude petroleum and refined petroleum products or combinations thereof, water, or sewage subject to tax under RSA 72:6, 72:7 and 72:8, but not exempt under RSA 72:23,” excluding water and air pollution control facilities exempt from local property taxation under RSA 72:12-a. In 2011, “utility property” was amended to also exclude: the electrical generation, production, and supply equipment of an “eligible customer-generator” as defined in RSA 362-A:1-a, II-b; property used for the retail distribution of fuel for personal, non-commercial use, use as a fuel in a motorized vehicle, home cooking, or heating; and that portion of a manufacturing establishment’s generation, production, supply, distribution, transmission, or transportation of electric power or natural gas, crude petroleum and refined petroleum products or combinations thereof, water, or sewage subject to tax under RSA 72:6, 72:7, and 72:8, but not exempt under RSA 72:23, that is expended, used, or consumed on-site primarily for the operation of the manufacturing establishment and that does not otherwise enter the stream of commerce.

The Utility Property Tax rate is \$6.60 per \$1,000 of value of utility property. On December 1 of each year the Department determines the market value of utility property as of the previous April 1. The tax is due annually on or before January 15<sup>th</sup>. Every utility or property owner required to pay Utility Property Tax must file a declaration of its estimated Utility Property Tax for the subsequent taxable period, accompanied by payment of 1/4 of the estimated tax due, on or before April 15 of each year. Additional quarterly estimated payments of the Utility Property Tax are due on June 15<sup>th</sup>, September 15<sup>th</sup>, and December 15<sup>th</sup>.

# New Hampshire FY 2023 Legislative Session in Review

*This Legislative Review is published as a convenient reference guide of relevant statutory changes made during the 2023 Legislative Session by the New Hampshire General Court. This review is intended to provide a summary or synopsis of enacted legislation. It is not intended to be relied upon as a full and complete text or as a substitute for the actual state law. Please refer to the applicable statute and rules to determine how this information applies to specific persons or situations.*

## **BUSINESS TAX**

**HB 2 (Chapter 79, Sections 191-192)** amends the formula employed for the distribution of BPT and BET revenues to the Education Trust Fund. Previously, portions of BPT and BET revenues were transferred from the General Fund to Educational Trust Fund using a calculation that involved the respective BPT and BET tax rates. Whenever the tax rate is changed by the legislature, the distribution rate changes. This law change fixes the distribution rate to 41% to the Education Trust Fund for both BET and BPT.

**Statute Amended:** RSA 77-A:20-a and RSA 77-E:14.

**Effective Date:** July 1, 2023.

**SB 189 (Chapter 169)** allows, in determining taxable business profits for taxable periods beginning on or after January 1, 2024, a deduction of the business interest expense incurred in the taxable period without regard to IRC §163(j) limitation. Any carry forward of business interest expense federally disallowed under IRC §163(j) as of taxable period before January 1, 2024, shall be allowed as a deduction in three equal parts over three consecutive years beginning with the first taxable period commencing on or after January 1, 2024.

**Statute Added:** RSA 77-A:4, XX.

**Effective Date:** January 1, 2024.

## MEALS AND ROOMS (RENTALS) TAX

**HB 2 (Chapter 79, Section 248)** amends the title of the person, from the Director of Energy and Planning to the Director of the Office of Planning and Development, as the person required to determine the components and resulting estimates in the process of population estimation of municipalities.

**Statute Amended:** RSA 78-A:25, III.

**Effective Date:** July 1, 2023.

## INTEREST AND DIVIDENDS TAX

**HB 2 (Chapter 79, Sections 85 – 88)** accelerates the repeal of the I&D Tax to taxable periods beginning after December 31, 2024, from taxable periods beginning after December 31, 2026, and repeals the previously schedule reduction of the I&D Tax rate to 2% for taxable periods ending on or after December 31, 2025, and 1% for taxable periods ending on or after December 31, 2026. Previously, Laws of 2021, Chapter 91, Sections 89 through 102 provides for the repeal of the I&D Tax for taxable periods beginning after December 31, 2026. This bill also amends the effective date of the removal or repeal of references to the I&D tax in other state statutes, as provided in Laws of 2021, Chapter 91, Sections 90 through 100 to January 1, 2025.

**Statutes Amended:** RSA 77; RSA 14-B:8, III(q); RSA 15-A:5, I(d)(17); RSA 21-J:31; RSA 21- J:33-a; RSA 21-J:46, III; RSA 71-C:4; RSA 77-G; RSA 369-B:5, VI.

**Statutes Repealed:** RSA 21-J:45, I(c); RSA 77; RSA 77-A:4-c, II(c); RSA 77-A:4, I; RSA 195- H:10; RSA 195-K:4; RSA 261:52-a; RSA 391:3.

**Effective Date:** Repeal of the 2% and 1% I&D tax rates shall be effective July 1, 2023. Repeal of RSA 77 shall be effective July 1, 2023 (applicable to taxable periods beginning after December 31, 2024). The remaining sections shall be effective January 1, 2025.

## MUNICIPAL AND PROPERTY

**HB 174 (Chapter 117)** relative to the filing of notice of intent to cut timber. This bill allows the owner to commence cutting operations if the owner had met all the conditions for approval, but the notice of intent is not signed by the assessing officials within 15 days, and that the assessing officials have not communicated a reason to the owner as to why conditions for approval have not been met. Prior to cutting, the owner shall submit to the DRA, a copy of the notice of intent and provide the date of filing. If the assessing officials determine that conditions for approval have not been met, the assessing officials shall notify the owner and the person responsible for the cutting, where the cutting operations shall cease until those conditions are met and the intent signed. This bill also requires assessing officials to forward any signed intent to the Commissioner of the DRA within five business days and provide a copy to the owner.

**Statute Amended:** RSA 79:10, I and RSA 227-J:5.

**Effective Date:** August 29, 2023.

**HB 197 (Chapter 119)** relative to the proration of property tax exemptions. A person eligible for a property tax exemption for the blind (RSA 72:37), disabled (RSA 72:37-b), deaf or severely hearing impaired (RSA 72:38-b), or elderly (RSA 72:39-b) and owns a fractional interest in the property, the exemption amount shall be prorated based on the amount of that person's fractional interest in the property. The total exemption to all persons shall not exceed the amount provided in RSA 72:37, 72:37-b, 72:38-b, or 72:39-b. The application of this bill does not require readoption by the municipalities. This bill shall be effective April 1, 2024, and shall apply beginning with the 2024 property tax year.

**Statute Amended:** RSA 72:41.

**Effective Date:** April 1, 2024 (applicable beginning with the 2024 property tax year).

**HB 206 (Chapter 21)** Amends the definition of "armed forces" in RSA 21:50, II to include the Space Force.

**Statute Amended:** RSA 21:50, II.

**Effective Date:** July 3, 2023.

**HB 237 (Chapter 39)** establishes the date of December 31 in the calendar year preceding said April 1 as the date for asset evaluation for purposes of determining eligibility for property tax exemption for the disabled, for the deaf or severely hearing impaired persons, and for elderly exemption. The application of this bill does not require readoption by the municipalities. This bill shall be effective July 18, 2023, and shall apply beginning with the 2024 property tax year.

**Statute Amended:** RSA 72:37-b, III(b), RSA 72:38-b, III(c), and RSA 72:39-a, I(c).

**Effective Date:** July 18, 2023 (applicable beginning with the 2024 property tax year).

**SB 225 (Chapter 228)** establishes a commission to study the assessing of power generation. The commission shall compare the efficacy of the Department's approach to assessing the assets with the approach utilized by the municipalities, study the approach used by other states, and recommend a unified approach for the Department and the municipalities.

**Statute Repealed and Reenacted:** RSA 72:8-f.

**Effective Date:** August 4, 2023.

## MISCELLANEOUS

**HB 285 (Chapter 33)** authorizes the DRA to incorporate the New Hampshire Equalization Manual into the DRA's administrative rules and relative to the development of DRA forms or returns.

**Statute Amended:** RSA 541-A:21, V.

**Statute Added:** RSA 21-J:1, II(d).

**Effective Date:** July 16, 2023.

**HB 412 (Chapter 87)** re-establishes a commission to study revenue alternatives to the road toll for the funding of the state's highways and bridges and resulting improvements to the environment. The Commissioner of the DRA or her designee shall be a member of this commission.

**Statute Repealed and Reenacted:** RSA 21-J:49.

**Effective Date:** June 20, 2023.

**HB 595 (Chapter 36)** establishes an advisory committee on the Public Deposit Investment Pool. The Commissioner of the DRA or her designee shall be a member of this advisory committee. The advisory committee shall assist the State Treasurer on the establishment and operation of the investment pool.

**Statute Added:** RSA 6:45 through 47.

**Statutes Repealed:** RSA 383:22 through 24.

**Effective Date:** July 16, 2023.

**SB 52 (Chapter 66)** relative to the regulation and operation of electric vehicle charging stations. Parts of this bill establishes a committee to study funding mechanisms for electric vehicle charging infrastructure. The committee shall consider the feasibility of non-ratepayer sources of funding for electric vehicle charging infrastructure, which may include Meals and Rooms Tax revenue, and incentivizing private capital through Business Profits Tax and Business Enterprise Tax credits, state Utility Property Tax credits, and enabling local property tax exemptions.

