Our Mission

The mission of the Department of Revenue Administration is to fairly and efficiently administer the tax laws of the State of New Hampshire, collecting the proper amount of taxes due, incurring the least cost to the taxpayers, in a manner that merits the highest degree of public confidence in our integrity. Further, we will provide prompt and constructive assistance to the municipal units of government in matters of budget, finance, and the appraisal of real estate.

Assistant Commissioner

October 2, 2019

His Excellency,
Governor Christopher T. Sununu
And Honorable Council

Dear Governor Sununu and Honorable Councilors,

It is my pleasure to present the Department of Revenue Administration's (DRA) 2019 annual report, as required by RSA 20:7, to you and the citizens of New Hampshire. This report is intended to provide readers with current insight into the activities of the operational units within the DRA, as well as data regarding the taxes we collect and the municipal finance and assessing laws that we administer.

During State Fiscal Year (FY) 2019, DRA focused on continuing to modernize various aspects of tax administration through both technology and statutory changes. From a technology perspective, the DRA entered into a contract for a modernized integrated tax system and began the first phase of implementation in FY 2019. This new system, known as the Revenue Information Management System (RIMS), will not only improve tax administration for the DRA but will also allow for greater transparency and efficiency for taxpayers and tax practitioners through an on-line portal called Granite Tax Connect (GTC). Additional information on RIMS and GTC can be found in the body of this report. In addition to modern software, the DRA also sought legislation during the 2019 Legislative Session that would modernize both the Tobacco Tax and the Meals and Rentals Tax. Both of these taxes have been in place for a number of years with few updates to the regulatory framework despite many changes to the world in which these taxes are supposed to operate. Both pieces of legislation, detailed later in this report, received bi-partisan support and have been signed into law. These are just a few examples of what the DRA is doing to continue to build a foundation for modernizing tax administration and the operations of the DRA over the next few years.

Thank you for taking the time to review this annual report. If you have any questions, or if you require any additional information, please do not hesitate to contact me directly.

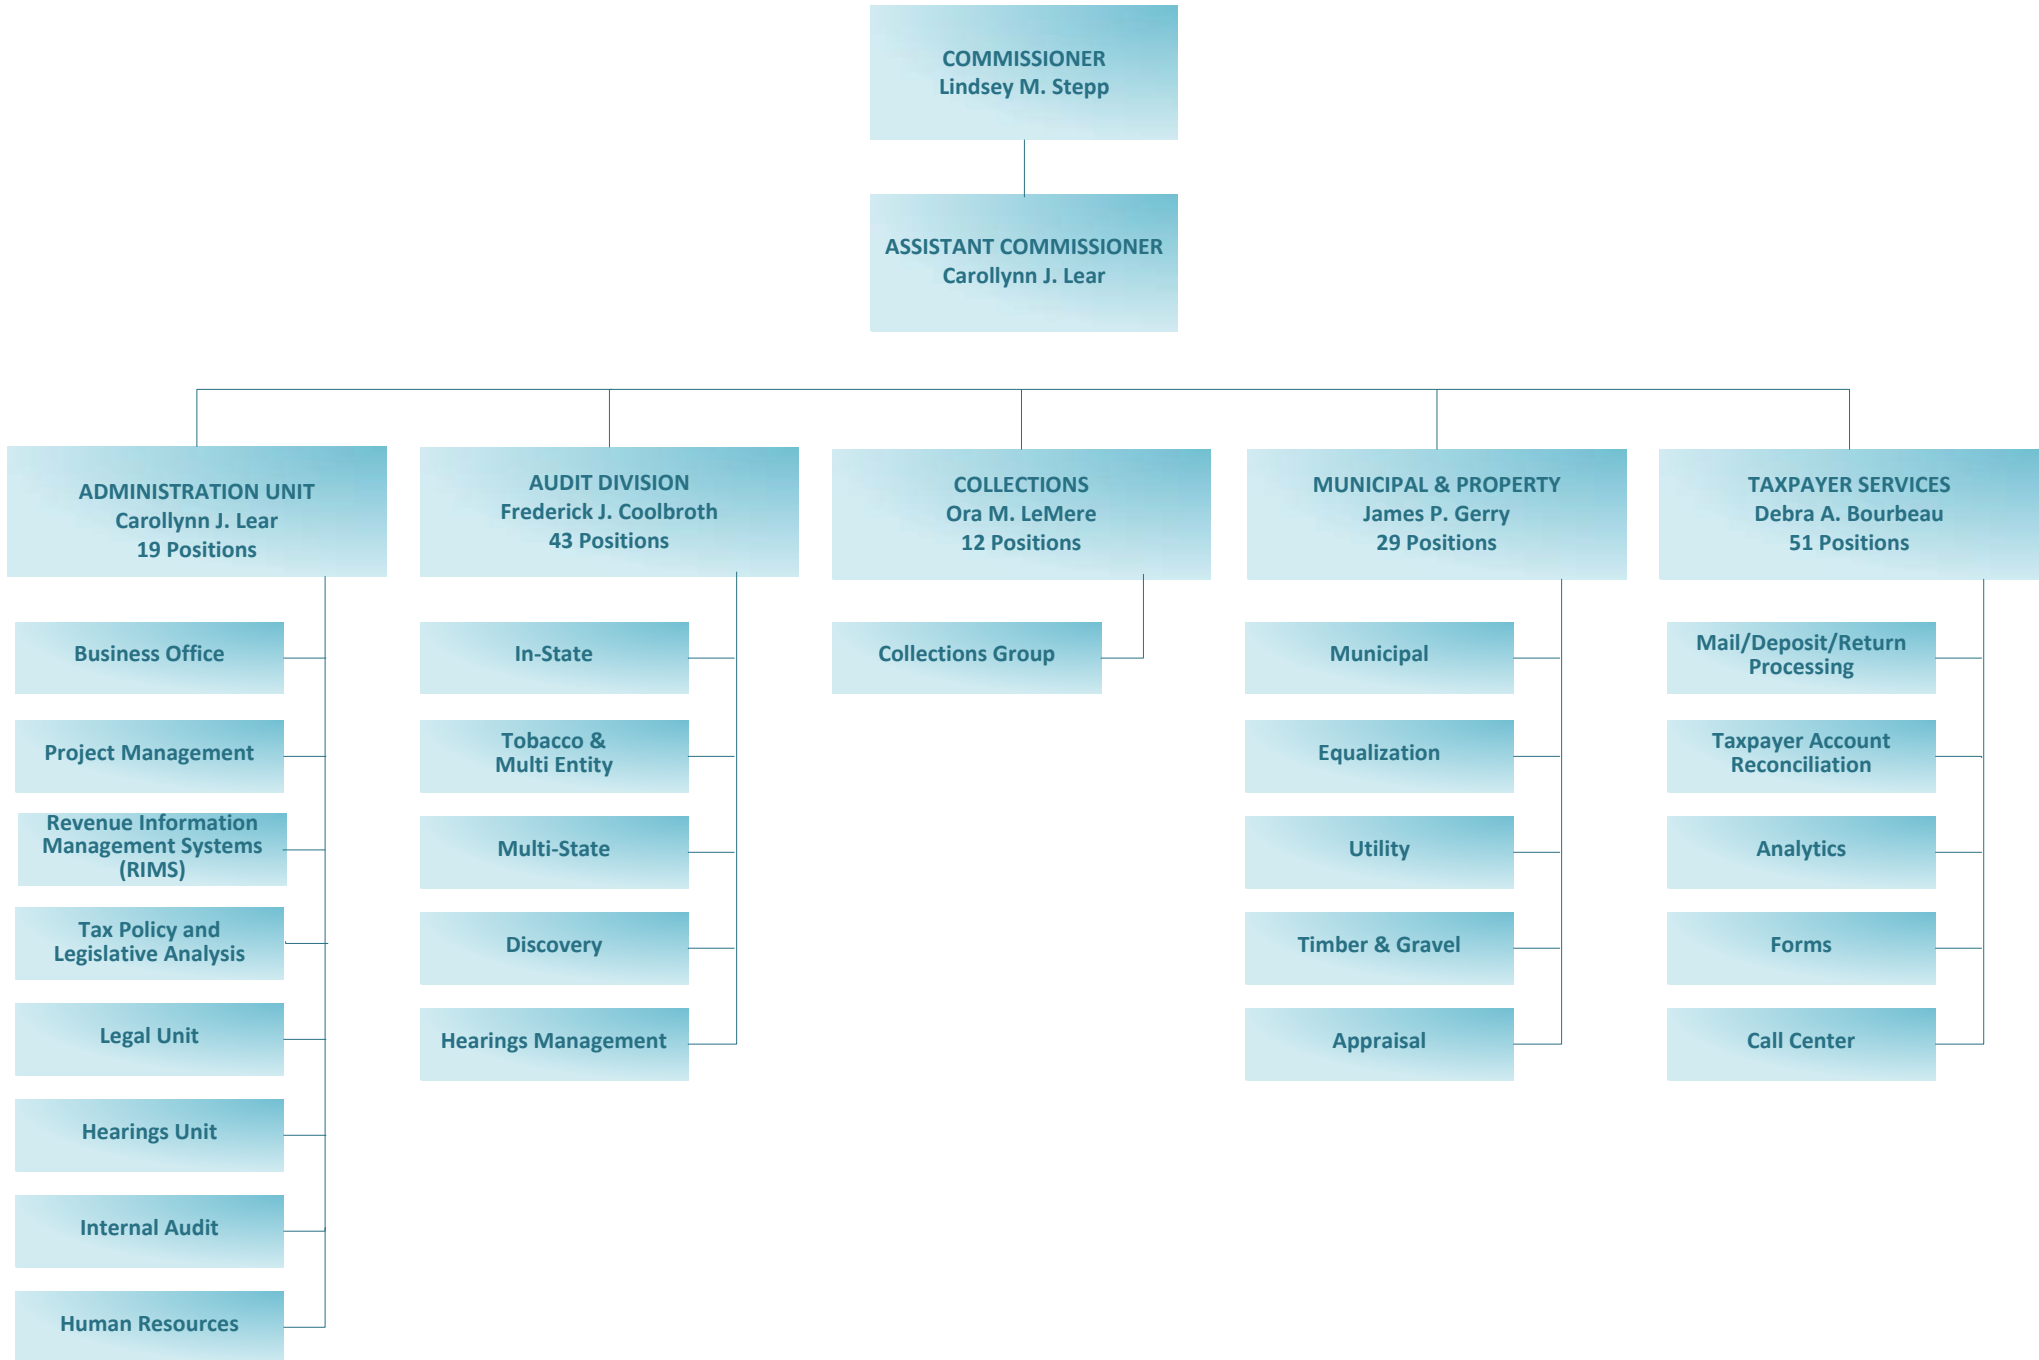

Sincerely,

Lindsey M. Stepp
Commissioner

Individuals who need auxiliary aids for effective communication in programs and services of the Department of Revenue Administration are invited to make their needs and preferences known to the Department.

Department of Revenue Administration

Division Primary Functions

Administration Unit

The Administration unit performs administrative functions necessary to support Department of Revenue Administration (DRA) operations including accounting, purchasing, administrative hearings, tax policy and legislative analysis, fleet and facility maintenance, human resources, legal services, and project management.

Audit Division

The Audit Division conducts audits of tax returns of individuals, partnerships, estates, trusts, corporations, and documents filed with DRA to ensure compliance with New Hampshire tax laws and rules.

Collections Division

The Collections Division initiates collection activities in pursuit of delinquent tax returns and outstanding payments for all taxes administered by DRA. Issues wholesale tobacco tax licenses, meals and rentals tax licenses, and sells tobacco tax stamps.

Municipal and Property Division

The Municipal and Property Division (M&P) establishes and approves municipal, school, county and village district tax rates. Provides technical assistance, relative to taxation and finance, to the political subdivisions of the state; and prescribes a uniform chart of accounts for all municipalities, schools, counties, and village districts. Assists and educates municipalities with the methods of appraisal and assessment of real property. Provides revaluation monitoring statewide to municipalities and conducts once in five-year assessment reviews. M&P equalizes the local assessed valuation of each municipality to bring such valuations to the full and true market value of the property. Advises and assists municipalities and taxpayers in timely collection of the excavation tax. Advises and assists municipalities and taxpayers in full and true appraisals and timely collection of timber yield tax. M&P appraises public utility, railroad property for equalization and state utility property tax, as well as local tax purposes. The Division assists local municipalities with the administration of the Current Use law RSA 79-A.

