TECHNICAL INFORMATION RELEASE
TIR 2009-012 Date September 3, 2009

The purpose of this information release is to advise taxpayers and tax preparers of changes to the interest rates, established by RSA 21-J:28, for calendar year 2010. Questions should be directed to the Central Tax Services Unit, at (603) 271-2191.

NEW INTEREST RATES SET

The annual underpayment and overpayment interest rates for calendar year 2010 are established by RSA 21-J:28. Effective January 1, 2010 through December 31, 2010, the State of New Hampshire interest rates, applicable on taxes administered by the Department of Revenue Administration, will be 6% for underpayments and 3% for overpayments. The interest rates listed below apply to the number of days during the period that the payment remains unpaid or the refund is owed.

The New Hampshire statutes governing interest rates were amended in 1995 [CH 268] to require that starting on January 1, 1998, and determined annually thereafter, the New Hampshire interest rates would be based upon the rates set by the federal government under Internal Revenue Code § 6621(a)(2). RSA 21-J:28, II provides that the “annual underpayment rate” (the interest rate on tax due) is tied to the underpayment rate specified in the Internal Revenue Code of 1986, as in effect on the September 1 immediately preceding such calendar year, plus 2 percentage points. RSA 21-J:28, III provides that the “annual overpayment rate” (the interest rate paid on refunds) is to be 3 percentage points less than the rate set in RSA 21-J:28, paragraph II. The underpayment rate specified in the Internal Revenue Code § 6621(a)(2) for the period from July 1, 2009 through September 30, 2009 is 4%.