**Effective Date:** August 6, 2023.

**SB 127 (Chapter 145:7)** removes the requirement for nursing facilities to submit a copy of the return for the nursing facility quality assessment to the Commissioner of the Department of Health and Human Services (DHHS). Under previous law, a nursing facility was required to submit the return to the Commissioner of the DRA as well as to the Commissioner of DHHS.

***Statute Amended:*** RSA 84-C:4.

***Effective Date:*** June 30, 2023.

## DRA HIGHLIGHTS FY 2023

**DRA Revenue Information Management System.** With a successful implementation of all three phases of the project, DRA has been fine-tuning the new tax administration system, Revenue Information Management System (RIMS) to ensure optimal functionality. Updates include the addition of an optional taxpayer feedback survey via our portal, Granite Tax Connect (GTC) and the ability for taxpayers and tax professionals to upload a NH Power of Attorney form without the need to create an account. Learn more about RIMS and GTC on page 34.

**COVID-19 Relief Programs.** The DRA continues its partnership with the Governor's Office for Emergency Relief and Recovery (GOFFER) and assists with evaluating requests for waiver of outstanding funds from recipients of awards issued through DRA-managed programs, Main Street Relief Funds 1.0 and 2.0 and the and Self Employed Livelihood Fund. DRA is contacting and working with identified grant recipients to gather necessary documentation to evaluate their request and making recommendations to GOFFER on an ongoing basis.

**Legislative Initiatives.** As part of the DRA's role in administering the tax laws of the state of New Hampshire, we have a statutory duty to formulate and recommend legislation to improve tax administration in our state. During the 2023 Legislative Session, the DRA sought sponsorship of legislation covered under HB 285. HB 285 allows the New Hampshire Equalization Manual, as approved by the Assessing Standards Board, to be incorporated by reference into the relevant agency administrative rules. This legislation promotes efficiency and accuracy in the administration of agency rules by avoiding the need to duplicate relevant sections from the Equalization Manual to the agency administrative rule Rev 2800, relative to equalization of assessment of each town, city, and unincorporated place within the state. HB 285 also consolidates from various locations in the tax statutes, the authority for DRA to develop tax forms or returns and to require such forms or returns to be signed under the pains and penalties of perjury, to one central location in RSA 21-J:1. HB 285 was passed by the NH General Court and signed into law by Governor Sununu.

### The Legal Bureau

The Office of Revenue Counsel (the Legal Bureau) provides legal advice and representation to the Department, including rendering advice and legal opinions to Department personnel; managing bankruptcy cases; responding to Right-to-Know requests; representing the Department before the Board of Tax and Land Appeals (BTLA) and the Department's Hearings Bureau; and providing assistance and advice to the Commissioner's Office, the Municipal and Property Division (M&P Division), and to other divisions in connection with audits and other stages of the enforcement and administration of tax laws. In addition, the Legal Bureau coordinates and assists with the Department of Justice's representation of the Department before state and federal courts and acts as co-counsel in certain cases.

### Noteworthy Cases from FY2023

#### *Rand v. State; Grafton Superior Court*

The plaintiffs in *Rand* seek a determination that the Statewide Education Property Tax (SWEPT) is unconstitutional. The Legal Bureau assisted the Department of Justice in preparing numerous pleadings and affidavits defending the computation of tax rates and the administration of SWEPT.

#### *Woodsville Fire District*

The Legal Bureau represented the Municipal and Property Division in the Woodsville Fire District's appeal of the disallowance of the Town's warrant articles under RSA 21-J:35 and assisted the Department of Justice in briefing Woodsville's appeal to the New Hampshire Supreme Court. Oral argument and a decision by the Court is expected to occur during the first half of FY 2024.

#### *Town of Littleton v. Sweet et al.; Grafton Superior Court*

The Department intervened in a suit by the Town against the water and light department commissioners to determine that they were bound to comply with the Municipal Budget Act. The Department successfully moved for summary judgment and subsequently reached a favorable settlement with the other parties.

#### *DRA v. Maryann Parkhurst; Grafton Superior Court*

The Department sued to determine the status of the Department's liens on property owned by the defendant. The ultimate goal is to collect unpaid business and meals and rentals taxes owed by her. The Superior Court granted the Department summary judgment on its claims on July 10, 2023.

### PA -71 Proceedings

The Legal Bureau assisted the Municipal & Property Division by initiating two decertification proceedings against an assessor. In addition the Legal Bureau has assisted the Division with investigating and analyzing six other complaints accusing assessors of misconduct.

### Bankruptcy Cases

The Legal Bureau filed 31 Proofs of Claim in Bankruptcy Courts throughout the United States for unpaid taxes, penalties, and interest in an amount exceeding \$1,591,382,<sup>1</sup> and collected payments from bankruptcy cases in an amount totaling \$1,079,855. The bankruptcy cases generally involve objecting to reorganization and payment plans which do not comply with law, filing and defending claims from objections, protecting security interests, and tracking a significant number of cases through the court processes to protect the Department's interests. The cases run the gamut from large corporate cases filed in out of state courts, to New Hampshire domiciled individuals and businesses filed here.

### Utility Property Tax Appeals

The Legal Bureau is representing the Department in one appeal. A hearing is scheduled for FY 2024.

### Right to Know Requests

The Legal Bureau responded to 151 requests for government records pursuant to RSA 91-A:4 over the course of the past year. Some of these requests involved voluminous records and contested issues.

### Appeals from Final Orders, Board of Tax and Land Appeals

The Legal Bureau has been engaged in representing the Department in two appeals of audit assessments to the BTLA.

### Appeals from Final Orders, Superior Court

The Legal Bureau has coordinated with the Department of Justice on five Superior Court tax appeals.

### *Great River Hydro, LLC v. DRA*

The taxpayer appealed a utility property tax assessment. The matter was settled on favorable terms.

<sup>1</sup> A claim against one chapter 7 debtor's estate was filed in the amount of \$5.5 million. Due to the unique circumstances of that case the claim was in fact only worth \$23,653, which amount is included in the total.

#### *Morris v. DRA*

The taxpayers appealed a determination that they were New Hampshire residents and subject to the Interest and Dividends tax for earnings during their residency. A constitutional challenge was ready for summary judgment at year's end and the entire appeal is expected to be decided in FY 2024.

#### *Simon Properties v. DRA*

The taxpayer appealed a business tax assessment based on an audit determination that rental income from a major shopping center was correctly sourced to New Hampshire. The Department of Justice, with the Legal Bureau's assistance, is preparing the case for trial in FY 2024.

#### *Aldean Khater v. DRA*

Additional tobacco tax and business tax was assessed against Khater and the Department's Hearing Officer denied his appeal. He subsequently appealed to a Massachusetts superior court, which dismissed it. Khater refiled in the New Hampshire court and the Department of Justice with assistance from the Legal Bureau has moved to dismiss. Khater is subject to a criminal restitution order in excess of \$12 million. Efforts are being made by the Legal Bureau to enforce that judgment.

#### *Hologic, Inc. v. DRA*

The Legal Bureau is assisting the Department of Justice in responding to the appeal filed by a Massachusetts bio-tech company appealing an assessment of taxes following an audit. The appeal was filed at the end of FY 2023 and should be resolved in FY 2024.

#### *Criminal Investigations and Prosecutions*

The Legal Bureau continues to assist the Department of Justice in its preparation for trial against Jason Curtis for 52 counts of timber tax fraud.

#### *Collection Matters*

The Legal Bureau successfully resolved a large claim for business taxes based on amended returns with a favorable payment and forbearance plan. Another taxpayer successfully completed a similar plan during FY 2023. Other efforts to realize on liens in interpleader actions have been undertaken by the bureau. The Legal Bureau also finalized a Memorandum of Understanding resolving a dispute with the State appointed liquidator of a large property and casualty insurance company over the breadth of a previous settlement.

Declaratory Rulings

No Declaratory Rulings were issued in FY 2023.

## Hearings Bureau

During FY 2023, the Hearings Bureau continued to strive to provide better service to the taxpayer. We have continued to review administrative tasks and workflow to ensure that our processes are as lean and efficient as possible to maximize our productivity.

In FY 2023, with respect to taxpayer petitions, the time to produce a final order after the close of the record averaged 122.30 days, which is an increase of 10.03% from the time it took to produce an order from FY 2022. Although our goal for FY 2023 for taxpayer petitions was to produce final orders within an average of 90 days after the close of the record, there were several older complex cases that were issued during this period. However, by the end of FY 2023, all older outstanding orders were issued, and the oldest order still outstanding on June 30, 2023 was 30 days old. With respect to cases involving license denials, suspensions, revocations, and tobacco seizures, the time to produce a final order after the close of the record averaged 21.88 days, which was an increase of 58.90%. Our goal for cases involving license denials, suspensions, revocations, and tobacco seizures was to produce final orders within an average of 14 days after the close of the record. Part of the reason for the increase in the average time to issue an order resulted from the parties requesting that final orders be held in abeyance pending payment plan arrangements. The number of docketed appeals filed in FY 2023 decreased by 36.59% from the number filed in FY 2022. The total number of final orders issued in FY 2023 decreased by 38.94% from the number issued in FY 2022, which correlates with the decrease in docketed appeals.