Department of Information Technology

The embedded Department of Information Technology personnel designs, develops, and maintains computerized systems to support the administration of taxes and to automate labor intensive functions.

Taxpayer Services Division

The Taxpayer Services Division processes taxpayer documents in an accurate and efficient manner. Provides general taxpayer assistance to the public for all taxes administered by the Department and maintains taxpayer accounts.

Employee of the Year

Lisa Crowley

Lisa began employment with the DRA in 2002 in the Document Processing Division. Between the years, 2002 and 2005 Lisa was promoted in the Document Processing Division and into the Municipal and Property Division. Since 2005, Lisa has worked in the Audit Division, most recently as the Hearings Manager. Lisa brings true professional attributes to DRA and genuinely cares about delivering excellent quality work. Lisa is also best known for being unfailingly cheerful and her positive attitude!

Because of Lisa's tax knowledge, leadership and organizational skills, Lisa was asked to take on a new challenge in the very important role of the RIMS (Revenue Information Management System) Project Director. Lisa has tackled the largest project DRA has seen with a confident, graceful determination. Lisa quickly set about educating herself about all aspects of the RIMS project and has unquestionably become the 'go-to' person for anything regarding RIMS due to her effort. Her knowledge is well past comprehensive – she has been able to explain things clearly for the staff at DRA – even as she is learning it – and has kept the RIMS project moving forward.

SUMMARY OF TAXES ADMINISTERED BY THE DEPARTMENT OF REVENUE ADMINISTRATION FY 2019

This is only a brief summary of certain New Hampshire taxes administered by the Department of Revenue Administration. This summary is not intended to be relied upon as a full and complete text. Please refer to the applicable forms, instructions, rules and to the laws cited below to determine how this information applies to specific persons or situations.

BUSINESS PROFITS TAX – RSA CHAPTER 77-A

The Business Profits Tax (BPT) has historically been one of the largest sources of general fund revenue. Enacted in 1970 as a replacement for the municipal property tax on stock-in-trade, farm livestock, poultry, fuel pumps, mills and machinery, the initial rate was established at 6%. The rate steadily increased to a high of 9.56% in Fiscal Year (FY) 1983. The rate then decreased to 7% beginning FY 1995, then increased to 8% for tax years ending on or after July 1, 1999. The rate of 8.5% was effective for all returns and taxes due on account of taxable periods ending on or after July 1, 2001. For taxable periods ending on or after December 31, 2016, the BPT rate was reduced to 8.2%. For taxable periods ending on or after December 31, 2018, the BPT rate was reduced to 7.9%, because, in accordance with Chapter 274:23, Laws of 2015, the amount of combined unrestricted general and education trust fund revenue collected for the biennium ending June 30, 2017 was more than \$4.64 billion. For taxable periods ending on or after December 31, 2019, the BPT rate is reduced to 7.7%; and for taxable periods ending on or after December 31, 2021, the BPT rate is set to be reduced to 7.5%. The BPT is assessed on income from conducting business activity within the state. For multi-state businesses, income is apportioned using a weighted sales factor of two and the standard payroll and property factors. Organizations operating a unitary business must use combined reporting in filing their NH return. Four annual estimate payments are required on liabilities greater than \$200, paid at 25% each. BPT return due dates are consistent with federal return due dates based on the taxpayer's entity type. Business organizations with \$50,000 or less of gross business income from all their activities are not required to file a return. Business organizations, however, that realize a gain or loss on the sale or exchange of an interest in the business organization shall file a return for the taxable period, regardless of whether or not the business organization's gross business income is in excess of \$50,000 during the taxable period.

BUSINESS ENTERPRISE TAX – RSA CHAPTER 77-E

In 1993, a 0.25% tax was enacted on taxable enterprise value tax base, which is the sum of all compensation paid or accrued, interest paid or accrued, and dividends paid after special adjustments and apportionment. Chapter 17, Laws of 1999 increased the rate from 0.25% to 0.5%. The rate was increased to 0.75% in 2001. For taxable periods ending on or after December 31, 2016, the Business Enterprise Tax (BET) rate was reduced to 0.72%. For taxable periods ending on or after December 31, 2018, the BET rate was reduced to .675%, because, in accordance with Chapter 274:24, Laws of 2015, the amount of combined unrestricted general and education trust fund revenue collected for the biennium ending June 30, 2017 was more than \$4.64 billion. For taxable periods ending on or after December 31, 2019, the BET rate is reduced to .6%; and for taxable periods ending on or after December 31, 2021, the BET rate is set to be reduced to .5%. In 2001, the filing threshold increased to \$150,000 (from \$100,000) of gross business receipts or \$75,000 (from \$50,000) of the enterprise value tax base. In 2013, the filing thresholds increased to \$200,000 of gross business receipts or \$100,000 of the enterprise value tax base. Beginning with taxable periods ending on or after December 31, 2015, the Commissioner is required to biennially adjust these filing threshold amounts using the Consumer Price Index, Northeast Region. Four annual estimate payments are required on liabilities greater than \$260 for taxable periods ending on or after December 31, 2013; paid at 25% each on the 15th day of the 4th, 6th, 9th and 12th months of the taxable year. The BET return is due at the same time the BPT return is due. The BET may be used as a credit against the BPT under RSA 77-A:5. Any unused portion of the credit may be carried forward and allowed against the BPT for 5 taxable periods from the taxable period in which the BET was paid for credits from taxable periods ending before December 31, 2014, and for 10 taxable periods from the taxable period in which the BET was paid for credits from taxable periods ending on or after December 31, 2014.

COMMUNICATIONS SERVICES TAX – RSA CHAPTER 82-A

First enacted in 1990 at 5.5%, this tax was assessed upon two-way communications services. Chapter 158, Laws of 2001, increased the permanent portion of the tax to 4.5% and continued the surtax of 2.5%, resulting in an overall tax rate of 7% for the period beginning July 1, 2001 and ending June 30, 2003. A permanent rate of 7% was passed effective July 1, 2003. Retailers must register with the Department and are required to collect and remit the tax. Communications Services Tax returns must be filed by the retailer on the 15th day of the month for the preceding calendar month unless the average monthly liability is less than \$100. Any retailer who can reasonably estimate its average monthly liability to be in excess of \$10,000 is required to make an estimated payment equal to 90% of the actual tax collected. This payment is due on or before the 15th day of the month during which the liability is incurred.

EDUCATION PROPERTY TAX – RSA 76:3

Under Chapter 17, Laws of 1999, the Education Property Tax was established. The tax is assessed and collected by municipalities to be retained for use by their local school districts. The rate was originally \$6.60 per thousand of equalized valuation without utilities. The tax appears on the same bill with the other property taxes administered at the local level. The effective date of this tax was April 1, 1999. The sunset provision of the Education Property Tax was repealed, making the tax a permanent revenue source dedicated to funding education. As of April 1, 2005, the rate was \$3.33 per \$1,000. Beginning July 1, 2005, and every fiscal year thereafter, the Commissioner is required to set the education tax rate at a level sufficient to generate revenue of \$363,000,000.

ELECTRICITY CONSUMPTION TAX – RSA CHAPTER 83-E

Effective May 1, 2001, the Electricity Consumption Tax was imposed at a rate of \$.00055 per kilowatt hour on persons, including governmental units, distributing, redistributing or transmitting electrical energy for consumption in this state. The tax was paid by the consumer and collected and submitted by distribution companies, except in the case of consumers who generate their own power. These self-generating companies or individuals were required to submit tax returns on their own behalf. Returns (Form DP-133) were required to be filed on the 15th day of the second month following the month in which the electrical energy was provided to a consumer and for which tax was due. Effective January 1, 2019, the Electricity Consumption Tax was repealed.

INTEREST & DIVIDENDS TAX – RSA CHAPTER 77

The Interest & Dividends (I&D) Tax, which was first enacted in 1923, applied a tax based on the “average rate of property taxation” upon the income and dividend income received by New Hampshire residents from sources other than New Hampshire and Vermont banks. The tax was changed significantly in FY 1995 to eliminate the exemption on income from New Hampshire and Vermont banks. In conjunction with this change, the personal exemption increased from \$1,200 to \$2,400. The exemption for joint filers increased from \$2,400 to \$4,800. Estimated I&D Tax payments are due on tax liabilities greater than \$500 on the 4th, 6th, 9th, and 12th months of the tax year, unless the taxpayer is a calendar year taxpayer in which case the final payment is due on January 15th following the tax year. The I&D Tax return is due on the 15th day of the 4th month following the tax year. Additional exemptions are available for residents who are 65 years of age or older, who are blind, or who are disabled, unable to work, and have not yet reached their 65th birthday. The current tax rate of 5% has remained the same since FY 1977. For taxable periods ending on or after December 31, 2013, trusts are no longer taxable under the I&D Tax. Instead, interest and dividend income received by the grantors or beneficiaries of trusts, to the extent that they are inhabitants or residents of New Hampshire, is subject to taxation.

LOCAL PROPERTY TAX – RSA CHAPTER 76

Property taxes, based upon local assessed valuations, are administered and collected by the individual cities and towns. The majority of property taxes collected are based on the market value of the property at its highest and best use. Some property taxes, however, are based on the market value of a property's actual use, such as:

- Current use assessments under RSA Chapter 79-A for certain farm land, forest land, and unproductive land. The program is for properties dedicated to remaining as open space. A Land Use Change Tax of 10% of the market value of the property is charged upon the occurrence of a disqualifying event (usually a development, use or sale of a portion of a property). Typically ten acres or more of dedicated land is required. Application to local officials on or before April 15th is required.
- Taxes on the value of standing timber assessed under RSA Chapter 79. These are assessed by local officials, at a rate of 10% of the value of the standing timber. The annual filing of an intent to cut and the subsequent report of timber cut are required.
- Taxes on the value of gravel and excavated materials assessed under RSA Chapter 72-B. These are assessed at a rate of \$.02 per cubic yard of earth excavated.

Local Property Tax Exemptions, Credits and Deferrals

Elderly Exemption – RSA 72:39-a

Effective July 23, 1996, RSA 72:39-a replaced the Standard, Expanded, Adjusted and Optional Adjusted Elderly Exemptions. The statute sets the minimum exemption, which the cities and towns may modify as follows:

- Different dollar amounts for qualified residents ages 65-75, 75-80, and 80 or older;
- Net income limitations, including social security or pension payments; and
- Net asset limitations.

Blind Exemption – RSA 72:37

The exemption for the legally blind must be adopted by the municipality. The exemption is a minimum \$15,000 reduction of the assessed value of residential real estate (as defined in RSA 72:29, II) and could be higher if modified by the municipality.

Deferral for the Elderly or Disabled – RSA 72:38-a

Property taxes are deferred and accrue interest at the rate of 5% per annum for qualifying taxpayers. The deferred property tax may not exceed more than 85% of the equity value of the residence. If granted by the assessing officials, the deferral is available to any resident property owner who is 65 years or older or eligible under the federal Social Security Act for benefits for

the disabled, has owned the home for at least 5 years (or one year if eligible under the federal Social Security Act), and is currently residing there.

Veterans' Tax Credits and Disabled Exemption

Qualified residents are entitled to the following tax credits in the following amounts, which are to be deducted from their tax bills:

- **RSA 72:28** – The standard veterans' tax credit in the amount of \$50 unless, alternatively, the municipality adopts the optional veterans' tax credit which is an amount from \$51 up to \$750;
- **RSA 72:28-b** – The all veterans' property tax credit if adopted by the municipality, in the amount of the standard or optional veterans' tax credit in effect in the municipality;
- **RSA 72:28-c** – The combat service tax credit if adopted by the municipality, in an amount from \$50 up to \$500.
- **RSA 72:29-a** – The standard surviving spouse tax credit in the amount of \$700 unless, alternatively, the municipality adopts the optional surviving spouse tax credit which is an amount from \$701 up to \$2,000; and
- **RSA 72:35** – The standard service-connected total disability tax credit in the amount of \$700 unless, alternatively, the municipality adopts the optional service-connected total disability tax credit which is an amount from \$701 up to \$4,000.

