Our Mission

The mission of the Department of Revenue Administration is to fairly and efficiently administer the tax laws of the State of New Hampshire, collecting the proper amount of taxes due, incurring the least cost to the taxpayers, in a manner that merits the highest degree of public confidence in our integrity. Further, we will provide prompt and constructive assistance to the municipal units of government in matters of budget, finance, and the appraisal of real estate.

Assistant Commissioner

October 3, 2018

His Excellency,
Governor Christopher T. Sununu
And Honorable Council

Dear Governor Sununu and Honorable Councilors,

It is my pleasure to present the Department of Revenue Administration's (DRA) 2018 annual report, as required by RSA 20:7, to you and the citizens of New Hampshire. This report is intended to provide readers with current insight into the activities of the operational units within the DRA, as well as data regarding the taxes we collect and the municipal finance and assessing laws that we administer.

During State Fiscal Year (FY) 2018, DRA focused on continuing to improve our customer service through technology, internal reorganization and utilization of performance metrics. From a technology perspective, the DRA completed the final phase of the Modernized e-File project, launching electronic Business Tax return filing and payment for proprietorships and fiduciaries. This completes a four-year long project to implement convenient electronic filing of most Business Tax and Interest and Dividends Tax returns. Final contract negotiations are also underway for DRA's modernized integrated tax system with the first phase of implementation expected to occur in FY 2019. In anticipation of the modernized integrated tax system, the Division of Taxpayer Services was established within the Department. The Division of Taxpayer Services serves as a one-stop shop for most routine customer interactions including, answering taxpayer questions, account maintenance, and processing of documents and revenue. Over the past year the DRA has also focused on establishing and tracking performance metrics by Division in order to assist staff in tracking progress and identifying areas for improvement. The areas highlighted here are just a few examples of what the DRA is doing to improve customer service and build a foundation for modernizing the operations of the DRA over the next few years.

Thank you for taking the time to review this annual report. If you have any questions, or if you require any additional information, please do not hesitate to contact me directly.

Sincerely,

Lindsey M. Stepp
Commissioner

ASSISTANT
COMMISSIONER
Carollynn J. Lear

Division Primary Functions

Administration Unit

The Administration unit performs administrative functions necessary to support Department of Revenue Administration (DRA) operations including accounting, purchasing, administrative hearings, tax policy and legislative analysis, fleet and facility maintenance, human resources, legal services, and project management.

Audit Division

The Audit Division conducts audits of tax returns of individuals, partnerships, estates, trusts, corporations, and documents filed with DRA to ensure compliance with New Hampshire tax laws and rules.

Collections Division

The Collections Division initiates collection activities in pursuit of delinquent tax returns and outstanding payments for all taxes administered by DRA. Issues wholesale tobacco tax licenses, meals and rentals tax licenses, and sells tobacco tax stamps.

Municipal and Property Division

The Municipal and Property Division (M&P) establishes and approves municipal, school, county and village district tax rates. Provides technical assistance, relative to taxation and finance, to the political subdivisions of the state; and prescribes a uniform chart of accounts for all municipalities, schools, counties, and village districts. Assists and educates municipalities with the methods of appraisal and assessment of real property. Provides revaluation monitoring statewide to municipalities and conducts once in five-year assessment reviews. M&P equalizes the local assessed valuation of each municipality to bring such valuations to the full and true market value of the property. Advises and assists municipalities and taxpayers in timely collection of the excavation tax. Advises and assists municipalities and taxpayers in full and true appraisals and timely collection of timber yield tax. M&P appraises public utility, railroad property for equalization and state utility property tax, as well as local tax purposes. The Division assists local municipalities with the administration of the Current Use law RSA 79-A.

Department of Information Technology

The embedded Department of Information Technology personnel designs, develops, and maintains computerized systems to support the administration of taxes and to automate labor intensive functions.