During FY 2023, the Hearings Bureau experienced some personnel changes as the previous long-term Paralegal II had been well deservedly promoted to Assistant Hearings Manager in the Audit Division. As a result, our Paralegal I was promoted to the Paralegal II position, and a new Paralegal I was hired. Both have done amazingly well in getting up to speed in their new positions and job responsibilities.

Also, during FY 2023, we completed the implementation of the electronic indexing and filing system for older paper case files in order to quickly access older information which existed prior to implementation of our electronic case management systems. In addition, we also made significant progress in cataloging and storing final orders and recordings that we are required to keep and destroying the remainder of the files pursuant to DRA Record Retention Policy. These tasks had been lower priority until we had become current with issuing final orders, and now we have finally been able to become nearly current in this area as well.

The Hearings Bureau’s goals for FY 2023 are to maintain an appeal process that provides a fair and efficient system, timely performance, and ensures the highest degree of confidence in the integrity of the system. This includes continuing to streamline administrative processes to allow us to meet our goal of issuing Final Orders in a timely manner.

The following statistics summarize the activity of the Hearings Bureau during the past fiscal year as compared to the prior fiscal year:

	FY 2022	FY 2023	% of Change
Appeals Filed	287	182	(36.59%)

## The Collection Division

The mission of the Collection Division is to ensure taxpayer compliance with the tax laws of New Hampshire by fairly and effectively recovering overdue taxes through the uniform application of state laws, rules, and policies.

The division is primarily responsible for collecting delinquent notices of assessment resulting from tax returns, following up on unfiled Meals and Rentals (M&R) tax returns, selling tobacco stamps, and licensing and educating M&R operators charging for taxable meals, room rentals, and motor vehicle rentals.

<b>FY 2023 Value of Inventory and Collections</b>	
Delinquent Inventory – beginning July 1, 2022	\$82,647,182
Delinquent Inventory – ending June 30, 2023	\$83,363,423
Delinquent Payments Collected	\$25,972,716

<b>FY 2023 Statistical Counts</b>	
New Meals & Rentals Operators Licensed	856
Meals and Rentals Unfiled Returns Followed Up	5214
Tax Liens Recorded	1487
Tobacco Tax Field Compliance Visits	190
Payment Plans Initiated	596
Field Visits Conducted	1974

The Division was fully staffed for 92% of FY 2023 resulting in an uptick in statistical category totals. We expect these totals to continue to improve with the addition of a new Compliance Officer II (CO II) position that has been filled for the start of FY 2024.

This additional CO II position will focus on the collection of tax assessments generated using data obtained through our exchange agreement with the IRS in accordance with IRS Pub 1075 information handling guidelines. Due to the sensitive nature of the federal information, the caseload will be better managed with one CO II assigned to those cases on a full-time basis.

The Collection Division continues to utilize an outside collection agency (OCA) to collect aged debt. The criteria for placing accounts with the OCA has recently been revised with the expectation being that this will result in an increase of both cases worked and funds collected by the OCA.

## The Taxpayer Services Division

The mission of the Division of Taxpayer Services is to continuously improve taxpayer experiences through efficient data processing, accurate account maintenance and exemplary customer service.

The Division operates two high speed scanners that allow employees to scan, validate, and process large volumes of tax forms more efficiently. By using the high-speed scanners in conjunction with our new Revenue Information Management System (RIMS), we've introduced numerous efficiencies related to processing paper documents, electronically routing correspondence, and managing taxpayer requests.

The most notable change for FY 2023 was the significant increase in the number of electronically filed returns, payments, and taxpayer requests. Using our Granite Tax Connect (GTC) web portal and the IRS Modernized e-File program, taxpayers filed about 20,000 more documents electronically, thereby reducing the number of staff hours needed to open, prep, scan, and review paper documents. As DRA faced challenges with recruiting and retaining staff in our processing unit, this increase allowed us to focus on issuing refunds in a timely manner, addressing taxpayer requests, correcting account errors, and providing the high level of customer service our taxpayers have come to expect. As we look forward to FY 2024, it is our hope that more taxpayers will become comfortable with electronic filing methods and this number will continue to increase.

The mission of the Municipal and Property Division is to assure fairness, equity and proportionality in the assessment and collection of property taxes and the administration of municipal finances in the state by establishing tax rates, providing technical assistance and education to municipal officials, monitoring revaluations, reviewing assessment practices, equalizing local assessed valuation, appraising public utility and railroad property, and administering timber and gravel taxation.

The Division consists of two bureaus, Municipal and Property.

The Municipal Bureau establishes and approves municipal, school, county, state education and village district tax rates. It provides technical assistance on taxation and finance to the approximately 564 political subdivisions of the state, and the general supervision of municipal tax collectors. Other services include:

- Prescribing a uniform chart of accounts for all municipalities.
- Establishing a standard technical assistance manual for municipalities' use.
- Reviewing trustee reports of municipal trust funds in conjunction with the Department of Justice Charitable Trust Unit.
- Conducting workshops and seminars for municipal officials, including selectmen, budget committees, trustees of trust funds, tax collectors, and school officials.

The Property Appraisal Bureau oversees the assessment review process and monitors revaluations and revaluation contracts, as well as the following specialized services:

- The Equalization Group determines the total equalized value of all taxable property within the state on an annual basis. This allows shared tax burdens, such as the state education tax and county property taxes, to be apportioned at a single standard, full market value. The equalization process includes compiling assessment data, conducting ratio studies and preparing statistical reports.
- The Utility Appraiser values all utility and railroad properties in order to determine the correct assessment of RSA 82 Railroad Taxes and RSA 83-F Utility Property Taxes.
- The Timber and Gravel Appraisers provide administrative, technical and enforcement support to all municipalities in their assessment and collection of the RSA 79 Timber Tax and the RSA 72-B Excavation Tax.
- Property Appraisal provides direct education on property assessments to municipal officials and assessors, as well as taxation and finance professionals.

- Staff provide support to two administratively attached boards, the Assessing Standards Board (ASB) and the Current Use Board (CUB).

### **Accomplishments of FY 2023 Municipal and Property Division**

The M&P Division continues to make strides to improve services to municipalities and municipal officials while improving transparency to the public. Several initiatives were completed while others are new or ongoing. During FY 2023, these efforts have led to the following accomplishments:

- Increased educational offerings for assessors and municipal employees on topics including overview of assessing, exemptions and credits, current use and timber and gravel and new courses about institutional exemptions and assessment review.
- Maintained timely filing of municipal finance reports and completing tax rates.
- Fully implemented RIMS leading to streamlined functions for assessment review and timber and gravel and certification of assessing personnel.
- Implemented the utility valuation software system to actuate the audit and appraisal of \$6.6B in utility and railroad property and railcar company assets resulting in billing \$43M+ in utility and railroad property taxes.
- Negotiated for a new generation of equalization and revaluation and monitoring software system to update old systems and replace antiquated databases.
- Established capitalization rates for low-income housing tax credits (LIHTC) and values for telecommunications poles and conduits. Provided administrative support to the Assessing Standards Board and Current Use Board including rulemaking and the setting of current use values. Assisted other State agencies with special appraisal projects within our area of expertise.
- The Timber and Gravel Bureaus provided numerous educational opportunities for municipal officials, town clerks and tax collectors and licensed foresters in New Hampshire including on-site timber trainings for municipal personnel. The appraisers also completed approximately 650 operation site visits.

The mission of the Audit Division is to promote taxpayer compliance with New Hampshire's tax laws through fair, impartial, and efficient selection and review of taxpayers' returns; taxpayer education; and discovery of non-filers. The Audit Division is committed to teamwork, professional development, and high standards of professionalism. Audit staff conduct both desk audits and field audits.

The Audit Division's operations were largely normalized during FY 2023 compared to prior years during the COVID-19 pandemic. The Division did continue to assign a staff member to the Governor's GOFERR team on a part time basis to assist with its ongoing operations.

Audit staff reviewed 677 taxpayers' returns. Of that number, after a full audit, the Audit Division determined that taxpayers' returns in 119 cases were in compliance, and these audits were closed without an assessment or other changes. Another 475 taxpayers' returns were audited with changes, including assessments totaling \$56,520,793.98 in tax, interest, and penalties, as well as reductions to refund requests, net operating loss deductions, and business enterprise tax credit carryforwards, totaling \$5,573,403.34. Of the total assessments, the Audit Division recognized more than \$2.7 million in what the Department terms "revenue uplift," which consists of payments following an audit where the auditor used new tools and efficiencies from the Revenue Information Management System (RIMS). Of the 677 returns reviewed, the Division ultimately did not pursue full formal audits of the remaining 83, because no material issues were identified.

In addition to its normal operations, the Division continued its nationally recognized program, colloquially referred to as "monitor forward," allowing selected taxpayers, in lieu of a traditional audit, to opt into an arrangement where more limited reviews of their meals and rooms tax returns were conducted and their future monthly tax returns were monitored for compliance on an ongoing basis.