Certain Disabled Veterans' Exemption under RSA 72:36-a: A resident discharged under conditions other than dishonorable or honorably separated from military service, who is totally and permanently disabled from service connection, who is a double amputee, paraplegic, or has blindness of both eyes with visual acuity of 5/200 or less as the result of service connection, and who owns a specially adapted home acquired with the assistance of the United States Department of Veterans Affairs is exempt from all taxation on that home.

Tax Exemption for Improvements to Assist Persons with Disabilities – RSA 72:37-a

This exemption is limited to any increase in the assessed value of residential real estate owing to improvements made by the resident owner for the purpose of assisting a person with a disability who also resides on the residential real estate.

Tax Exemptions for Wind-Powered, Solar, and Woodheating Energy Systems RSAs 72:66, 72:62, 72:70

These exemptions are optional to the cities and towns, and must be voted upon locally.

Tax Exemption for the Disabled – RSA 72:37-b

This exemption is available to persons eligible under the federal Social Security Act for benefits to the disabled. It is applicable only on the applicant's principal place of abode. The exemption is optional and must be voted on by the municipality, which also determines the amount of the exemption and the income/asset limitations.

MEALS & ROOMS (RENTALS) TAX – RSA CHAPTER 78-A

The Meals and Rooms (Rentals) (M&R) Tax was enacted in 1967 at a rate of 5%. The tax is assessed upon patrons of hotels, restaurants, and motor vehicle rental establishments on certain rentals of rooms and motor vehicles, and upon meals costing \$.36 or more, but collected and remitted to the State by operators. Chapter 144, Laws of 2009, increased the rate from 8% to the current rate of 9%. An M&R Tax operator's license is required. The M&R Tax is required to be remitted to the State on the 15th day of the month following the collection of tax, accompanied by the M&R Tax return. An M&R Tax operator is required to maintain books and records showing the amount of tax collected and to remit the tax monthly to the State, less a 3% commission if the return and payment are filed both timely and electronically.

MEDICAID ENHANCEMENT TAX – RSA CHAPTER 84-A

The Medicaid Enhancement Tax (MET) was enacted in 1991 at a rate of 8% of gross patient services revenue of every hospital. In 1993, the rate was changed to be established by legislation each biennium upon the gross patient services revenue of every hospital for the hospital's fiscal year ending during the first full calendar year preceding the taxable period. If the Legislature failed to set the rate of tax on or before April 1, preceding the first fiscal year of the biennium, the tax rate was to be zero for that biennium. In no event was the rate of the tax to be greater than 6 percent for any biennium. In 1998, the law was amended to require the Legislature to set the tax rate on or before May 1. In 2003, the tax rate was changed to 6% of gross patient services revenue. In 2004, the 6% tax on gross patient services revenue was changed to a 6% tax upon the "net" patient services revenue of every hospital. In 2007, the tax rate was reduced to 5.5% of net patient services revenue. For taxable periods ending June 30, 2014 and prior, hospitals were required to pay 100% of the tax due for the taxable period no later than the 15th day of the fourth month of the taxable period and were required to file a tax return with the Department on or before the 10th day of the month following the expiration of the taxable period. For taxable periods beginning July 1, 2014 and after, special hospitals for rehabilitation are no longer included in the definition of "hospital" and hospitals are required to file a return on or before the 15th day of April in the taxable period. In addition, every hospital shall on or before January 15 in the taxable period make a nonbinding estimate of its projected tax payment. The tax rate

decreased to 5.45% for the taxable period ending June 30, 2016, and to 5.4% for the taxable period ending June 30, 2017, and for every taxable period thereafter.

REAL ESTATE TRANSFER TAX – RSA CHAPTER 78-B

The Real Estate Transfer Tax (RETT) was first enacted in 1967. Chapter 17, Laws of 1999, increased the permanent tax rate assessed on the sale, granting, and transfer of real estate and any interest in real estate to \$.75 per \$100, or fractional part thereof, of the price or consideration. This rate is assessed on both the buyer and seller for a combined tax rate of \$1.50 per \$100. Where the price or consideration is \$4,000 or less, there is a minimum tax of \$20 assessed on both the buyer and seller. The tax is paid at the Registry of Deeds office in the county where the property is located. A Declaration of Consideration (Form CD-57) must be filed with the Department by both the purchaser and seller no later than 30 days from the recording of the deed at the Registry of Deeds or transfer of real estate, whichever is later.

RAILROAD TAX – RSA CHAPTER 82

Every railroad, railway, express, and every parlor, sleeping or dining car company, or other company not a railroad company owning any cars operated for profit on any railroad in this state shall pay an annual Railroad Tax. The Railroad Tax is assessed on the market value of the property and estate in this state of any such company as of April 1 of each year. The tax is imposed at the average rate of taxation at that time upon other property throughout the State. Railroad “property” applies to both railroad companies (an enterprise, corporation, partnership, etc.) and private rail cars operated for profit on any railroad in the State.

TOBACCO TAX – RSA CHAPTER 78

The Tobacco Tax is a direct tax upon the consumer at retail. However, it is pre-collected and paid by the wholesaler. It is presumed the Tobacco Tax has been pre-collected and paid by the wholesaler by the affixing of a Tobacco Tax stamp on the tobacco product. The Tobacco Tax was first enacted in 1939. Originally the tax was based upon the value at the usual selling price of all tobacco products. In 1975, the tax was changed to a flat rate of \$0.12 per package of 20 cigarettes. At that time, there was no tax on other tobacco products. Over the next 34 years the tax was increased from \$0.12 to \$1.78 per package. In 2011, the Tobacco Tax rate was decreased from \$1.78 to \$1.68 for each package containing 20 cigarettes or at a rate proportional to such rate for packages containing more or less than 20 cigarettes. As of August 1, 2013, the Tobacco Tax rate increased from \$1.68 back to \$1.78 for each package containing 20 cigarettes, per Chapter 224:379 through 381, Laws of 2011. In 1991, the Legislature enacted a tax on tobacco

products other than cigarettes (OTP Tax) at the rate “proportional to the cigarette tax, having such ratio to the usual wholesale price of the tobacco product other than cigarettes as the cigarette tax bears to the usual wholesale price of the cigarettes.” In 2003, the OTP Tax was changed to 19% of the wholesale sales price. The OTP Tax rate was changed again in 2009 to 48.59% of the wholesale sales price, and then in 2010 to a rate of 65.03% of the wholesale sales price. In 2011, the OTP Tax rate was decreased to 48% of the wholesale sales price. As of August 1, 2013, the OTP Tax rate increased from 48% back to 65.03% of the wholesale sales price, per Chapter 224:379 through 381, Laws of 2011. Wholesalers are required to report their tax liability for the collection of the OTP Tax on a monthly basis. The return is due on or before the 15th day of the month following the end of the reporting period. Wholesalers may file quarterly, but permission to file quarterly must be pre-approved, in writing, by the Department.

UTILITY PROPERTY TAX-RSA CHAPTER 83-F

Utility property is defined, in part, as “all real estate, buildings and structures, machinery, dynamos, apparatus, poles, wires, fixtures of all kinds and descriptions, and pipe lines located within New Hampshire employed in the generation, production, supply, distribution, transmission, or transportation of electric power or natural gas, crude petroleum and refined petroleum products or combinations thereof, water, or sewage subject to tax under RSA 72:6, 72:7 and 72:8, but not exempt under RSA 72:23,” excluding water and air pollution control facilities exempt from local property taxation under RSA 72:12-a. In 2011, “utility property” was amended to also exclude: the electrical generation, production, and supply equipment of an “eligible customer-generator” as defined in RSA 362-A:1-a, II-b; property used for the retail distribution of fuel for personal, non-commercial use, use as a fuel in a motorized vehicle, home cooking, or heating; and that portion of a manufacturing establishment’s generation, production, supply, distribution, transmission, or transportation of electric power or natural gas, crude petroleum and refined petroleum products or combinations thereof, water, or sewage subject to tax under RSA 72:6, 72:7, and 72:8, but not exempt under RSA 72:23, that is expended, used, or consumed on-site primarily for the operation of the manufacturing establishment and that does not otherwise enter the stream of commerce.

The Utility Property Tax rate is \$6.60 per \$1,000 of value of utility property. On December 1 of each year the Department determines the market value of utility property as of the previous April 1. The tax is due annually on or before January 15th. Every utility or property owner required to pay Utility Property Tax must file a declaration of its estimated Utility Property Tax for the subsequent taxable period, accompanied by payment of 1/4 of the estimated tax due, on or before April 15 of each year. Additional quarterly estimated payments of the Utility Property Tax are due on June 15th, September 15th, and December 15th.

New Hampshire FY 2019 Legislative Session in Review

This Legislative Review is published as a convenient reference guide of relevant statutory changes made during the 2019 Legislative Session by the New Hampshire General Court. This review is intended to provide a summary or synopsis of enacted legislation. It is not intended to be relied upon as a full and complete text or as a substitute for the actual state law. Please refer to the applicable statute and rules to determine how this information applies to specific persons or situations.

BUSINESS TAX

SB 270 (Chapter 247) establishes a tax credit against the Business Profits Tax (BPT) for qualifying charitable donations to career and technical education (CTE) centers, administered by the New Hampshire Department of Education. The maximum amount of tax credits issued to all donors for any state fiscal year will be \$500,000. A taxpayer may only use the credit in the tax year during which it made the donation, and only in an amount up to 25% of the taxpayer's BPT due before credits. The program is scheduled to be repealed after fiscal year 2022.

Statute Added: RSA 188-E:9-a

Statute Amended: RSA 77-A:5

Effective Date: July 1, 2019

MEALS AND ROOMS (RENTALS) TAX

SB 134 (Chapter 304) simplifies, clarifies, and modernizes the Meals and Rooms (Rentals) (M&R) Tax Law as it relates to meals. The changes are primarily editorial in nature to make the law easier to read and understand. There are relatively few substantive changes which address regular compliance issues, including: (1) modifications to meals-related definitions, particularly the definitions of "meal" and "restaurant," as well as "taxable meal," along with new definitions, to clarify the taxability of food generally and meals provided by nonprofit organizations; (2) a penalty provision (after a warning, a license revocation, suspension, or denial) for violating the requirement that a license "shall be conspicuously posted in a public area upon the premises"; (3) the DRA may require a surety bond or cash from an operator without an initial hearing, in order to protect state revenues; and (4) the deadline for an operator to appeal a license revocation, suspension, or denial to the Board of Tax and Land Appeals or Superior Court will be extended from 10 days to 15 days. This bill does not affect the taxability of meals.

Statute Amended: RSA 78-A

TOBACCO TAX

HB 595 (Chapter 178) simplifies, clarifies, and modernizes the Tobacco Tax law. The changes are primarily editorial in nature to make the law easier to read and understand. There are relatively few substantive changes which address regular compliance issues, including: (1) the wholesaler required to collect and pay the Tobacco Tax will be the wholesaler who ships or transports the tobacco products to a retailer in this state; (2) every wholesaler will be required to keep a sufficient number of recently purchased stamps on hand to pay the Tobacco Tax due on all cigarettes present at any premises in this state, and to file a monthly accounting of cigarettes and little cigars sold in packages of other than 20 or 25 and other tobacco products transferred to and from any premises in this state; and (3) the DRA may suspend or revoke licenses to retailers, and may assess an administrative fine in addition to or instead of a period of suspension. This bill does not affect the taxability of tobacco products.

MUNICIPAL AND PROPERTY

HB 128 (Chapter 76) establishes a committee to study the use of property tax credits and exemptions to recognize the service of New Hampshire veterans. The committee will review the eligibility criteria for each property tax credit or exemption available to veterans in New Hampshire, the amount of the credit or exemption, the cost to each municipality of adopting or granting the credit or exemption, and the number of veterans who benefit.

HB 700 (Chapter 117) establishes a uniform methodology for the valuation for local property tax purposes of utility company distribution assets. The methodology does not apply to generation or transmission assets. For electric and gas utility company distribution assets, excluding land rights, the value is a weighted average of 70 percent of each asset's original cost and 30 percent of each asset's net book cost. For water utility company distribution assets, it is 25 percent of each asset's original cost and 75 percent of each asset's net book cost. For the use of public rights of way and private easements, the value is increased by 3 percent. Every utility company will be required to report by May 1 of each year (beginning May 1, 2020) to both the municipality and DRA, the original cost and net book value of each category of assets located within the municipality. The methodology will be phased in over a 5-year period. The value in the first year (the tax year effective April 1, 2020) will be a weighted average of 80 percent of the final locally assessed value for the 2018 tax year and 20 percent of the value determined using the methodology. The value determined using the methodology will be weighted an additional 20 percent in each subsequent year until the methodology is fully implemented in the fifth year. The methodology does not affect the determination of value in any litigation pending on the effective date of this bill.