Taxpayer Services Division

The Taxpayer Services Division processes taxpayer documents in an accurate and efficient manner. Provides general taxpayer assistance to the public for all taxes administered by the Department and maintains taxpayer accounts.

Employee of the Year

Angela Camire

Angela has worked for the Department of Revenue for over 16 years, her entire tenure in the Division now known as the Taxpayer Services Division. Angela began her employment at the DRA as a Data Control Clerk II, earning various promotions throughout the years. Angela now holds the position of Program Specialist IV, one of the key positions associated with the DRA's systems upgrade to the Revenue Information Management System (RIMS). Angela upholds the Department's core values of respect and teamwork; her never ending pursuit of excellence has made her an essential member of the Taxpayer Services (TPS) Leadership Team. Angela has been instrumental in moving the Division forward with various projects related to system improvements, data integrity, review and statistical data. Angela understands that building relationships is vital to the successful completion of projects and actively encourages collaboration among work groups.

SUMMARY OF TAXES ADMINISTERED BY THE DEPARTMENT OF REVENUE ADMINISTRATION FY 2018

This is only a brief summary of certain New Hampshire taxes administered by the Department of Revenue Administration. This summary is not intended to be relied upon as a full and complete text. Please refer to the applicable forms, instructions, rules and to the laws cited below to determine how this information applies to specific persons or situations.

BUSINESS PROFITS TAX – RSA CHAPTER 77-A

The Business Profits Tax (BPT) has historically been one of the largest sources of general fund revenue. Enacted in 1970 as a replacement for the municipal property tax on stock-in-trade, farm livestock, poultry, fuel pumps, mills and machinery, the initial rate was established at 6%. The rate steadily increased to a high of 9.56% in Fiscal Year (FY) 1983. The rate then decreased to 7% beginning FY 1995, then increased to 8% for tax years ending on or after July 1, 1999. The rate of 8.5% was effective for all returns and taxes due on account of taxable periods ending on or after July 1, 2001. For taxable periods ending on or after December 31, 2016, the BPT rate was reduced to 8.2%. For taxable periods ending on or after December 31, 2018, the BPT rate is reduced to 7.9%, because, in accordance with Chapter 274:23, Laws of 2015, the amount of combined unrestricted general and education trust fund revenue collected for the biennium ending June 30, 2017 was more than \$4.64 billion. For taxable periods ending on or after December 31, 2019, the BPT rate will be reduced to 7.7%; and for taxable periods ending on or after December 31, 2021, the BPT rate will be reduced to 7.5%. The BPT is assessed on income from conducting business activity within the state. For multi-state businesses, income is apportioned using a weighted sales factor of two and the standard payroll and property factors. Organizations operating a unitary business must use combined reporting in filing their NH return. Four annual estimate payments are required on liabilities greater than \$200, paid at 25% each. BPT return due dates are consistent with federal return due dates based on the taxpayer's entity type. Business organizations with \$50,000 or less of gross business income from all their activities are not required to file a return. Business organizations, however, that realize a gain or loss on the sale or exchange of an interest in the business organization shall file a return for the taxable period, regardless of whether or not the business organization's gross business income is in excess of \$50,000 during the taxable period.