In addition, the Discovery/Nexus Bureau researched federal and state filings, as well as online resources, to discover non-filers who may have a duty to file and pay New Hampshire business taxes, meals and rooms taxes, or interest and dividends taxes. As a result of their efforts in FY 2023, an additional \$5,486,060.90 in tax, penalties, and interest was collected, of which \$396,242.67 came in through the voluntary disclosure program. More than \$1.7 million of these payments were attributed to revenue uplift, and when

combined with the amounts attributed to auditing (described above), the Audit Division generated more than \$4.5 million in total revenue uplift.

The Tobacco Unit continued to refine the processes of the RIMS system to facilitate filings made by tobacco wholesalers and manufacturers through the our taxpayer portal, Granite Tax Connect. The Unit completed 2 wholesaler field audits and conducted 67 retailer compliance checks resulting in the seizure of contraband tobacco products at 7 separate locations. The Unit also implemented quarterly online training sessions for licensed retailers to increase awareness of the tobacco tax fundamentals and changes to the relevant statutes. The Unit continues to work with the State Liquor Commission to conduct joint tobacco and liquor investigations and enforce the statutory requirements, including the taxation of electronic cigarettes. Furthermore, the lead tobacco auditor was appointed as the Governor of the Federation of Tax Administrators, Northeast Region Tobacco Tax Section. Finally, the Unit continued to work directly with the New Hampshire Department of Justice to ensure diligent enforcement of the Master Settlement Agreement by tobacco manufacturers and wholesalers.

The Department of Revenue Administration (DRA), with the support of the Department of Information Technology (DoIT), uses technology to provide an efficient and streamlined end-to-end tax process, which benefits the agency as well as NH taxpayers by providing modernized operations, dynamic transparency reporting, and accurate information.

During FY 2023, DoIT decommissioned the IBM Power 8 server that housed the primary legacy system. All transparency reports have been migrated to Tableau, offering dynamic reporting for the public. Six members of the DoIT Agency Software Division (ASD) Team embedded at DRA continue to work as full-time employees on the Revenue Information Management System (RIMS) support team. One DoIT ASD employee handles all security updates in the new system, one DoIT employee is now responsible for printing, folding, enveloping, and sealing over 200K pieces of mail over the course of a year, and four developers work on production support items. DoIT reclassified two positions in FY 2023 that will be used for staff augmentation on the RIMS project in FY 2024 bringing the total developer count to six. The Document Imaging and Electronic Remittance team that consists of three full-time DoIT employees began work to upgrade and relocate the virtual servers that house the scanning application with plans to cut over to the upgraded infrastructure, located at the primary DoIT Data Center, in early FY 2024. The system is used to process paper documents, utilizing barcodes and Optical Character Recognition (OCR).

Ongoing efforts continue to maintain the highest level of security and comply with IRS Publication 1075 standards. DoIT has introduced changes to improve security on individual devices as well as the entire infrastructure. DoIT/DRA completed a security assessment of the RIMS hardware and software infrastructure as well as penetration testing of the Granite Tax Connect (GTC) application and an official Authorization to Operate (ATO) was issued.

In addition to the security initiatives above, DoIT released the System Information Security Manual (SISM) in FY 2023. This manual is useful in applying a risk-based approach to information security and a means to tailor cost-effective security controls necessary to protect the confidentiality, integrity, availability, and privacy of DRA's information systems.

## RIMS Production Support and Beyond...

On August 9, 2021, DRA went live with its third and final implementation phase of the RIMS Project. In doing so, we brought together all 16 taxes administered by DRA into one central management system, eliminated the need for approximately 20 disparate systems, and provided our taxpayers with an external facing, smartphone friendly, web portal known as Granite Tax Connect (GTC). As the end of FY 2023 marks the end of our first full fiscal year post-implementation, we are proud to say that our staff have settled into our new technological advances, enjoying our new efficient processes, and yet are constantly identifying ways to enhance the experience for themselves as well as our taxpayers through our production support process.

During FY 2023, internal users from each division of the DRA entered 542 requests for system enhancements, updates, or changes. These requests were initiated because of a phone call from a taxpayer informing us of a difficult or confusing process, from conversations with tax professionals who requested added functionality, or from internal users with ideas about how to make a process better. Regardless of how the request is initiated, we are focused on continuous improvement and adding enhanced efficiency for our internal and external users. As an example of our commitment, our Production Support Team, made up of DRA business users, embedded DoIT staff, and FAST (vendor) staff, implemented more than 400 requests during FY 2023. Some of these requests include changes to automated letters to make them clearer to our taxpayers, adding the ability to upload Power of Attorney forms through GTC, reworking our internal refund management process to gain more transparency and ensure refunds are issued in a timely manner, creating an online portal for the Modernized e-File (MeF) vendor process, and adding satisfaction surveys at the end of several GTC web requests, just to name a few.

As we look forward to FY's 2024 and 2025, we're already planning for internal enhancements to our payment processing system, as well as upgrading our current version of RIMS to the most up to date software version. Both enhancements require extensive involvement from a DRA, DoIT and FAST perspective to define the right process, develop, test, and finally train staff on the changes. Once again, our team is up for the challenge.

The Audit Tobacco Group and members of the Collections Division are responsible for conducting tobacco compliance checks at NH retail locations as part of the diligent enforcement provision of the Master Settlement Agreement (MSA). These checks are to ensure that NH retailers are purchasing tobacco products on which the NH tobacco tax has been paid and to identify product in the state from Non-Participating Manufacturers as outlined in the MSA. When tobacco products are found without the tax paid, it is considered contraband and subject to seizure.

<sup>1</sup> Per returns received as of July 11, 2023.

<sup>2</sup>Information is provided by NH SoS as of July 21, 2023.

<sup>3</sup> Businesses that want to preserve a trade name have to register a trade name with the NH SoS. A corporation, LLC or limited partnership must also register with the NH SoS. Being registered with the NH SoS does not necessarily mean that the business is engaging in business activity in NH or that they meet the BET or BPT filing threshold. Proprietorships and rental businesses do not register unless they want to protect the name of the business.

- If there are 188,000 business entities operating in the state of NH, then 136,644 or 72.8% of them pay no business taxes (neither BET nor BPT)
- When BET and BPT are segregated:
  - 615 (1.4 %) are paying 49.0% of BET
    - 553 (89.9%) are corporations paying a total of \$110.3m
    - 62 (10.1%) are partnerships, proprietors and fiduciaries paying a total of \$7.2m
  - 1,828 (8.4%) are paying 83.4% of BPT
    - 1,340 (73.3%) are corporations paying a total of \$541.5m
    - 379 (20.7%) are partnerships paying a total of \$84.8m
    - 109 (6.0%) are proprietors and fiduciaries paying a total of \$12.8m

<sup>1</sup> Per returns received as of July 11, 2023.

<sup>2</sup>Information is provided by NH SoS as of July 21, 2023.

<sup>3</sup> Businesses that want to preserve a trade name have to register a trade name with the NH SoS. A corporation, LLC or limited partnership must also register with the NH SoS. Being registered with the NH SoS does not necessarily mean that the business is engaging in business activity in NH or that they meet the BET or BPT filing threshold. Proprietorships and rental businesses do not register unless they want to protect the name of the business.

# Low and Moderate Income Homeowners Property Tax Relief Historical Claims Data

The Low and Moderate Income Homeowners Property Tax Relief program (RSA 198:56-57) was designed to lessen the economic burden of the Education Property Tax on certain at-risk taxpayers.

Eligible claimants apply for relief to the New Hampshire Department of Revenue using Form DP-8. Claimants must include a copy of their final property tax bill and federal income tax return for the claim year and any additional documentation as required by law. Completed Forms DP-8 must be postmarked no earlier than May 1, and no later than June 30 following the due date of the final property tax bill.

Claim Year *	Claims Granted	Total Relief Paid
2011	11,622	\$2.3 million
2012	11,674	\$2.3 million
2013	10,222	\$2.0 million
2014	9,414	\$1.8 million
2015	8,541	\$1.6 million
2016	7,938	\$1.4 million
2017	7,258	\$1.2 million
2018	6,865	\$1.1 million
2019	5,818	\$0.9 million
2020	5,572	\$0.8 million
2021	5,821	\$1.4 million
2022 **	5,943	\$0.9 million

\* The claim year corresponds with the taxable period, starting April 1st, for the property tax bill from which relief is being sought.

\*\*Claims paid for 2022 program year through July 14, 2023, numbers may increase as claims may be paid through November.

## HISTORICAL SUMMARY OF BUSINESS PROFITS TAX, RSA 77-A

This document is only a brief summary of the subject matter, current as of the last revision date. It is not intended to be relied upon as the full and complete text. Please refer to the applicable forms, instructions, rules and to the laws cited below to determine how this information applies to specific persons or situations.

The Business Profits Tax, RSA 77-A, was enacted by Laws of 1970, chapter 5, section 1, effective April 27, 1970.