SB 104 (Chapter 192) clarifies the procedures for a moderator to postpone the deliberative or business session or the official ballot voting day of a town meeting. The moderator may postpone any session if the National Weather Service has issued a weather event warning applicable to the town on the date of the session which the moderator reasonably believes may cause the roads to be hazardous or unsafe, or if an accident, fire, natural disaster, or other emergency occurs which the moderator reasonably believes may render use of the meeting location unsafe. To the extent practical, prior to making a decision to postpone, the moderator must consult with the governing body, the clerk, and certain other town officials as appropriate for the circumstances. If the official ballot voting day is postponed, it must be rescheduled to the Tuesday 2 weeks after the original date of the session. In instances when a ballot to be used at an election contains questions that will be voted on simultaneously by more than one town, the election may be postponed only if a majority of the moderators vote to postpone. The postponement process for town elections also applies to city elections.

ADMINISTRATIVE

SB 242 (Chapter 280) addresses concerns relating to the issues raised in the United States Supreme Court's decision in *South Dakota v. Wayfair, Inc.* In the wake of *Wayfair*, it is possible that states, or localities within those states, with sales and use taxes, will require New Hampshire businesses that do not have a physical presence but remotely sell goods in those states or localities to collect and remit their sales and use taxes. This bill requires a state or locality that seeks to determine or impose a sales or use tax liability or collection obligation on a New Hampshire business to first provide written notice to the New Hampshire Department of Justice (DOJ) at least 45 days before taking any action; encourages New Hampshire businesses to notify the DOJ whenever a state or locality requests information for use in determining a sales or use tax liability or collection obligation; requires the DOJ to develop a system providing for voluntary information sharing and collaboration with New Hampshire businesses, including by transmitting periodic bulletins in collaboration with the DRA; and establishes a commission to monitor actions concerning the imposition of collection obligations on New Hampshire businesses. The members of the commission include the commissioner of the DRA, or designee.

DRA HIGHLIGHTS FY 2019

DRA Revenue Information Management System. Over the course of the last fiscal year, the DRA negotiated and executed a contract for the replacement of the DRA's existing tax administration system with a new Revenue Information Management System (RIMS). Following contract execution, the DRA assigned six employees to the project full-time and welcomed 20 vendor employees to our building following their relocation to New Hampshire. Learn more about the project, including

Granite Tax Connect, our new on-line taxpayer portal on page 34!

Legislative Initiatives. As part of the DRA's role in administering the tax laws of the state of New Hampshire, we have a statutory duty to formulate and recommend legislation to improve tax administration in our state. During the 2019 Legislative Session, the Department sought sponsorship of two pieces of legislation, SB 134, relative to the administration of the Meals and Rooms (M&R) Tax; and HB 595, relative to the administration of the Tobacco Tax. Both pieces of legislation were crafted after the DRA completed a substantial comprehensive review of the M&R Tax and Tobacco Tax laws. Both bills substantially revised and reorganized the relevant statutes in an effort to simplify, clarify, and modernize the law in order to improve taxpayer understand and streamline enforcement. The DRA is pleased to report that both bills were passed by the NH General Court and signed into law by Governor Sununu.

Additionally, members of our team are often tasked with assisting the work of the General Court by providing information, statistics and tax administration expertise. During FY 2019, the DRA participated substantially in the legislature's commission to study apportionment of gross business profits under the business profits tax and the legislative special session to consider legislation in response to the US Supreme Court's decision in *South Dakota v. Wayfair*. The work of both the apportionment study commission and the *Wayfair* special session resulted in legislation passed during the 2019 Legislative Session.

Tax Season at DRA. The months of March and April of each year are termed "rush" here at DRA. Rush is the period when the vast majority of our taxpayers (about 90%) file their tax returns. We take an "all hands on deck" approach to rush, with employees from all areas of the DRA pitching in to open mail and process tax returns in a timely and efficient manner. This year, DRA, led by our Taxpayer Services team, continued to excel. In March of 2019, DRA processed 35,896 tax returns and other documents representing over \$94 million in revenue. In April of 2019, DRA processed 77,190 tax returns and other documents representing nearly \$197 million in revenue.

The Legal Bureau

The Office of Revenue Counsel provides legal advice and representation to the Department, including rendering advice and legal opinions to Department personnel; managing bankruptcy cases; drafting and coordinating the adoption of administrative rules; handling Right-to-Know Law requests; representing the Department before the Board of Tax and Land Appeals and the Department's Hearings Bureau; and providing assistance and advice in connection with audits and other stages of the enforcement and administration of tax laws. In addition, the Office of Revenue Counsel coordinates and assists with the Department of Justice's representation of the Department and acts as co-counsel in certain cases.

During FY 2019, the Office of Revenue Counsel represented the Department in administrative tribunals concerning tax assessments and license actions, challenges to state taxing statutes, and complex collection matters, and managed bankruptcy cases in which the Department is a creditor. Revenue Counsel also represented and advised the Municipal & Property Division in a number of matters involving DRA certified assessors and assessment issues involving municipalities. In addition, the Legal Bureau represented the M&P division in numerous utility property tax appeals. Often, the cases managed by the Office of Revenue Counsel have the potential for a substantial fiscal impact or significant precedential value. Below is a description of a few noteworthy cases.

Noteworthy Cases From FY 2019

State of New Hampshire v. Priceline.com; N.H. Supreme Court.

The Department brought suit against a number of on-line travel companies alleging that they were liable for Meals and Rentals Taxes for online sales of hotel rooms and car rentals. After an adverse trial court ruling the State appealed to the New Hampshire Supreme Court. The Court ruled in March affirming the trial court. Its decision is based on canons of statutory interpretation and interpreted the plain meaning of the term "operator." The Court held that without day to day management of hotels, the on-line travel companies could not be operators required to have a license from the State and required to collect and remit taxes.

United States v. Aldean Khater and United States v. Imtiaz Shakh; U.S. D. Ct.

In both of these cases the Legal Bureau provided assistance and consultation to the U.S. Attorney's office as it prosecuted the primary members of a complex scheme to defraud the State of tobacco taxes. Both defendants pleaded guilty, forfeited substantial sums of money, were ordered to pay restitution, and received sentences ranging from 16 months in prison to 3-years' probation.

State v. Michael Gill;

After successful defense of appeal of a judgment in the amount of over \$3 million, the Legal Bureau working with the Attorney General’s office handled the auction sale of Gill’s property in two counties which netted a substantial recovery to the State.

Colonial Village, Inc. v. State of New Hampshire; Rockingham Superior Court.

This case concerned an appeal of the Hearing Officer’s decision that affirmed the Audit Department’s Notice of Assessments for Real Estate Transfer Tax (RETT) in the amount of \$587,696. The taxpayer’s Appeal challenged the RETT assessments on the basis that price or consideration on which the Department based its decision should be discounted due to the limited nature of the ownership interests involved. The Department and the taxpayer settled.

Petitions for Reassessment of Landaff and Hill; Board of Tax and Land Appeals

Under RSA 71-B:16, V, and RSA 21-J:3, XXV, the Legal Bureau petitioned the Board of Tax and Land Appeals on the Commissioner’s behalf to require the Towns of Landaff and Hill to reassess certain utility property in the Towns because the Towns had not reappraised all the utility property every five years as required under N.H. Const. pt. 2, Art. 6. The cases are on-going but should be resolved by the end of the year.

Hearings Bureau

Denise Daniel

Hearings Bureau

During FY 2019, the Hearings Bureau continued to strive to provide better service to the taxpayer given our available resources. We have continued to review administrative tasks and work flow to ensure that our processes are as lean and efficient as possible to maximize our productivity. In December of 2018, we also hired an additional person to help manage our increasing workload which brought our total staff to three people, namely the Hearing Officer, a Paralegal II, and a Paralegal I.

In FY 2019, the overall time required to produce a Final Order after the close of the record decreased to an average of 13.39 days; as compared to 20.13 days in FY 2018. With respect to taxpayer petitions, the time to produce a Final Order after the close of the record averaged 18.35 days, and we met our goal of issuing an order within 60 days 98.28% of the time, which was an increase from 81.58% in FY 2018. With respect to cases involving license denials, suspensions and revocations, bonds, and tobacco seizures, the time to produce a Final Order after the close of the record averaged 9.38 days, and we met our goal of issuing an order within 14 days 90.54% of the time, which was an increase from 90.41% in FY 2018. However, the total number of final orders issued in FY 2019 also increased by 18.92% from the number issued in FY 2018. In cases in which an order was not issued within the timeframe we had set as a goal for FY 2019, the cause of the delays generally include, but are not limited to, the following: that the order involved complex legal issues which needed additional time to research and write orders, that the Hearing Bureau's full hearing schedule reduced the time available to research and write orders, and/or that delays resulted from the unavailability of necessary personnel. The number of appeals filed in FY 2019 increased by 3.78% from the number filed in FY 2018, which was a 54.55% increase from the number filed in FY 2017.

During FY 2019, the Hearings Bureau has continued to make progress in more fully implementing the use of technology in order to increase efficiency. We have implemented an electronic indexing and filing system for older paper case files in order to quickly access older information prior to implementation of our electronic case management systems, and continue to catalog those cases as time permits. We are also looking forward to the changes in the new tax management system as we believe some of the changes in the new system will reduce the necessity for appeals filed with respect to some issues.

The Hearings Bureau’s goal for FY 2019 is to continue to maintain an appeal process which provides a fair and efficient system that ensures the highest degree of confidence in the integrity of this system, and timely performance. This includes continuing to streamline administrative processes in order to allow us to meet our goal of issuing Final Orders in a timely manner.

The following statistics summarize the activity of the Hearings Bureau during the past fiscal year as compared to the prior fiscal year:

	FY 18	FY 19	% of Change

The mission of the Division of Taxpayer Services is to continuously improve taxpayer experiences through efficient data processing, accurate account maintenance and exemplary customer service.

During FY 2018, the Taxpayer Services Division upgraded its document management system that had been implemented in 2012. The improved system now allows employees to scan, validate and process large volumes of tax forms more efficiently. The division also refurbished its document scanner, as well as purchased a second scanner in order to process documents at greater speeds during peak tax season.

The Collections Division

Director of
Collections:

Ora LeMere

The Collections Division

The mission of the Collections Division is to ensure taxpayer compliance with the tax laws of New Hampshire by fairly and effectively recovering overdue taxes through the uniform application of state laws, rules, and policies.

The Division of Collections is established by RSA 21-J:8 with two defined tasks in statute:

- a) Collecting all outstanding taxes owed to the state, which are within the department's jurisdiction.
- b) Securing all delinquent returns required to be filed with the state by any taxpayer.

The division carries out these tasks by:

- Collecting delinquent notices of assessment resulting from tax returns.
- Following up on Meals and Rentals (M&R) tax returns not filed by the 15th of the month as mandated by RSA 78-A.
- Selling tobacco stamps to be affixed to packages of cigarettes.
- Licensing and educating M&R operators charging for taxable meals, room rentals and motor vehicle rentals.

The division budget authorized twelve full time positions, 1 unclassified and 11 classified; however, the division was fully staffed for five of the twelve months.

The Collection Division also offers seminars on a biannual basis to all Meals and Rentals operators who are licensed within the calendar year. In addition to the biannual seminars offered at the DRA in Concord, educational “refresher courses” were also offered to Meals and Rentals operators who were licensed prior to January 2017 and were held at Community College System of NH locations in Portsmouth, Nashua, Laconia, Claremont, and Littleton. Over 8,000 invitations were sent to M&R operators and over 200 individuals registered for the events. As communication methods broaden, registration for the seminars is expected to increase.

Left to Right: Marissa Berry (NHDRA), Betty Rheaume (NHDRA), Nicole Dow and Tara Bachman (PHILLY’s GOOD EATS), Shernelle Williams (NHDRA), and Shawn Jones (NHDRA).

