Carollynn J. Lear
Assistant Commissioner

Testimony of Commissioner Lindsey Stepp

Governor's Budget Hearings, FY 2022 / FY 2023 Operating Budget

November 19, 2020

Good morning, and thank you for allowing me the opportunity to present the FY 2022 and FY 2023 operating budget request from the Department of Revenue Administration (DRA). With me today are Assistant Commissioner Carollynn Lear and Business Administrator Shelley Gerlarneau, and on the phone are Division Directors Fred Coolbroth, Deb Bourbeau, Ora LeMere and James Gerry, and IT Lead Karen Sampson.

The mission of the DRA is to fairly and efficiently administer the tax laws of the State of New Hampshire, collecting the proper amount of taxes due, incurring the least cost to the taxpayers, in a manner that merits the highest degree of public confidence in our integrity. Further, we provide prompt and constructive assistance to the municipal units of government in matters of budget, finance, and the appraisal of real estate. Together, we developed a thoughtful operating budget that will provide the resources for our team to administer the tax laws of our state for another two fiscal years in a manner that is consistent with this mission. As the primary revenue collection agency, we are certainly aware of the current revenue picture and have worked hard to produce a budget that is in consistent with the targets provided.

In Fiscal Year 2020, the DRA collected \$2.2 billion in state revenue with total expenses of less than \$19.4 million, some of which is for activities unrelated to revenue collection such as local assessment reviews and state aid. When those unrelated costs are accounted for, our cost of collection is three quarters of one percent. The slides included with this testimony explain how we were able to build a biennial budget that continues to be an unparalleled return on state tax dollar investment.

We look forward to working with you, Governor, and the Legislature as you build the next two-year operating budget.