**Current Due Date:** Return due dates are consistent with federal income tax due dates based on the taxpayer's entity type.

SESSION YEAR	EFFECTIVE DATE	CHAPTER	STATUTORY CHANGES	FILING THRESHOLD	TAX RATE
2010	7/8/10	CH 286	RSA 77:4-b, allows a business organization engaged in an IRC §1031 Like-Kind Exchange to utilize a single member limited liability company, revocable trust or other entity disregarded for federal tax purposes as the recipient entity. Under the special rule, the recipient entity takes the basis of the relinquished property as held by the parent organization as computed for federal income tax purposes.		
2010	7/13/10	CH 311	RSA Chapter 162-N Economic Revitalization Zone Tax Credit amended to extend the availability of the credits for four years and makes certain changes to the eligibility for and determination of the eligible amounts for the credits.		
2010	7/20/10	CH 324:2, 4 and 5	RSA 77-A:4, III the amount of the deduction for compensation for personal services shall be determined, as applicable to NH's tax structure, using the standards set forth in IRC §162(a)(1). Beginning on or after 1/1/11 there is a record-keeping safe harbor for deductions up to \$50,000 as total compensation for the tax year. Also creates a study committee to study safe harbors and the taxation of investment organizations (report due 11/1/11).		
2011	6/14/11	CH 181:2	RSA 77-A:1, XXI(a), to include under the definition of "Qualified Investment Company" a Qualified Community Development Entity (as defined in section 45D of the US Internal Revenue Code), which is owned, controlled, or managed, directly or indirectly, by the NH Business Finance Authority.		
2011	6/25/11	CH 207	RSA 77-A:4, III, for taxable periods beginning on or after January 1, 2011: Modified the standards and burden of proof with respect to the Business Profits Tax deduction for reasonable compensation attributable to owners of partnerships, limited liability companies, and sole proprietorships that file a business tax return as a partnership or proprietorship. Keeps the standards set forth in IRC §162(a)(1) and the \$50,000 "record-keeping safe harbor." Amends the burden of proving the reasonableness of the compensation deduction: A business organization claiming a deduction bears the burden of proving that all proprietors, partners, or members for whom a deduction is being claimed provided actual personal services to the business organization at any time during the taxable period. Once a business organization satisfies this burden of proof, the amount claimed as a deduction shall be presumed to be reasonable, unless the Department proves by a preponderance of the evidence that the deduction claimed by the business organization is clearly unreasonable.		
2011	7/1/13	CH 224:363	RSA 77-A:4, XIII, increases the amount of Net Operating Loss that may be generated in a tax year from \$1,000,000 to \$10,000,000.

SESSION YEAR	EFFECTIVE DATE	CHAPTER	STATUTORY CHANGES	FILING THRESHOLD	TAX RATE
2016	6/21/16	CH 300	RSA 77-A:4, XIV, eliminates the requirement that a business organization make an addition to gross business profits when an interest or beneficial interest in the business organization is sold or exchanged in an amount equal to the net increase in the basis of all underlying assets. Any portion of the annual depreciation or amortization attributable to the increase in basis federally from the sale of an ownership interest shall be added back to the gross business profits of the business organization and the gain or loss on the sale or disposition of the asset shall be calculated without regard to the basis increase recognized federally. The business organization may make an irrevocable election to recognize the basis increase for any particular sale or exchange and if made, the business organization shall make an addition to gross business profits in an amount equal to the net increase in the basis of its assets in the tax period when the sale or exchange of the ownership interest occurs. The business organization may then deduct against gross business profits any annual depreciation or amortization attributable to the increased basis and take into consideration the basis increase upon the sale or disposition of the asset. Applicable to sales or exchanges occurring on or after 1/1/16.		
2017	7/1/19	CH 156:213			7.7% (for taxable periods ending on or after 12/31/2019)

# 2022 Tables by County

This report presents the 2022 Tables by County as compiled by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3, XII, which states:

*“XII. File with the secretary of state his report showing all the taxable property in the state and its assessed value, in tabulated form, and such other statistics and information as may be deemed of interest. This report shall be filed not later than 30 days after all necessary figures become available.”*

Annually, each municipality is required to certify to the Department of Revenue Administration the assessed valuation of all taxable property in that municipality. This information is reported on the MS-1 Report, Summary Inventory of Valuation.

Assessment information is also gathered with regards to exemptions and tax credits as well as taxes raised by each municipality. An exemption is an amount deducted from a taxpayer’s assessment versus a tax credit which is an amount deducted from the taxes due by a taxpayer.

The following is an explanation of the information contained in this report.

LAND VALUATION: The sum of the taxable land valuations for the following land subcategories:

- RSA 79-A, Current Use
- RSA 79-B, Conservation Restriction
- RSA 79-C, Discretionary Easement
- RSA 79-D, Discretionary Preservation Easement
- RSA 79-F, Taxation of Farm Structures and Land Under Farm Structures
- Residential
- Commercial/Industrial

*The values in the above columns are prior to the application of any exemption and do not include any utility land value.*

BUILDING VALUATION: The sum of the taxable building valuations for the following building subcategories:

- Residential
- RSA 674:31, Manufactured (MFG) Housing
- Commercial/Industrial
- RSA 79-D, Discretionary Preservation Easement
- RSA 79-F, Taxation of Farm Structures and Land Under Farm Structures

*The values in the above columns are prior to the application of any exemptions and do not include any utility building value.*

**PUBLIC UTILITIES:** The figure represents the sum of all utility values classified as PUBLIC WATER, GAS, ELECTRIC, OIL, PIPELINE or OTHER pursuant to RSA 83-F. OTHER utilities include utilities that the Department of Revenue Administration has not appraised. Some examples of OTHER utilities include hydro plants, water and certain gas companies.

**MATURE WOOD & TIMBER:** RSA 79:5

**GROSS VALUATION:** Gross valuation represents the valuation of all taxable property in each municipality prior to adjustments for property tax exemptions.

**EDUCATIONAL & SPECIAL EXEMPTIONS:** The sum of the following exemptions granted:

- RSA 72:36-a, Certain Disabled Veterans
- RSA 72:37-a, Improvements to Assist Persons with Disabilities
- RSA 72:38-b, Improvements to Assist the Deaf
- RSA 72:23, IV, School Dining, Dormitory and Kitchen Exemption (maximum \$150,000 per property)
- RSA 72:12-a, Water & Air Pollution Control Facilities Exemption

**MODIFIED ASSESSED VALUATION:** Modified assessed valuation represents the sum of the gross valuation minus the educational and special exemptions. The modified assessed valuation is the basis for calculating the equalized values for each municipality.

**LOCAL EXEMPTIONS OR EXEMPTIONS WITH OPTIONAL ELEMENTS:** Each municipality has adopted an elderly exemption. The amount of the exemption and the specific criteria (asset and income limits) to qualify are determined locally within statutory requirements. Each municipality may adopt or modify the other exemptions listed below in this section:

- RSA 72:37, Blind Exemption
- RSA 72:37-b, Disabled Exemption
- RSA 72:38-b, Deaf Exemption
- RSA 72:39-a & -b, Elderly Exemption
- RSA 72:70, Wood-Heating Energy Systems Exemption
- RSA 72:62, Solar Energy Systems Exemption
- RSA 72:66, Wind-Powered Energy Systems Exemption
- RSA 72:23, IV, Additional School Dining, Dormitory and Kitchen Exemption (amount > \$150,000 per property)
- RSA 72:85, Exemption for Electric Energy Storage Systems
- RSA 72:87, Renewable Generation Facilities & Electric Energy Systems

**NET LOCAL ASSESSED VALUATION:** Net local assessed valuation represents the sum of the modified assessed valuation minus the value of the blind, elderly and local optional exemptions.

**GROSS PROPERTY TAXES:** Gross Property taxes represent the sum of the net tax commitment plus the veteran's tax credits. The Department of Revenue's Municipal Services Division establishes the property tax rate using this figure.

**LESS VETERANS' TAX CREDITS:** Veterans' tax credits represent the sum of tax credits granted pursuant to RSA 72:28; 72:28-b; 72:28-c; 72:29-a; 72:32 and RSA 72:35.

**NET TAX COMMITMENT:** Net tax commitment represents the sum of gross property taxes minus the sum of the veteran's tax credits. The amount a municipality must actually raise in taxes equals the sum of the amount appropriated by the municipal legislative body minus any revenues.

**ACTUAL TAX RATE:** The actual tax rate equals the sum of the municipal, county, local and state school education tax rates. This tax rate does not include village district or precinct tax rates.

**RESIDENTS TAX:** Resident's tax represents the sum of monies collected by a municipality for the Residents Tax pursuant to RSA 72:1.

**COUNTY SUMMARY:** The county summary represents the totals for each of the above listed columns for all ten counties in the state. The county tax rate listed is the average county tax rate and is calculated by taking the sum of the tax rates for all municipalities in a county and dividing by the number of municipalities.

**EDUCATIONAL & SPECIAL EXEMPTIONS REPORT:** This report provides a breakdown of the educational and special exemptions granted by municipalities. These are not optional.