The division’s goals for FY 19 included: (1) Review criminal laws for referrals to the Legal Bureau (2) Review lien/distrain laws to explore levy options (3) Review and update Tobacco Stamp processes (4) Review and update M&R bond processes (5) Organize and update resources in shared drive (6) Review and update language of all division letters (7) Assign permanent and reliable transportation for field officers (8) Explore safety and self-defense training for field officers (9) Implement a mechanism to identify M&R operators and (10) Establish and conduct monthly meetings with outside collection agency.

Eight of the ten goals were executed, leaving two incomplete at the end of the fiscal year. The resource folder in the division’s shared drive continues to be updated and the safety/self-defense training was reviewed as part of the Risk Assessment team and will progress into FY2020.

The mission of the Municipal and Property Division is to assure fairness, equity and proportionality in the assessment and collection of property taxes and the administration of municipal finances in the state by establishing tax rates, providing technical assistance and education to municipal officials, monitoring revaluations, reviewing assessment practices, equalizing local assessed valuation, appraising public utility and railroad property and administering timber and gravel taxation.

The Division consists of two bureaus, **Municipal and Property**.

The **Municipal Bureau** establishes and approves municipal, school, county, state and village district tax rates. It provides technical assistance on taxation and finance to the approximately 564 political subdivisions of the state, and the general supervision of municipal tax collectors. Other services include:

- Prescribing a uniform chart of accounts for all municipalities.
- Establishing a standard technical assistance manual for municipalities' use.
- Reviewing trustee reports of municipal trust funds in conjunction with the Department of Justice Charitable Trust Unit.
- Conducting workshops and seminars for municipal officials, including selectman, budget committees, trustees of trust funds, tax collectors, and school officials.

The **Property Appraisal Bureau** oversees the assessment review process and monitors revaluations and revaluation contracts, as well as the following specialized services:

- The Equalization Group determines the total equalized value of all taxable property within the state on an annual basis. This allows shared tax burdens, such as the state education tax and county property taxes, to be apportioned at a single standard, market value. The equalization process includes compiling assessment data, conducting ratio studies and preparing statistical reports.
- Utility Appraisers value all utility and railroad properties in order to determine the correct assessment of RSA 82 Railroad Taxes and RSA 83-F Utility Property Taxes.
- Provides administrative, technical and enforcement support to all municipalities in their assessment and collection of the RSA 79 Timber Tax and the RSA 72-B Excavation Tax.
- Provides direct education on property assessments to municipal officials and assessors, as well as taxation and finance professionals.
- Provides support to two administratively attached boards, the Assessing Standards Board (ASB) and the Current Use Board (CUB).

Accomplishments of FY 2019 Municipal and Property Division

The Division had some significant accomplishments in their efforts to improve its services to municipalities and municipal officials and to improve its transparency. Some of these efforts are completed while others are ongoing. During FY 2019, the Division accomplished the following:

- In FY 2019, due to a number of retirements and departures the Municipal and Property Division replaced the Director, Assistant Director, the Gravel Appraiser, two Appraiser/Supervisors and the Division's Administrator.
- Presented educational courses prepared by the International Association of Assessing Officials which provided greater opportunity for professional assessors.
- Continued working with Axiomatic to transition information and processes from Access databases to the Equalization portal. The ultimate goal is eliminate the use of Access databases altogether
- Improved timely filing of municipal finance reports and continued timeliness of tax rate setting via MTRSP. It was the fourth consecutive year of setting over 60% of tax rates by October 31st.
- Prepared and presented dozens of educational presentations for municipal officials, contractors, agents, employees and county and school finance officials. This education also included several direct presentations to taxpayers that included basic revaluation and tax rate calculations.
- Assisted the Assessing Standards Board and the Current Board with rulemaking for the CUB 100-300 and ASB 100-300 administrative rules.
- Launched a pilot effort to expand educational opportunities for municipalities by scheduling local visits intended to encourage in-depth analysis and discussion.

The following are brief descriptions of the efforts that are being undertaken in FY 2020:

- Continue working with Axiomatic towards developing, testing and implementing a web-based utility valuation system to administer the Department’s duties under RSA 83-F. This system will provide a more standardized and efficient computer assisted appraisal model and database.
- Work with stakeholders to fulfill the requirements of HB 700 which establishes a methodology for the valuation of PUC regulated electric, gas and water utility distribution assets within each municipality for property tax purposes.
- Continue with numerous investigations into assessing practices throughout the State in order to ensure that property taxes are collected in an equitable, efficient and ethical manner.
- Continue to monitor and review assessing practices throughout the state to ensure the assessment of property and collection of property taxes is equitable, efficient, and transparent and performed in an ethical manner.
- Work with municipalities to help them recapture past revenues due to falsely reported PA-8’s (Report of Wood Cut).
- Develop “Community Action Reports” for timber and gravel to better educate municipalities on what our findings are within their borders.

The mission of the Audit Division is to promote taxpayer compliance with New Hampshire's tax laws through: fair, impartial, and efficient selection and review of taxpayers' returns; taxpayer education; and discovery of non-filers. The Audit Division is committed to team work, professional development, and high standards of professionalism. Members of the audit staff conduct both desk audits and field audits. The type of audit depends on the nature and scope of the audit and the proficiency of the auditor.

In fiscal year 2019, DRA auditors completed the review of 961 taxpayers' returns. Of that number, 644 taxpayers' returns were audited resulting in assessments totaling \$48,769,261 in tax, penalties, and interest as well as reductions to refund requests, net operating loss deductions and business enterprise tax credit carry-forwards totaling \$3,503,793. This assessment amount was a significant increase over prior years, and largely the result of one unusually high assessment that we do not expect to duplicate next year. Of all the returns reviewed, the Division ultimately did not pursue full formal audits of 317, because no material issues were identified.

In addition to the work described above, the Discovery/Nexus Bureau researches federal and state filings, as well as online resources, to discover non-filers who may have a duty to file and pay New Hampshire business taxes, meals and rooms taxes, or interest and dividends taxes. As a result of their efforts in fiscal year 2019, an additional \$4,412,152 in tax, penalties, and interest was collected, of which \$894,792 came in through the voluntary disclosure program.

The Tobacco Unit conducted 87 compliance checks resulting in seizures of contraband tobacco products at 34 separate locations. Five audits of New Hampshire licensed tobacco wholesalers were completed. The Unit also assisted the U.S. Attorney's Office in two major tobacco tax evasion cases, which resulted in federal sentencing restitution orders in the total amount of \$15,158,647. The Unit also conducted joint tobacco/liquor investigations with the state Liquor Commission. The Unit worked with the legislature as well as industry stakeholders to clarify and modernize the tobacco tax statute (RSA 78). The Unit also continued to work directly with the New Hampshire Department of Justice to ensure diligent enforcement of the Master Settlement Agreement by tobacco manufacturers and wholesalers.

The DRA, with the support of the Department of Information Technology (DoIT), uses technology to provide an efficient and streamlined end-to-end tax process, which benefits the NH taxpayer, by providing modernized operations and accurate information.

During FY 2019 the embedded DoIT development team maintained the Modernized eFile (MeF) system for annual tax year changes. The project continues to be a success with more than 62,000 returns accepted and 4.5 million dollars in ACH debit payments received.

Also during FY 2019, DRA and DoIT completed the upgrade of the Document Imaging and Electronic Remittance application to a new and improved version of the software. This initiative processes paper documents, utilizing barcodes and Optical Character Recognition (OCR), to reduce the need for manual data entry. Payments collected are remitted to the State's financial institution by an Image Cash Letter (ICL) which in turn provides the State with same day credit of the funds.

After completing the upgrade of the Document Imaging and Electronic Remittance application, DRA and DoIT ended FY 2019 by implementing a second high-speed scanner. The ImageTrac 6 will act as the primary scanner and the newly refurbished ImageTrac 5 will act as a backup device to support DRA's Continuity of Operations Plan (COOP).

In order to remain compliant with IRS standards and ensure stability with the current Tax Information System (TIMS), the mainframe hardware and operating system were recently upgraded. This upgrade also improved system performance.

In addition to the major projects above, DoIT has committed three full time employees to the Revenue Information Management System (RIMS) project. Two System Development Specialists and one Database Administrator work side by side with the FAST Enterprises, LLC employees as DRA embarks on a three year implementation to replace a 28 year old Tax Information Management System (TIMS).

Lastly, DRA is wrapping up the project to phase out desktop and network printers.

A New Beginning for DRA

As fiscal year 2019 comes to an end, the Department of Revenue Administration is looking forward to a new beginning. On October 31, 2018, NH's Governor and Executive Council approved DRA's request for a three-year contract with FAST Enterprises, LLC, to implement its GenTax, Commercial-Off-The-Shelf (COTS) software product specifically designed for the administration of tax, revenue and license programs. Through implementation of the COTS product, DRA is well on the way to replacing its 28 year old Tax Information Management System (TIMS), and approximately 20 additional disparate systems, with the new and improved Revenue Information Management System (RIMS).

During the last half of fiscal year 2019 the RIMS project team was hard at work defining DRA's business needs, developing base configuration, defining application security needs, and refining work flow processes necessary to meet the DRA's mission of fairly and efficiently administering the tax laws of the State of New Hampshire. In addition to enhancing internal processing functionality, the RIMS team defined and developed Granite Tax Connect (GTC), an external facing, smartphone friendly, web portal that will allow taxpayers to file and amend returns, make payments, view balances, update account information, view correspondence from DRA, and authorize third party representatives to perform these functions on their behalf through separate GTC login credentials.

In addition to the DRA employees assigned to the RIMS project on a full-time basis, a project of this magnitude requires an all hands on deck approach. To that end, all DRA employees have been involved in the project in one way or another, whether as a system tester, agency trainer, subject matter expert, assisting in the data conversion process, taking part in system demonstrations, or assisting in internal and external communication efforts, just to name a few. DRA is proud of the effort put forth by all its employees, and we are confident that our constituents will reap the benefits.

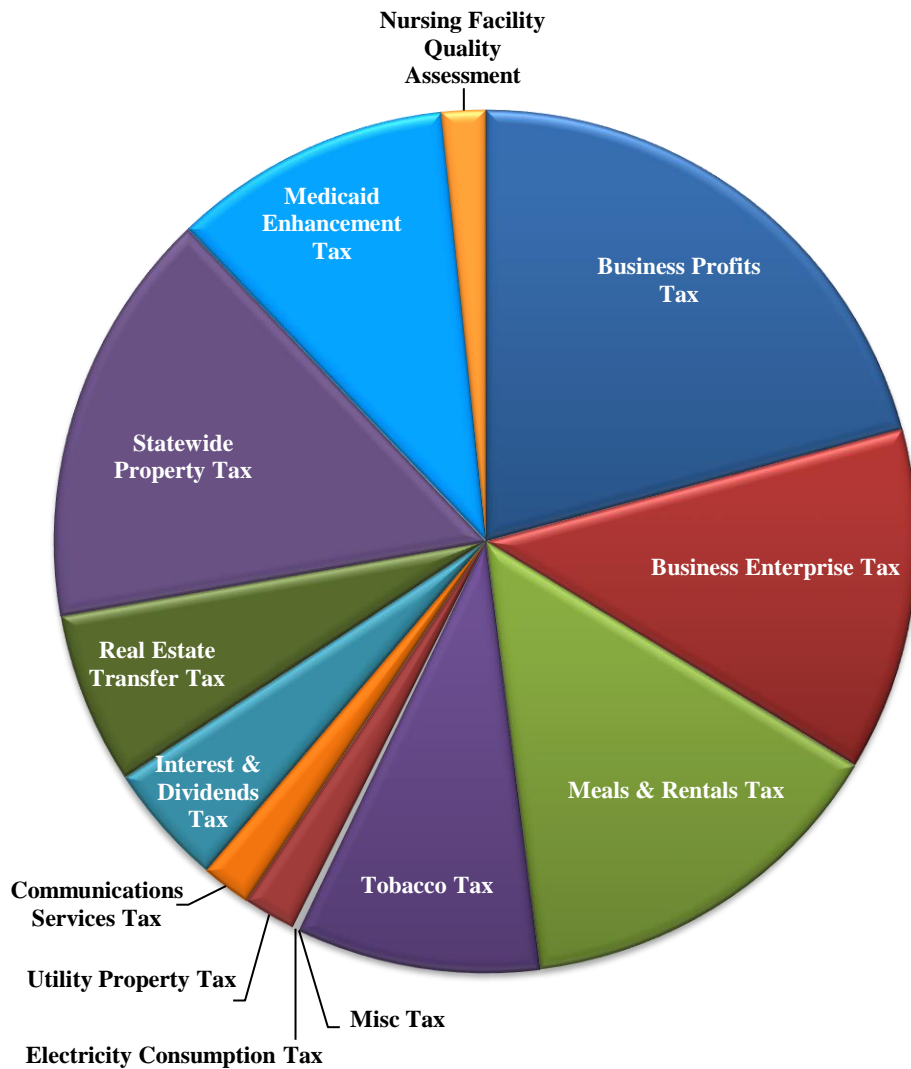

The first of three scheduled rollouts will take place on October 28, 2019, and will include Meals and Rentals Tax, Medicaid Enhancement Tax, and the Nursing Facility Quality Assessment. Taxpayers of these tax types will be the first of three taxpayer groups to experience all that RIMS and GTC have to offer.

Transparency

The New Hampshire Department of Revenue Administration's "Transparency" webpage is devoted to the distribution of revenue information with respect to the taxes administered by the Department. This webpage was created to promote transparency by providing the public with on-line access to aggregate tax revenue information, data and reports, which are not confidential. <http://www.revenue.nh.gov/transparency/index.htm>

The Audit Tobacco Group and members of the Collections Division are responsible for conducting tobacco compliance checks at NH retail locations as part of the diligent enforcement provision of the Master Settlement Agreement (MSA). These checks are to ensure that NH retailers are purchasing tobacco products on which the NH tobacco tax has been paid and to identify product in the state from Non-Participating Manufacturers as outlined in the MSA. When tobacco products are found without the tax paid, it is considered contraband and subject to seizure.

Summary of 2016 Business Taxes¹

- Approximately 170,000 Businesses have registered with the NH Secretary of State (SoS) and are in “Good Standing” or have an “Active” status.^{2 3}
 - 73,748 Business Entities filed business tax returns
 - 29,360 Business Entities filing business tax returns paid no (\$0) BET or BPT
 - 44,388 Business Entities filed business tax returns with payments totaling \$589.8m, of which
 - 1,415 (3.2%) of those paid 71.7% of BET/BPT (\$423.0m out of \$589.8m)
 - 1,114 (78.7%) are corporations paying a total of \$375.0m
 - 250 (17.7%) are partnerships paying a total of \$42.0m
 - 51 (3.6%) are proprietors and fiduciaries paying a total of \$6.0m
 - The remaining 42,973 (96.8%) paid 28.3% of BET/BPT (\$166.9m out of \$589.8m)
 - Of the 42,973 Business Entities that filed and paid 28.3% of BPT/BET:
 - 9,938 (23.1%) paid under \$500 = \$2.0m (1.2%)
 - 7,506 (17.5%) paid \$500 - \$1,000 = \$5.6m (3.4%)
 - 21,170 (49.3%) paid \$1,000 - \$10,000 = \$68.8m (41.2%)
 - 4,359 (10.1%) paid \$10,000 - \$50,000 = \$90.4m (54.2%)

Entity	BET	BPT	Combined	%
Corporations	\$186,727,407	\$292,814,806	\$479,542,213	81.3%
Partnerships	\$22,933,791	\$53,732,576	\$76,666,367	13.0%
Proprietors	\$15,115,519	\$15,110,051	\$30,225,570	5.1%
Fiduciaries	\$71,191	\$3,310,033	\$3,381,224	0.6%
Total	\$224,847,908	\$364,967,466	\$589,815,374	100.0%

- If there are 170,000 business entities operating in the state of NH then 125,612 or 74% of them pay no business taxes (neither BET nor BPT)
- When BET and BPT are segregated:
 - 595 (1.6 %) are paying 51.4% of BET
 - 544 (91.4%) are corporations paying a total of \$110.5m
 - 51 (8.6%) are partnerships, proprietors and fiduciaries paying a total of \$5.1m
 - 950 (1.3%) are paying 79.2% of BPT
 - 712 (74.9%) are corporations paying a total of \$250.5m
 - 194 (20.4%) are partnerships paying a total of \$33.6m
 - 44 (4.6%) are proprietors and fiduciaries paying a total of \$5.1m

¹ Per returns received as of August 28, 2019.

² Information is provided by NH SoS as of August 29, 2019.

³ Businesses that want to preserve a trade name have to register a trade name with the NH SoS. A corporation, LLC or limited partnership must also register with the NH SoS. Being registered with the NH SoS does not necessarily mean that the business is engaging in business activity in NH or that they meet the BET or BPT filing threshold. Proprietorships and rental businesses do not register unless they want to protect the name of the business.

Low and Moderate Income Homeowners Property Tax Relief

Historical Claims Data

The Low and Moderate Income Homeowners Property Tax Relief program (RSA 198:56-57) was designed to lessen the economic burden of the Education Property Tax on certain at-risk taxpayers.

Eligible claimants apply for relief to the New Hampshire Department of Revenue using Form DP-8. Claimants must include a copy of their final property tax bill and federal income tax return for the claim year and any additional documentation as required by law. Completed Forms DP-8 must be postmarked no earlier than May 1, and no later than June 30 following the due date of the final property tax bill.

SESSION YEAR	EFFECTIVE DATE	CHAPTER	STATUTORY CHANGES	FILING THRESHOLD	TAX RATE
2011	6/25/11	CH 207	RSA 77-A:4, III, for taxable periods beginning on or after January 1, 2011: Modified the standards and burden of proof with respect to the Business Profits Tax deduction for reasonable compensation attributable to owners of partnerships, limited liability companies, and sole proprietorships that file a business tax return as a partnership or proprietorship. Keeps the standards set forth in IRC §162(a)(1) and the \$50,000 "record-keeping safe harbor." Amends the burden of proving the reasonableness of the compensation deduction: A business organization claiming a deduction bears the burden of proving that all proprietors, partners, or members for whom a deduction is being claimed provided actual personal services to the business organization at any time during the taxable period. Once a business organization satisfies this burden of proof, the amount claimed as a deduction shall be presumed to be reasonable, unless the Department proves by a preponderance of the evidence that the deduction claimed by the business organization is clearly unreasonable.		
2011	7/1/13	CH 224:363	RSA 77-A:4, XIII, increases the amount of Net Operating Loss that may be generated in a tax year from \$1,000,000 to \$10,000,000.

2018 Tables by County

This report presents the 2018 Tables by Counties as compiled by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3 XII, which states:

“XII. File with the secretary of state his report showing all the taxable property in the state and its assessed value, in tabulated form, and such other statistics and information as may be deemed of interest. This report shall be filed not later than 30 days after all necessary figures become available.”

Annually, each municipality is required to certify to the Department of Revenue Administration the assessed valuation of all taxable property in that municipality. This information is reported on the MS-1 Report, Summary Inventory of Valuation.

Assessment information is also gathered with regards to exemptions and tax credits as well as taxes raised by each municipality. An exemption is an amount deducted from a taxpayer’s assessment versus a tax credit which is an amount deducted from the taxes due by a taxpayer.

The following is an explanation of the information contained in this report.

LAND VALUATION: The sum of the taxable land valuations for the following land subcategories:

- Current Use: RSA 79-A
- Conservation Restriction: RSA 79-B
- Discretionary Easement: RSA 79-C
- Discretionary Preservation Easement: RSA 79-D
- Taxation of Farm Structures and Land Under Farm Structures: RSA 79-F
- Residential
- Commercial/Industrial

The values in the above columns are prior to the application of any exemption and do not include any utility land value.

BUILDING VALUATION: The sum of the taxable building valuations for the following building subcategories:

- Residential
- Manufactured (MFG) Housing: RSA 674:31
- Commercial/Industrial
- Discretionary Preservation Easement: RSA 79-D
- Taxation of Farm Structures and Land Under Farm Structures: RSA 79-F

The values in the above columns are prior to the application of any exemptions and do not include any utility building value.

PUBLIC UTILITIES: This represents the sum of all utility values classified as PUBLIC WATER, GAS, ELECTRIC, OIL, PIPELINE or OTHER pursuant to RSA 83-F. OTHER utilities include utilities that the Department of Revenue Administration has not appraised. Some examples of OTHER utilities include hydro plants, water and certain gas companies.

MATURE WOOD & TIMBER: RSA 79:5

GROSS VALUATION: Gross valuation represents the valuation of all taxable property in each municipality prior to adjustments for property tax exemptions.

EDUCATIONAL & SPECIAL EXEMPTIONS: The sum of the following exemptions granted:

- RSA 72:36-a, Certain Disabled Veterans
- RSA 72:37-a, Improvements to Assist Persons with Disabilities
- RSA 72:38-b, Improvements to Assist the Deaf
- RSA 72:23, IV, School Dining, Dormitory and Kitchen Exemption (maximum \$150,000 per property)
- RSA 72:12-a, Water & Air Pollution Control Facilities Exemption

MODIFIED ASSESSED VALUATION: Modified assessed valuation represents the sum of the gross valuation minus the educational and special exemptions. The modified assessed valuation is the basis for calculating the equalized values for each municipality.

LOCAL OPTIONAL EXEMPTIONS OR EXEMPTIONS WITH OPTIONAL ELEMENTS: Each municipality has adopted an elderly exemption. The amount of the exemption and the specific criteria (asset and income limits) to qualify are determined locally within statutory requirements. Each municipality may adopt the other exemptions listed below in this section:

- RSA 72:37, Blind Exemption
- RSA 72:37-b, Disabled Exemption
- RSA 72:38-b, Deaf Exemption
- RSA 72:39-a & b, Elderly Exemption
- RSA 72:70, Wood-Heating Energy Systems Exemption
- RSA 72:62, Solar Energy Systems Exemption
- RSA 72:66, Wind-Powered Energy Systems Exemption
- RSA 72:23, IV, Additional School Dining, Dormitory and Kitchen Exemption (amount > \$150,000 per property)

NET LOCAL ASSESSED VALUATION: Net local assessed valuation represents the sum of the modified assessed valuation minus the value of the blind, elderly and local optional exemptions.

GROSS PROPERTY TAXES: Gross Property taxes represent the sum of the net tax commitment plus the veteran's tax credits. The Department of Revenue's Municipal Services Division establishes the property tax rate using this figure.

LESS VETERANS TAX CREDITS: Veterans' tax credits represent the sum of tax credits granted pursuant to RSA 72:28; 72:28-b; 72:29-a; 72:32 and RSA 72:35.

NET TAX COMMITMENT: Net tax commitment represents the sum of gross property taxes minus the sum of the veteran's tax credits. The amount a municipality must actually raise in taxes equals the sum of the amount appropriated by the municipal legislative body minus any revenues.

ACTUAL TAX RATE: The actual tax rate equals the sum of the municipal, county, local and state school education tax rates. This tax rate does not include village district or precinct tax rates.

RESIDENTS TAX: Residents tax represents the sum of monies collected by a municipality for the Residents Tax pursuant to RSA 72:1.

COUNTY SUMMARY: The county summary represents the totals for each of the above listed columns for all ten counties in the state. The county tax rate listed is the average county tax rate and is calculated by taking the sum of the tax rates for all municipalities in a county and dividing by the number of municipalities.

EDUCATIONAL & SPECIAL EXEMPTIONS REPORT: This report provides a breakdown of the educational and special exemptions granted by municipalities. These are not optional.

LOCAL OPTIONAL EXEMPTIONS REPORT: This report provides a breakdown of what each municipality currently grants. These are optional and must be adopted by the legislative body of the municipality.

For further explanation about any information contained in this report, please contact the Department of Revenue Administration, Municipal & Property Division at (603) 230-5950.

New Hampshire Property Tax Summary

May 1, 2019

The following explanation summarizes the budget, assessment, equalization and assessment review processes to assist taxpayers in understanding New Hampshire's property tax system.

STEP I: THE BUDGET PROCESS

Every property owner is responsible for paying a portion of the money necessary to operate their town or city, their school district, their village district (if any) and their county. Each town or city, school district, village district and county must establish a budget, hold public hearings on the budget and submit the budget to their legislative body for approval.

Who are the legislative bodies that vote the appropriations necessary to fund the town or city, school and county budgets? For a town, the annual town meeting is the legislative body, which appropriates money to operate the town. The annual school district meeting does the same for the schools, and the annual village district meeting does the same for districts. Generally for a city, or a town with a town council form of government, the council or board of mayor and alderman vote the appropriations. The county delegation comprised of the State Representatives from the county, appropriate the money necessary to fund county government. This amount is apportioned to each town or city in that county based on its proportion of the total equalized property value in that county.