**LOCAL OPTIONAL EXEMPTIONS REPORT:** This report provides a breakdown of what each municipality currently grants. These are optional and must be adopted by the legislative body of the municipality.

For further explanation about any information contained in this report, please contact the Department of Revenue Administration, Municipal & Property Division at (603) 230-5950.

# New Hampshire Property Tax Summary

The following explanation summarizes the budget, assessment, equalization and assessment review processes to assist taxpayers in understanding New Hampshire's property tax system.

## **STEP I: THE BUDGET PROCESS**

Every property owner is responsible for paying a portion of the money necessary to operate their town or city, their school district, their village district (if any) and their county. Each town or city, school district, village district and county must establish a budget, hold public hearings on the budget and submit the budget to their legislative body for approval.

Who are the legislative bodies that vote the appropriations necessary to fund the town or city, school and county budgets? For a town, the annual town meeting is the legislative body, which appropriates money to operate the town. The annual school district meeting does the same for the schools, and the annual village district meeting does the same for districts. Generally, for a city, or a town with a town council form of government, the council or board of mayor and alderman vote the appropriations. The county delegation comprised of the State Representatives from the county, appropriate the money necessary to fund county government. This amount is apportioned to each town or city in that county based on its proportion of the total equalized property value in that county.

It is these appropriations, voted by either your elected representatives at county delegation meetings and council meetings, or voted by you at your annual town and annual school district meetings, which establish the basis for property taxes in New Hampshire.

## **STEP II: THE ASSESSMENT PROCESS**

Your property taxes are based upon the assessed value of your property as of April 1. This means that your tax bill, generally due in December, reflects the assessment of your property on the previous April 1. For example, if you built a garage on May 15 of this year, you would not be assessed taxes on that garage until next year, since the garage did not exist on April 1.

It is the responsibility of the selectmen or the assessor to annually determine the local assessed value of the property within your municipality as of April 1 each year. This assessment is best determined by a periodic revaluation of all property within your town or city.

During a revaluation, properties are valued based upon either the sale prices of other comparable properties or by other means. The intent of a revaluation is to assess property at its "full and true" value, often referred to as "market value." But more importantly, the purpose of a revaluation is to insure that property within your municipality is assessed proportionally so that each property owner bears their share of the property tax burden based upon the "value" of their property.

A complete annual revaluation can be costly and time consuming. Consequently, a complete revaluation may not be conducted every year. A revaluation establishes base year property values and must be updated at least once every five years. In the years following a revaluation, the assessors value pick-ups: the new construction, the subdivisions, and other changes to the property as of April 1. Depending on the amount of change reflected in current sales, assessors may also conduct partial or statistical revaluations to maintain proportionality among all property values on an annual basis. Unless all properties are updated to current market value; pick-ups are valued not at current year values but valued at the most recent revaluation year values. That way, if a revaluation had been done in 2021, a 3-bedroom cape style home built in 2022 will be assessed comparably to a 3-bedroom cape style home built in 2021. This assumes all other factors affecting the value of the home are the same, such as the neighborhood, the amount of land, the quality of construction, the number of bathrooms, etc. Attributes of a property, including views, waterfrontage or junkyard that effect value, must also be considered.

### **STEP III: THE TAX RATE**

The appropriations voted by the town or city, the school district, village district (if any) and the county, less revenue from all other sources, equals the amount of money needed to be raised by taxes. The money needed to be raised by taxes is then divided by the total local assessed property value to arrive at the property tax rates.

For example, if an annual town meeting appropriated \$1,000,000 to fund town appropriations and anticipates receiving \$300,000 from motor vehicle registrations, other fees, gifts and grants to the town, then the balance of money needed to be raised by taxes would be \$700,000. This amount divided by a local assessed property value of \$25,000,000, for example, would equal a tax rate of \$28.00. Property tax rates are normally expressed per \$1,000 of valuation. The equation for determining the local property tax rate is as follows:

$$\frac{\text{VOTED APPROPRIATIONS minus ALL OTHER REVENUE}}{\text{LOCAL ASSESSED PROPERTY VALUE}} \times 1,000 = \text{PROPERTY TAX RATE}$$

By law, your property tax bill must show the assessed value of your property, along with the tax rate for each component of the tax: the town/city, village districts (if any), county, local education and state education tax rates.

### **STEP IV: EXEMPTIONS AND TAX CREDITS**

An exemption is a reduction in the local assessed value of property, while a credit is a reduction of the amount of tax due.

Every municipality offers some form of an exemption for elderly property owners meeting certain qualifications, and a tax credit for veterans. In addition, municipalities may adopt, modify or rescind, the following exemptions: disabled, deaf, wood-heating energy system,

wind-powered energy system, solar energy system exemptions and electric energy storage systems. Property tax credits are available to qualifying veterans or their surviving spouses.

Application for an exemption or a tax credit (See [PA-29 Permanent Application for Property Tax Credits/Exemptions](#)) must be made to the municipality by April 15<sup>th</sup> prior to that year's tax bill.

A tax deferral may be granted for elderly or disabled taxpayers meeting certain criteria on an application submitted to the municipality by March 1<sup>st</sup> prior to that year's tax bill.

Education property tax relief, also known as low and moderate income homeowner's property tax relief, is available to homeowners who:

- Own a homestead or an interest in a homestead subject to the education property tax;
- Have resided in the homestead on April 1 of the year for which the claim is made; and
- Had a total "household income" of:
  1. \$20,000 or less if a single person;
  2. \$40,000 or less if married or head of a New Hampshire household.

Form DP-8, for the low and moderate income homeowner's property tax relief program, is available by May 1<sup>st</sup> on the Department of Revenue Administration's website at <https://www.revenue.nh.gov/forms/low-moderate.htm>. Pursuant to [RSA 198:57, VI](#), education property tax relief claims must be filed with the Department of Revenue Administration between May 1<sup>st</sup> and June 30<sup>th</sup> following the due date of the final tax bill as defined in RSA 76:1-a for state education property taxes. Form DP-8 is a fillable PDF form which can be opened, completed, and saved.

Chapter 95, Laws of 2021 amends RSA 198:57 to increase the income limitations for the receipt of a low and moderate income property tax relief award as well as the maximum amount of tax relief available to an awardee. The maximum household income that may qualify for an award is increased to \$37,000 for single applicants, and to \$47,000 for married applicants or applicants that file as heads of household. For purposes of calculating the maximum award available, the maximum homestead value is increased to \$220,000. For purposes of calculating the total award each recipient receives, the income brackets for single applicants and married or head of household applicants are incrementally increased for each income bracket. These changes are applicable to statewide education property taxes assessed on or after April 1, 2021.

The Department of Revenue Administration rules for the low and moderate income homeowner's property tax relief (Rev 1200) are located on the Office of Legislative Services, Administrative Rules page at [https://gencourt.state.nh.us/rules/state\\_agencies/rev1200.html](https://gencourt.state.nh.us/rules/state_agencies/rev1200.html).

## **STEP V: THE EQUALIZATION PROCESS**

All towns and cities do not conduct revaluations in the same year. Some may be assessing property close to full value (because they just conducted a revaluation) while other towns and cities are assessing property at more or less than full value (because their revaluation is not current). This inconsistency makes it difficult to compare towns and cities to one another since the local assessed valuations are based upon different revaluation years.

The annual equalization survey conducted by the Department of Revenue Administration addresses this inconsistency by adjusting each municipality's total local assessed property value to full value.

The sole purpose for equalizing local assessed property values is to ensure that public taxes and state revenues shared by towns and cities will be reasonably apportioned. This includes state education tax, county tax, some cooperative school district taxes and some village districts taxes. The equalization process involves a detailed study of property sales throughout the state and compares those sales with the local property assessments. A by-product of the equalization process is the determination of assessment-to-sales ratios and other measures of assessment equity and proportionality.

Generally, the ratio shows the level at which the town or city assessed property in the previous year in comparison to full value. Ratios for each municipality are issued by the Department generally by April as a result of the Equalization Process. For more information, contact the Department at (603) 230-5950 or visit our web site at <http://revenue.nh.gov/>.

For example, a ratio of 90% would indicate that the town generally assessed property at approximately 90% of full value. The ratio does not necessarily apply to any specific property assessment, but rather indicates the level of assessment throughout the town or city.

Over a period of several years, as the value of property increases or decreases due to market fluctuations, the ratio (the comparison of the local assessed value to full value) also fluctuates. A ratio of 100% indicates that, on the average, the municipality is assessing at full value. A ratio below 100% indicates average assessments are below full value, and a ratio above 100% indicates average assessments are above full value.

Neither a high nor a low ratio, in itself, should be cause for alarm. Whether a town or city is assessing at 110% or 90% of full value is really not significant. What's important is that the assessments are proportional, so that each property owner bears their share of the property tax burden based upon the value of their property.

## **STEP VI: ASSESSMENT REVIEW**

As a result of the Supreme Court’s decision in *Sirrell v. State of New Hampshire*, [RSA 75:8-a](#) was adopted which requires all towns and cities in New Hampshire to reappraise all real estate within the municipality so that the assessments are at the full and true value at least as often as every fifth year. The Department of Revenue Administration is mandated by [RSA 21-J:11-a & b](#) to review and report the degree to which assessments of municipalities achieve compliance with applicable statutes and rules. The fifth 5-year Assessment Review cycle begins in 2023. All municipalities will have undergone Assessment Review by the end of 2027. The Assessing Standards Board (ASB) has adopted recommended standards to be met by towns and cities for their assessment review. The Department’s staff conducts field reviews of the records and assessing practices of all towns and cities in accordance with the ASB recommended standards and reports their findings to the municipalities and to the ASB. This report becomes a public document upon its issuance.

## **STEP VII: PROPERTY ASSESSMENT APPEAL PROCESS**

There is a two-level appeal process available to any property owner who believes the assessment of their property is in error. The first level of appeal is to request an abatement of property taxes with the local assessing officials. The request for abatement must be made in writing by March 1<sup>st</sup> after the date the tax bills were mailed. If the local assessing officials neglect or refuse to satisfactorily abate the tax, the second level of appeal is to either the Board of Tax and Land Appeals or to the Superior Court in the county where the property is located.

An opinion that property taxes are “too high” is not adequate grounds to justify an abatement. The “amount of tax” is usually not appealable since the amount of money needed to fund local government operations is determined by the local legislative bodies through the budget process. Generally, there must be an error in the assessment of your property, or evidence of a disproportionate assessment, to qualify for an abatement.

## **CONCLUSION**

Property taxation in New Hampshire is a process involving all levels of government, from the voters at town and school district meeting, city councilors, and local assessing officials, to state legislators and court officials. It is an annual process beginning with the preparation of the budget and voting of appropriations, continuing with the assessment of property as of April 1, and the setting of the tax rates, and concluding with the appeal process. Residents and non-residents, homeowners and landlords, commercial and industrial businesses, all bear the responsibility for paying their proportional share of property taxes.

# 2022 Equalization Survey

## “Including Utilities and Railroads”

May 1, 2023

This report presents the results of the 2022 Equalization Survey “including utilities and railroads” conducted by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3, XIII (*Revised 4/1/99*), which states:

*“XIII. Equalize annually by May 1 the valuation of the property as assessed in the several towns, cities, and unincorporated places in the state including the value of property exempt pursuant to RSA 72:37, 72:37-b, 72:39-a, 72:62, 72:66 and 72:70 by adding to or deducting from the aggregate valuation of the property in towns, cities and unincorporated places such sums as will bring such valuations to the true and market value of the property, and by making such adjustments in the value of other property from which the towns, cities, and unincorporated places receive taxes or payments in lieu of taxes as may be equitable and just, so that any public taxes that may be apportioned among them shall be equal and just. In carrying out the duty to equalize the valuation of property, the commissioner shall follow the procedures set forth in RSA 21-J:9-a.”*

To accomplish the foregoing, assessment ratio studies were conducted to determine how the average level of assessment for all cities and towns compared with the statutory ratio of 100%, so that taxes can be apportioned equitably.

The Department of Revenue Administration (DRA) has completed its process of calculating the total equalized valuation of all the municipalities and unincorporated places throughout the state. The ratios reported for each municipality in this survey were derived by comparing the sale prices of sales of land, land and buildings and manufactured housing, covering the period of October 1, 2021, to September 30, 2022, against the actual assessments applied by the municipalities. Sales information was verified by the grantee whenever possible by means of Form PA-34, Inventory of Property Transfer. Our goal is to use only arms-length sales transferred for market value in this analysis. Every effort has been made to exclude non-arms-length transactions including but not limited to: sales involving courts and government agencies, sales between relatives or corporate affiliates, sales settling an estate, forced sales, etc.

Every municipality was notified of its 2022 sales assessment ratio. These ratios were used in conjunction with other DRA adjustments to determine each municipality’s total equalized value for purposes of RSA 21-J:3, XIII.

The following is an explanation of the information contained in this report.

MODIFIED ASSESSED VALUATION: The modified assessed valuation for each municipality as reported to the Department of Revenue Administration on the municipality's 2022 MS-1, Summary Inventory of Valuation.

GROSS LOCAL ASSESSED VALUATION is the sum of all assessed values in the municipality minus:

- RSA 72:36-a, Certain Disabled Veterans'
- RSA 72:38-b, V, Improvements to Assist Persons who are Deaf
- RSA 72:37-a, Improvements to Assist Persons with Disabilities Exemption
- RSA 72:23, IV, School Dining/Dormitory/Kitchen Exemption (\$150,000 max per exemption)
- RSA 72:12-a, Water & Air Pollution Control Exemption

= MODIFIED ASSESSED VALUATION minus:

- RSA 72:37, Blind Exemption
- RSA 72:37-b, Disabled Exemption
- RSA 72:38-b, Deaf Exemption
- RSA 72:39-a & b, Elderly Exemption
- RSA 72:62, Solar Energy System Exemption
- RSA 72:66, Wind Powered Energy System Exemption
- RSA 72:70, Wood-Heating Energy System Exemption
- RSA 72:23, IV, Additional School Dining/Dormitory/Kitchen Exemption (Exemption amount > \$150,000)
- RSA 72:85, Exemption for Electric Energy Storage Systems
- RSA 72:87, Renewable Generation Facilities & Electric Energy Systems

= NET LOCAL ASSESSED VALUATION. This is used to compute the municipal, county and local school tax rates.

**TAX INCREMENT FINANCE DISTRICTS (TIFS):** RSA 162-K:10, III. - The retained captured assessed value is added to the modified assessed value and will be equalized for all TIF districts created after 4/29/99. The original assessed value plus any unretained value is used to set a municipality's tax rate.

DRA INVENTORY ADJUSTMENT is the sum of the adjustments of the modified local assessed valuation and is divided into three categories.

- Category 1: The total modified local assessed value of land (excluding land in current use, conservation restriction assessment, discretionary easements and utilities), buildings and manufactured housing is equalized by the 2022 equalization ratio. This category includes discretionary preservation easements, taxation of farm structures and land under farm structures. The difference between the modified local assessed valuation of land, buildings and manufactured housing and the equalized value equals the DRA adjustment for land, buildings, and manufactured housing.

Category 2: An adjustment for land assessed at current use, conservation restriction assessment, and discretionary easement values are applied. This adjustment is calculated by dividing the total net local assessed valuation for land in these two categories by the 2021 equalization ratio to obtain the equalized value of current use, conservation restriction assessments, and discretionary easements. If a municipality has had a full revaluation, cyclical revaluation or full statistical revaluation as defined by Rev 601.24, 601.16 and 601.25, a ratio of 100.0 is used.

The difference between the local assessed value of the land and the equalized value equals the DRA adjustment for current use, conservation restriction assessments, and discretionary easements.

Category 3: The total modified local assessed value of public utilities, as defined by RSA 83-F, is equalized by the 2022 ratio. The difference between the modified local assessed value of utilities and the equalized value of utilities equals the DRA adjustment for utilities. The value of public utilities is not added into the “Total Equalized Value Not Including Utility Value or Equalized Railroad Taxes.”

DRA INVENTORY ADJUSTMENT: The sum of the adjustments for the above three categories.

EQUALIZED ASSESSED VALUATION: The equalized assessed valuation represents the equalized value of all “taxable” properties in a municipality and is the sum of the “modified local assessed valuation” plus the DRA inventory adjustment.

PAYMENT IN LIEU OF TAXES: The equalized value for payments received in lieu of taxes includes State & Federal Forest Land Reimbursements, Recreation Land Reimbursements, Flood Land Reimbursements, renewable energy facilities (if applicable) and others.

RAILROAD TAX: The equalized value for monies received from the railroad tax. This figure is not included in the “Total Equalized Valuation Not Including Utility Values and Equalized Railroad Taxes.”

TOTAL EQUALIZED VALUATIONS INCLUDING UTILITY VALUE AND EQUALIZED RAILROAD TAXES: This figure represents the sum of the equalized assessed valuation, the equalized value of payments in lieu of taxes and the equalized value of the railroad tax monies.

The Total Equalized Valuation including the value of utilities and equalized value of railroad monies reimbursed to municipalities represents the equalized value of all property in a municipality including utilities and will be used to:

- Apportion county taxes for the 2023 tax year.
- Calculate state reimbursements, and;
- Apportion cooperative school taxes for the 2024 tax year.

LOCAL TAX RATE: The local tax rate, also known as the actual tax rate, is calculated by the Department of Revenue Administration, Municipal Bureau. The tax rate includes the municipal, county, local school and state education property tax rates.

EQUALIZATION RATIO: The 2022 equalization ratio as determined by a ratio study conducted by the Department of Revenue Administration's Equalization Bureau.

FULL VALUE TAX RATE: The 2022 gross local property taxes to be raised as reported by the Department of Revenue Administration, Municipal & Property Division, divided by the total equalized valuation including utility values and equalized railroad taxes. This figure represents the estimated tax rate for a municipality if all the taxable property was assessed at 100% and includes the equalized value of properties for which a payment in lieu of property taxes is made.

% PROPORTION TO COUNTY TAX: The percentage of proportion to \$1,000 of tax that is to be allocated to each town within the county comparing each municipality's total equalized value to the total equalized value of the county.