It is these appropriations, voted by either your elected representatives at county delegation meetings and council meetings, or voted by you at your annual town and annual school district meetings, which establish the basis for property taxes in New Hampshire.

STEP II: THE ASSESSMENT PROCESS

Your property taxes are based upon the assessed value of your property as of April 1. This means that your tax bill, generally due in December, reflects the assessment of your property on the previous April 1. For example, if you built a garage on May 15 of this year, you would not be assessed taxes on that garage until next year, since the garage did not exist on April 1.

It is the responsibility of the selectmen or the assessor to annually determine the local assessed value of the property within your municipality as of April 1 each year. This assessment is best determined by a complete revaluation or update of all property within your town or city.

During a revaluation, property is physically reviewed and then valued based upon either the sale prices of other comparable properties or by other means. Theoretically, the intent of a revaluation is to assess property at its “full and true” value, often referred to as “market value.” But more importantly, the purpose of a revaluation is to insure that property within your municipality is assessed proportionally so that each property owner bears their share of the property tax burden based upon the “value” of their property.

A complete annual revaluation can be costly and time consuming. Consequently, a complete revaluation is not conducted every year. A revaluation establishes base year property values. In the years following a revaluation, the assessors value the pick-ups: the new construction, the subdivisions, and other changes to the property. Depending on the amount of change reflected in current sales, assessors may also conduct partial revaluations or statistical updates. In any event, assessors must maintain proportionality among all property values on an annual basis. Pick-ups (new construction and improvements) are assessed as of April 1. Unless all properties are updated to current market value; pick-ups are valued not at current year values, but valued at the revaluation year values. That way, if a revaluation had been done in 2016, a 3-bedroom cape style home built in 2015 will be assessed comparably to a 3-bedroom cape style home built in 2015. This assumes all other factors affecting the value of the home are the same, such as the neighborhood, the amount of land, the quality of construction, the number of bathrooms, etc.

STEP III: THE TAX RATE

The appropriations voted by the town or city, the school district, village district (if any) and the county, less revenue from all other sources, equals the amount of money needed to be raised by taxes. The money needed to be raised by taxes is then divided by the local assessed property values to arrive at the property tax rates.

For example, if an annual town meeting appropriated \$1,000,000 to fund town appropriations and anticipates receiving \$300,000 from motor vehicle registrations, other fees, gifts and grants to the town, then the balance of money needed to be raised by taxes would be \$700,000. This amount divided by a local assessed property value of \$25,000,000, for example, would equal a tax rate of \$28.00. Property tax rates are normally expressed per \$1,000 of valuation. The equation for determining the local property tax rate is as follows:

$$\frac{\text{VOTED APPROPRIATIONS minus ALL OTHER REVENUE} \times 1,000}{\text{LOCAL ASSESSED PROPERTY VALUE}} = \text{PROPERTY TAX RATE}$$

By law, your property tax bill must show the assessed value of your property, along with the tax rate for each component of the tax: the town/city, village districts (if any), county, local education and state education tax rates.

STEP IV: EXEMPTIONS AND TAX CREDITS

An exemption is a reduction in the local assessed value of property, while a credit is a reduction of the amount of tax due.

Every municipality offers some form of an exemption for elderly property owners meeting certain qualifications, and a tax credit for veterans. In addition, municipalities may adopt and grant the following exemptions: blind, disabled, deaf, wood-heating energy system, wind-powered energy system, and solar energy system exemptions. Property tax credits are available to qualifying veterans or their surviving spouses.

Applications for an exemption or a tax credit must be made to the municipality by [April 15th](#) prior to that year's tax bill. A tax deferral may be granted for elderly or disabled taxpayers meeting certain criteria on an application submitted to the municipality by [March 1st](#) prior to that year's tax bill.

Education property tax relief is available to low and moderate income homeowners who:

- Own a homestead or an interest in a homestead subject to the education property tax;
- Have resided in the homestead on April 1 of the year for which the claim is made; and
- Had a total "household income" of:
 1. \$20,000 or less if a single person;
 2. \$40,000 or less if married or head of a New Hampshire household.

Forms for the low and moderate income homeowner's property tax relief program are available by May 1st on the Department of Revenue Administration's website at <http://revenue.nh.gov/>. The form [[DP-8](#)] is a fillable PDF form which can be opened, completed, and saved.

Pursuant to [RSA 198:57, VI](#), education property tax relief claims must be filed with the Department of Revenue Administration between May 1st and June 30th following the due date of the final tax bill as defined in RSA 76:1-a for state education property taxes. The Department of Revenue Administration rules for the low and moderate income homeowner's property tax relief are located at [Rev 1200](#).

STEP V: THE EQUALIZATION PROCESS

All towns and cities do not conduct revaluations in the same year. Some may be assessing property close to full value (because they just conducted a revaluation) while other towns and cities are assessing property at more or less than full value (because their revaluation is not current). This inconsistency makes it difficult to compare towns and cities to one another since the local assessed valuations are based upon different revaluation years.

The annual equalization survey conducted by the Department of Revenue Administration addresses this inconsistency by adjusting each municipality's total local assessed property value to full value.

The sole purpose for equalizing local assessed property values is to ensure that public taxes and state revenues shared by towns and cities will be reasonably apportioned. This includes state education tax, county tax, some cooperative school district taxes and some village district taxes. The equalization process involves a detailed study of property sales throughout the state and compares those sales with the local property assessments. A by-product of the equalization process is the determination of a ratio.

Generally, the ratio shows the average level at which the town or city assessed property in the previous year in comparison to full value. Ratios for each municipality are issued by the Department generally by April as a result of the equalization process. For more information, contact the Department at (603) 230-5950 or visit our web site at <http://revenue.nh.gov/>.

For example, a ratio of 90% would indicate that the town generally assessed property at approximately 90% of full value. The ratio does not necessarily apply to any specific property assessment, but rather indicates the average level of assessment throughout the town or city.

Over a period of several years, as the value of property increases or decreases due to market fluctuations, the ratio (the comparison of the local assessed value to full value) also fluctuates. A ratio of 100% indicates that, on the average, the municipality is assessing at full value. A ratio below 100% indicates average assessments are below full value, and a ratio above 100% indicates average assessments are above full value.

Neither a high nor a low ratio, in itself, should be cause for alarm. Whether a town or city is assessing at 110% or 90% of full value is really not significant. What's important is that the assessments are proportional, so that each property owner bears their share of the property tax burden based upon the value of their property.

STEP VI: ASSESSMENT REVIEW

As a result of the Supreme Court's decision in *Sirrell v. State of New Hampshire*, [RSA 75:8-a](#) was adopted which requires all towns and cities in New Hampshire to reappraise all real estate within the municipality so that the assessments are at the full and true value at least as often as every fifth year. The Department of Revenue Administration is mandated by [RSA 21:J:11-a & b](#) to review and report the degree to which assessments of municipalities achieve compliance with applicable statutes and rules. The fourth five-year cycle began in 2018. Approximately one-fourth of the towns and cities will be scheduled for this Assessment Review in 2018, 2019, 2020, 2021 and 2022 respectively. The Assessing Standards Board (ASB) has adopted recommended standards to be met by towns and cities for their assessment review. The Department's staff conducts field reviews of the records and assessing practices of all towns and cities in accordance with the ASB recommended standards and reports their findings to the municipalities and to the ASB. This report becomes a public document upon its issuance.

STEP VII: PROPERTY ASSESSMENT APPEAL PROCESS

There is a two-level appeal process available to any property owner who believes the assessment of their property is in error. The first level of appeal to request an abatement of property taxes must be made to the local assessing officials. The request for abatement must be made in writing by March 1st after the date the tax bills were mailed. If the local assessing officials neglect or refuse to satisfactorily abate the tax, the second level of appeal is either to the Board of Tax and Land Appeals or to the Superior Court in the county where the property is located.

An opinion that property taxes are "too high" is not adequate grounds to justify an abatement. The "amount of tax" is usually not appealable since the amount of money needed to fund local government operations is determined by the local legislative bodies through the budget process. Generally, there must be an error in the assessment of your property in order to qualify for an abatement.

CONCLUSION

Property taxation in New Hampshire is a process involving all levels of government, from the voters at town and school district meeting, city councilors, and local assessing officials, to state legislators and court officials. It is an annual process beginning with the preparation of the budget and voting of appropriations, continuing with the assessment of property and the setting of the tax rates, and concluding with the appeal process. Residents and non-residents, homeowners and landlords, commercial and industrial businesses, all bear the responsibility for paying their proportional share of property taxes.

2018 Equalization Survey

“Including Utilities and Railroads”

May 1, 2019

This report presents the results of the 2018 Equalization Survey “including utilities and railroads” conducted by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3 XIII (*Revised 4/1/99*) which states:

"XIII. Equalize annually by May 1 the valuation of the property as assessed in the several towns, cities, and unincorporated places in the state including the value of property exempt pursuant to RSA 72:37, 72:37-b, 72:39-a, 72:62, 72:66 and 72:70 by adding to or deducting from the aggregate valuation of the property in towns, cities and unincorporated places such sums as will bring such valuations to the true and market value of the property, and by making such adjustments in the value of other property from which the towns, cities, and unincorporated places receive taxes or payments in lieu of taxes as may be equitable and just, so that any public taxes that may be apportioned among them shall be equal and just. In carrying out the duty to equalize the valuation of property, the commissioner shall follow the procedures set forth in RSA 21-J:9-a."

To accomplish this assessment, ratio studies were conducted to determine how the average level of assessment for all cities and towns compared with the statutory ratio of 100%, so that taxes can be apportioned equitably.

The Department of Revenue Administration (DRA) has completed its process of calculating the total equalized valuation of all the municipalities and unincorporated places throughout the state. The ratios reported for each municipality in this survey were derived by comparing the sale prices of sales of land, land and buildings and manufactured housing, covering the period of October 1, 2017, to September 30, 2018, against the actual assessments applied by the municipalities. Sales information was verified by the grantee whenever possible by means of Form PA-34, Inventory of Property Transfer. Our goal is to use only arms-length sales transferred for market value in this analysis. Every effort has been made to exclude non-arm's length transactions including but not limited to: sales involving courts and government agencies, sales between relatives or corporate affiliates, sales settling an estate, forced sales, etc.

Every municipality was notified of its 2018 sales assessment ratio. These ratios were used in conjunction with other DRA adjustments to determine each municipality's total equalized value for purposes of RSA 21-J:3 XIII.

The following is an explanation of the information contained in this report.

MODIFIED ASSESSED VALUATION: The modified assessed valuation for each municipality as reported to the Department of Revenue Administration on the municipality's 2018 MS-1, Summary Inventory of Valuation.

GROSS LOCAL ASSESSED VALUATION is the sum of all assessed values in the municipality minus:

- Certain Disabled Veteran's: RSA 72:36-a
- Improvements to Assist Persons who are Deaf: RSA 72:38-b,V
- Improvements to Assist Persons with Disabilities Exemption: RSA 72:37-a
- School Dining/Dormitory/Kitchen Exemption: RSA 72:23,IV (\$150,000 max per exemption)
- Water & Air Pollution Control Exemption: RSA 72:12-a

= **MODIFIED ASSESSED VALUATION**

- Blind Exemption: RSA 72:37
- Disabled Exemption: RSA 72:37-b
- Deaf Exemption: RSA 72:38-b
- Elderly Exemption: RSA 72:39-a & b
- Solar Energy System Exemption: RSA 72:62
- Wind Powered Energy System Exemption: RSA 72:66
- Wood-Heating Energy System Exemption: RSA 72:70
- Additional School Dining/Dormitory/Kitchen Exemption: RSA 72:23,IV (Exemption amount > \$150,000)

= **NET LOCAL ASSESSED VALUATION** is used to compute the municipal, county and local school tax rates.

TAX INCREMENT FINANCE DISTRICTS (TIFS): RSA 162-K:10,III. - The retained captured assessed value is added to the modified assessed value and will be equalized for all TIF districts created after 4/29/99. The original assessed value plus any unretained value is used to set a municipality's tax rates.

DRA INVENTORY ADJUSTMENT is the sum of the adjustments of the modified local assessed valuation and is divided into three categories.

Category 1: The total modified local assessed value of land (excluding land in current use, conservation restriction assessment, discretionary easements and utilities), buildings and manufactured housing is equalized by the 2018 equalization ratio. This category includes discretionary preservation easements, taxation of farm structures and land under farm structures. The difference between the modified local assessed valuation of land, buildings and manufactured housing and the equalized value equals the DRA adjustment for land, buildings, and manufactured housing.

Category 2: An adjustment for land assessed at current use, conservation restriction assessment, and discretionary easement values are applied. This adjustment is calculated by dividing the total net local assessed valuation for land in these two categories by the 2017 equalization ratio to obtain the equalized value of current use, conservation restriction assessments, and discretionary easements. If a municipality has had a full revaluation or cyclical revaluation as defined by Rev 601.11 and 601.08, a ratio of 100.0 is used.

The difference between the local assessed value of the land and the equalized value equals the DRA adjustment for current use, conservation restriction assessments, and discretionary easements.

Category 3: A DRA adjustment for public utilities, as defined by RSA 83-F, is made by comparing the market value of the utility as determined by the DRA to the net local assessed value of the utility. The difference between the assessed value and the market value equals the adjustment. The value of public utilities is not added into the "Total Equalized Value Not Including Utility Value or Equalized Railroad Taxes."

EQUALIZED ASSESSED VALUATION: The equalized assessed valuation represents the equalized value of all "taxable" properties in a municipality and is the sum of the "modified local assessed valuation" plus the DRA inventory adjustment.

PAYMENT IN LIEU OF TAXES: The equalized value for payments received in lieu of taxes includes State & Federal Forest Land Reimbursements, Recreation Land Reimbursements, Flood Land Reimbursements, renewable energy facilities (if applicable) and others.

RAILROAD TAX: The equalized value for monies received from the railroad tax. This figure is not included in the "Total Equalized Valuation Not Including Utility Values and Equalized Railroad Taxes."

TOTAL EQUALIZED VALUATIONS INCLUDING UTILITY VALUE AND EQUALIZED RAILROAD TAXES: This figure represents the sum of the equalized assessed valuation, the equalized value of payments in lieu of taxes and the equalized value of the railroad tax monies.

The Total Equalized Valuation including the value of utilities and equalized value of railroad monies reimbursed to municipalities represents the equalized value of all property in a municipality including utilities and will be used to:

- Apportion county taxes for the 2019 tax year;
- Calculate state reimbursements, and;
- Apportion cooperative school taxes for the 2019 tax year.

LOCAL TAX RATE: The local tax rate, also known as the actual tax rate, is calculated by the Department of Revenue Administration, Municipal Services Division. The tax rate includes the municipal, county, local school and state education property tax rates.

EQUALIZATION RATIO: The 2018 equalization ratio as determined by a ratio study conducted by the Department of Revenue Administration's Equalization staff.

FULL VALUE TAX RATE: The 2018 gross local property taxes to be raised as reported by the Department of Revenue Administration, Municipal & Property Division, divided by the total equalized valuation including utility values and equalized railroad taxes. This figure represents the estimated tax rate for a municipality if all the taxable property was assessed at 100% and includes the equalized value of properties for which a payment in lieu of property taxes is made.

% PROPORTION TO COUNTY TAX: The percentage of proportion to \$1,000 of tax that is to be allocated to each town within the county comparing each municipality's total equalized value to the total equalized value of the county.

% PROPORTION TO STATE TAX: The percentage of proportion to \$1,000 of tax that is to be allocated to each town within the state by comparing the town's total equalized value to the total equalized value of the state.

COUNTY & STATE TAX RATE: The sum of the 2018 gross property taxes to be raised by each municipality in each county and the state divided by the total net local assessed value for each municipality in each county and the state.

STATE & COUNTY RATIOS: The state and county gross assessed values divided by the total equalized valuation. The state and county ratios are calculated for statistical purposes only and are not applied to any figure as part of the equalization process.

APPEAL OF TOTAL EQUALIZED VALUATION

Municipalities were sent their 2018 Notification of Total Equalized Valuations on **April 26, 2019**.

Per RSA 71-B:5, II, any municipality aggrieved by the total equalized valuation as determined by the DRA must appeal to the Board of Tax and Land Appeals in writing **within 30 days of the town's notification** of the municipality's total equalized valuation.

The appeal period is not extended due to any communication, either verbal or written, between the DRA and a municipality regarding the total equalized valuation.

2018 Equalization Survey

“Not Including Utilities and Railroads”

May 1, 2019

This report presents the results of the 2018 Equalization Survey “**not including utilities and railroads.**” It was conducted by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3 XIII (*Revised 4/1/99*) which states:

"XIII. Equalize annually by May 1 the valuation of the property as assessed in the several towns, cities, and unincorporated places in the state including the value of property exempt pursuant to RSA 72:37, 72:37-b, 72:39-a, 72:62, 72:66 and 72:70 by adding to or deducting from the aggregate valuation of the property in towns, cities and unincorporated places such sums as will bring such valuations to the true and market value of the property, and by making such adjustments in the value of other property from which the towns, cities, and unincorporated places receive taxes or payments in lieu of taxes as may be equitable and just, so that any public taxes that may be apportioned among them shall be equal and just. In carrying out the duty to equalize the valuation of property, the commissioner shall follow the procedures set forth in RSA 21-J:9-a."

To accomplish the foregoing, assessment ratio studies were conducted to determine how the average level of assessment for all cities and towns compares with the statutory 100% ratio so that taxes can be apportioned equitably.

The Department of Revenue Administration has completed its process of calculating the total equalized valuation of all the municipalities and unincorporated places throughout the state. The ratios reported for each municipality in this survey were derived by comparing the sale prices of sales of land, land and buildings and manufactured housing, covering the period of October 1, 2017, to September 30, 2018, against the actual assessments levied by the municipalities. Sales information was verified by the grantee whenever possible by means of Form PA-34, Inventory of Property Transfer. Our goal is to use only arm's-length sales that transferred for market value in this analysis. Every effort has been made to exclude non-arm's length transactions including but not limited to: sales involving courts and government agencies, sales between relatives or corporate affiliates, sales settling an estate, forced sales, etc.

Every municipality was notified of its 2018 sales assessment ratio. These ratios were used in conjunction with other Department of Revenue adjustments to determine each municipality's total equalized value for purposes of RSA 21-J:3 XIII.

The following is an explanation of the information contained in this report.

MODIFIED ASSESSED VALUATION: The modified assessed valuation for each municipality as reported to the Department of Revenue Administration on the municipality's 2018 MS-1, Summary Inventory of Valuation "not including utility values taxed pursuant to RSA 83-F."

GROSS LOCAL ASSESSED VALUATION is the sum of all assessed values in the municipality minus:

- Certain Disabled Veteran's: RSA 72:36-a
- Improvements to Assist Persons who are Deaf: RSA 72:38-b, V
- Improvements to Assist Persons with Disabilities Exemption: RSA 72:37-a
- School Dining/Dormitory/Kitchen Exemption: RSA 72:23, IV (\$150,000 max per exemption)
- Water & Air Pollution Control Exemption: RSA 72:12-a

= MODIFIED ASSESSED VALUATION is used to calculate the total equalized valuation minus:

- Blind Exemption: RSA 72:37
- Disabled Exemption: RSA 72:37-b
- Deaf Exemption: RSA 72:38-b
- Elderly Exemption: RSA 72:39-a & b
- Solar Energy System Exemption: RSA 72:62
- Wind Powered Energy System Exemption: RSA 72:66
- Wood-Heating Energy System Exemption: RSA 72:70
- Additional School Dining/Dormitory/Kitchen Exemption: RSA 72:23, IV (Exemption amount > \$150,000)

= NET LOCAL ASSESSED VALUATION Not Including Utility Valuation

The State Education property tax rate is computed using the Net Local Assessed Valuation Not Including Utility Valuation.

TAX INCREMENT FINANCE DISTRICTS (TIFS): RSA 162-K:10, III - The retained captured assessed value is added to the modified assessed value and will be equalized for all TIF districts created after 4/29/99. The original assessed value and any unretained value is used to set a municipality's tax rates.

DRA INVENTORY ADJUSTMENT is the sum of the adjustments of the modified local assessed valuation is divided into two categories.

Category 1: The total modified local assessed value of land (excluding land in current use, conservation restriction assessment, discretionary easements, and utilities) buildings and manufactured housing is equalized by the 2018 equalization ratio. This category includes discretionary preservation

easements, taxation of farm structures, and land under farm structures. The difference between the modified local assessed valuation of land, buildings and manufactured housing and the equalized value equals the DRA adjustment for land, buildings, and manufactured housing.

Category 2: An adjustment for land assessed at current use, conservation restriction assessment, and discretionary easement values are made. This adjustment is calculated by dividing the total net local assessed valuation for land in these two categories by the 2017 equalization ratio to obtain the equalized value of current use, conservation restriction assessments and discretionary easements. If a municipality has had a full revaluation cyclical revaluation or statistical revaluation as defined by Rev 601.24, 601.25 and 601.16, a ratio of 100.0 is used.

The difference between the local assessed value of the land and the equalized value equals the DRA adjustment for current use, conservation restriction assessments, and discretionary easements.

EQUALIZED ASSESSED VALUATION: The equalized assessed valuation represents the sum of the “modified local assessed valuation” plus the DRA inventory adjustment. The equalized assessed valuation represents the equalized value of all “taxable” properties in a municipality.

PAYMENT IN LIEU OF TAXES: The equalized value for payments received in lieu of taxes includes State & Federal Forest Land Reimbursements, Recreation Land Reimbursements, Flood Land Reimbursements, renewable energy facilities (if applicable) and others.

TOTAL EQUALIZED VALUATIONS NOT INCLUDING UTILITY VALUE AND EQUALIZED RAILROAD TAXES: This figure represents the sum of the equalized assessed valuation and the equalized value of payments in lieu of taxes.

The **2018** “total equalized valuation not including utility and equalized value of railroad monies reimbursed to municipalities” will be used to apportion the State Education property tax for the tax year 2020. The **2017** total equalized valuation not including utilities and the value of railroad monies reimbursed to municipalities will be used to apportion the state education property tax for the tax year 2019.

EQUALIZATION RATIO: The 2018 equalization ratio as determined by a ratio study conducted by the Department of Revenue Administration’s equalization staff.

% PROPORTION TO STATE TAX: The percentage of proportion to \$1,000 of tax that is to be allocated to each town within the state by comparing the town’s total equalized value to the total equalized value of the state.

APPEAL OF TOTAL EQUALIZED VALUATION

Municipalities were sent their 2018 Notification of Total Equalized Valuations on **April 26, 2019**.

Per RSA 71-B:5, II, any municipality aggrieved by the total equalized valuation as determined by the DRA must appeal to the Board of Tax and Land Appeals in writing **within 30 days of the town's notification** of the municipality's total equalized valuation.

The appeal period is not extended due to any communication, either verbal or written, between the DRA and a municipality regarding the total equalized valuation.

2018 Comparison of Full Value Tax Rates

The full value tax rate represents the estimated tax rate for a municipality if all the taxable property was assessed at 100% and includes the equalized value of properties for which a payment in lieu of property taxes is made.

The full value tax rate is calculated as follows: The 2018 gross local property taxes to be raised as reported by the Department of Revenue Administration, Municipal & Property Division, divided by the total equalized valuation including utility values and equalized railroad taxes.

The full value rates are ranked in ascending order from lowest to highest. If two municipalities have the same full value tax rate they are ranked with the same number. The unincorporated towns (signified by N/A in the Rank column) have no 2018 tax rate, and thus are not ranked.

The full value tax rate can only be used to make a limited comparison of what a property in one municipality would pay for taxes to a property of equal value in another municipality.

For example:	Town A	<u>100,000 X 21.95</u>	
		1000 =	\$2,195.00
	Town B	<u>100,000 X 26.56</u>	
		1000 =	\$2,656.00

Due to diverse real estate values in New Hampshire, properties of equal value do not equate to properties of equal size or quality.

Prior to making any assumptions or decisions regarding a property owner's tax burden in a municipality, other factors should be considered such as real estate values, municipal services, schools, community make-up, and locational factors including proximity to urban areas, medical facilities, highways, recreation areas, etc.