% PROPORTION TO STATE TAX: The percentage of proportion to \$1,000 of tax that is to be allocated to each town within the state by comparing the town's total equalized value to the total equalized value of the state.

#### **APPEAL OF TOTAL EQUALIZED VALUATION**

Municipalities were sent their 2022 Notification of Total Equalized Valuations on **April 26, 2023**.

Per RSA 71-B:5, II, any municipality aggrieved by the total equalized valuation as determined by the DRA must appeal to the Board of Tax and Land Appeals in writing **within 30 days of the town's notification** of the municipality's total equalized valuation.

The appeal period is not extended due to any communication, either verbal or written, between the DRA and a municipality regarding the total equalized valuation.

# 2022 Equalization Survey

## “Not Including Utilities and Railroads”

May 1, 2023

This report presents the results of the 2022 Equalization Survey “**not including utilities and railroads.**” It was conducted by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3, XIII (*Revised 4/1/99*), which states:

*“XIII. Equalize annually by May 1 the valuation of the property as assessed in the several towns, cities, and unincorporated places in the state including the value of property exempt pursuant to RSA 72:37, 72:37-b, 72:39-a, 72:62, 72:66 and 72:70 by adding to or deducting from the aggregate valuation of the property in towns, cities and unincorporated places such sums as will bring such valuations to the true and market value of the property, and by making such adjustments in the value of other property from which the towns, cities, and unincorporated places receive taxes or payments in lieu of taxes as may be equitable and just, so that any public taxes that may be apportioned among them shall be equal and just. In carrying out the duty to equalize the valuation of property, the commissioner shall follow the procedures set forth in RSA 21-J:9-a.”*

To accomplish the foregoing, assessment ratio studies were conducted to determine how the average level of assessment for all cities and towns compares with the statutory 100% ratio so that taxes can be apportioned equitably.

The Department of Revenue Administration has completed its process of calculating the total equalized valuation of all the municipalities and unincorporated places throughout the state. The ratios reported for each municipality in this survey were derived by comparing the sale prices of sales of land, land and buildings and manufactured housing, covering the period of October 1, 2021, to September 30, 2022, against the actual assessments levied by the municipalities. Sales information was verified by the grantee whenever possible by means of Form PA-34, Inventory of Property Transfer. Our goal is to use only arm’s-length sales that transferred for market value in this analysis. Every effort has been made to exclude non-arm's length transactions including but not limited to: sales involving courts and government agencies, sales between relatives or corporate affiliates, sales settling an estate, forced sales, etc.

Every municipality was notified of its 2022 sales assessment ratio. These ratios were used in conjunction with other Department of Revenue adjustments to determine each municipality’s total equalized value for purposes of RSA 21-J:3, XIII.

The following is an explanation of the information contained in this report.

**MODIFIED ASSESSED VALUATION:** The modified assessed valuation for each municipality as reported to the Department of Revenue Administration on the municipality's 2022 MS-1, Summary Inventory of Valuation, "not including utility values taxed pursuant to RSA 83-F."

**GROSS LOCAL ASSESSED VALUATION** is the sum of all assessed values in the municipality minus:

- RSA 72:36-a, Certain Disabled Veteran's
- RSA 72:38-b, V, Improvements to Assist Persons who are Deaf
- RSA 72:37-a, Improvements to Assist Persons with Disabilities Exemption
- RSA 72:23, IV, School Dining/Dormitory/Kitchen Exemption: (\$150,000 max per exemption)
- RSA 72:12-a, Water & Air Pollution Control Exemption:

= **MODIFIED ASSESSED VALUATION** is used to calculate the total equalized valuation minus:

- RSA 72:37, Blind Exemption
- RSA 72:37-b, Disabled Exemption
- RSA 72:38-b, Deaf Exemption
- RSA 72:39-a & b, Elderly Exemption
- RSA 72:62, Solar Energy System Exemption
- RSA 72:66, Wind Powered Energy System Exemption
- RSA 72:70, Wood-Heating Energy System Exemption
- RSA 72:23, IV, Additional School Dining/Dormitory/Kitchen Exemption (Exemption amount > \$150,000)
- RSA 72:85, Exemption for Electric Energy Storage Systems
- RSA 72:87, Renewable Generation Facilities & Electric Energy Systems

= **NET LOCAL ASSESSED VALUATION Not Including Utility Valuation**

The State Education property tax rate is computed using the Net Local Assessed Valuation Not Including Utility Valuation.

**TAX INCREMENT FINANCE DISTRICTS (TIFS):** RSA 162-K:10, III - The retained captured assessed value is added to the modified assessed value and will be equalized for all TIF districts created after 4/29/99. The original assessed value and any unretained value is used to set a municipality's tax rates.

**DRA INVENTORY ADJUSTMENT** is the sum of the adjustments of the modified local assessed valuation is divided into two categories.

- Category 1: The total modified local assessed value of land (excluding land in current use, conservation restriction assessment, discretionary easements, and utilities) buildings and manufactured housing is equalized by the 2022 equalization ratio. This category includes discretionary preservation

easements, taxation of farm structures, and land under farm structures. The difference between the modified local assessed valuation of land, buildings and manufactured housing and the equalized value equals the DRA adjustment for land, buildings, and manufactured housing.

**Category 2:** An adjustment for land assessed at current use, conservation restriction assessment, and discretionary easement values are made. This adjustment is calculated by dividing the total net local assessed valuation for land in these two categories by the 2021 equalization ratio to obtain the equalized value of current use, conservation restriction assessments and discretionary easements. If a municipality has had a full revaluation, cyclical revaluation or full statistical revaluation as defined by Rev 601.24, Rev 601.16, and Rev 601.25, a ratio of 100.0 is used.

The difference between the local assessed value of the land and the equalized value equals the DRA adjustment for current use, conservation restriction assessments, and discretionary easements.

**EQUALIZED ASSESSED VALUATION:** The equalized assessed valuation represents the sum of the “modified local assessed valuation” plus the DRA inventory adjustment. The equalized assessed valuation represents the equalized value of all “taxable” properties in a municipality.

**PAYMENT IN LIEU OF TAXES:** The equalized value for payments received in lieu of taxes includes State & Federal Forest Land Reimbursements, Recreation Land Reimbursements, Flood Land Reimbursements, renewable energy facilities (if applicable) and others.

**TOTAL EQUALIZED VALUATIONS NOT INCLUDING UTILITY VALUE AND EQUALIZED RAILROAD TAXES:** This figure represents the sum of the equalized assessed valuation and the equalized value of payments in lieu of taxes.

The 2022 “total equalized valuation not including utility and equalized value of railroad monies reimbursed to municipalities” will be used to apportion the State Education property tax for the tax year 2024. The 2021 total equalized valuation not including utilities and the value of railroad monies reimbursed to municipalities will be used to apportion the state education property tax for the tax year 2023.

**EQUALIZATION RATIO:** The 2022 equalization ratio as determined by a ratio study conducted by the Department of Revenue Administration’s equalization staff.

**% PROPORTION TO STATE TAX:** The percentage of proportion to \$1,000 of tax that is to be allocated to each town within the state by comparing the town’s total equalized value to the total equalized value of the state.

### **APPEAL OF TOTAL EQUALIZED VALUATION**

Municipalities were sent their 2022 Notification of Total Equalized Valuations on **April 15, 2023**.

Per RSA 71-B:5, II, any municipality aggrieved by the total equalized valuation as determined by the DRA must appeal to the Board of Tax and Land Appeals in writing **within 30 days of the town's notification** of the municipality's total equalized valuation.

The appeal period is not extended due to any communication, either verbal or written, between the DRA and a municipality regarding the total equalized valuation.

## Comparison of Full Value Tax Rates

The full value tax rate represents the estimated tax rate for a municipality if all the taxable property was assessed at 100% and includes the equalized value of properties for which a payment in lieu of property taxes is made.

The full value tax rate is calculated as follows: The 2022 gross local property taxes to be raised as reported by the Department of Revenue Administration, Municipal & Property Division, divided by the total equalized valuation including utility values and equalized railroad taxes.

The full value rates are ranked in ascending order from lowest to highest (1-232 for 2022). If two municipalities have the same full value tax rate they are ranked with the same number. The unincorporated towns (signified by N/A in the Rank column) have no 2022 tax rate, and thus are not ranked.

The full value tax rate can only be used to make a limited comparison of what a property in one municipality would pay for taxes to a property of equal value in another municipality.

<b>For example:</b>	<b>Town A</b>	<u><b>100,000 X 21.95</b></u>	
		<b>1000 =</b>	<b>\$2,195.00</b>
	<b>Town B</b>	<u><b>100,000 X 26.56</b></u>	
		<b>1000 =</b>	<b>\$2,656.00</b>

**Due to diverse real estate values in New Hampshire, properties of equal value do not equate to properties of equal size or quality.**

Prior to making any assumptions or decisions regarding a property owner's tax burden in a municipality, other factors should be considered such as real estate values, municipal services, schools, community make-up, and locational factors including proximity to urban areas, medical facilities, highways, recreation areas, etc.