BUSINESS ENTERPRISE TAX – RSA CHAPTER 77-E

In 1993, a 0.25% tax was enacted on taxable enterprise value tax base, which is the sum of all compensation paid or accrued, interest paid or accrued, and dividends paid after special adjustments and apportionment. Chapter 17, Laws of 1999 increased the rate from 0.25% to 0.5%. The rate was increased to 0.75% in 2001. For taxable periods ending on or after December 31, 2016, the Business Enterprise Tax (BET) rate was reduced to 0.72%. For taxable periods ending on or after December 31, 2018, the BET rate is reduced to .675%, because, in accordance with Chapter 274:24, Laws of 2015, the amount of combined unrestricted general and education trust fund revenue collected for the biennium ending June 30, 2017 was more than \$4.64 billion. For taxable periods ending on or after December 31, 2019, the BET rate will be reduced to .6%; and for taxable periods ending on or after December 31, 2021, the BET rate will be reduced to .5%. In 2001, the filing threshold increased to \$150,000 (from \$100,000) of gross business receipts or \$75,000 (from \$50,000) of the enterprise value tax base. In 2013, the filing thresholds increased to \$200,000 (from \$150,000) of gross business receipts or \$100,000 (from \$75,000) of the enterprise value tax base. Beginning with taxable periods ending on or after December 31, 2015, the Commissioner is required to biennially adjust these filing threshold amounts using the Consumer Price Index, Northeast Region. Four annual estimate payments are required on liabilities greater than \$260 for taxable periods ending on or after December 31, 2013; paid at 25% each on the 15th day of the 4th, 6th, 9th and 12th months of the taxable year. The BET return is due at the same time the BPT return is due. The BET may be used as a credit against the BPT under RSA 77-A:5. Any unused portion of the credit may be carried forward and allowed against the BPT for 5 taxable periods from the taxable period in which the BET was paid for credits from taxable periods ending before December 31, 2014, and for 10 taxable periods from the taxable period in which the BET was paid for credits from taxable periods ending on or after December 31, 2014.

COMMUNICATIONS SERVICES TAX – RSA CHAPTER 82-A

First enacted in 1990 at 5.5%, this tax was assessed upon two-way communications services. Chapter 158, Laws of 2001, increased the permanent portion of the tax to 4.5% and continued the surtax of 2.5%, resulting in an overall tax rate of 7% for the period beginning July 1, 2001 and ending June 30, 2003. A permanent rate of 7% was passed effective July 1, 2003. Retailers must register with the Department and are required to collect and remit the tax. Communications Services Tax returns must be filed by the provider on the 15th day of the month for the preceding calendar month unless the average monthly liability is less than \$100. Any provider/retailer who can reasonably estimate its average monthly liability to be in excess of \$10,000 is required to make an estimated payment equal to 90% of the actual tax collected. This payment is due on or before the 15th day of the month during which the liability is incurred.

EDUCATION PROPERTY TAX – RSA 76:3

Under Chapter 17, Laws of 1999, the Education Property Tax was established. The tax is assessed and collected by municipalities to be retained for use by their local school districts. The rate was originally \$6.60 per thousand of equalized valuation without utilities. The tax appears on the same bill with the other property taxes administered at the local level. The effective date of this tax was April 1, 1999. The sunset provision of the Education Property Tax was repealed, making the tax a permanent revenue source dedicated to funding education. As of April 1, 2005, the rate was \$3.33 per \$1,000. Beginning July 1, 2005, and every fiscal year thereafter, the Commissioner is required to set the education tax rate at a level sufficient to generate revenue of \$363,000,000.

ELECTRICITY CONSUMPTION TAX – RSA CHAPTER 83-E

Effective May 1, 2001, the Electricity Consumption Tax is imposed at a rate of \$.00055 per kilowatt hour on persons, including governmental units, distributing, redistributing or transmitting electrical energy for consumption in this state. The tax is paid by the consumer and collected and submitted by distribution companies, except in the case of consumers who generate their own power. These self-generating companies or individuals must submit tax returns on their own behalf. Returns (Form DP-133) must be filed on the 15th day of the second month following the month in which the electrical energy was provided to a consumer and for which tax is due. Effective January 1, 2019, the Electricity Consumption Tax is repealed.

INTEREST & DIVIDENDS TAX – RSA CHAPTER 77

The Interest & Dividends (I&D) Tax, which was first enacted in 1923, applied a tax based on the “average rate of property taxation” upon the income and dividend income received by New Hampshire residents from sources other than New Hampshire and Vermont banks. The tax was changed significantly in FY 1995 to eliminate the exemption on income from New Hampshire and Vermont banks. In conjunction with this change, the personal exemption increased from \$1,200 to \$2,400. The exemption for joint filers increased from \$2,400 to \$4,800. Estimated I&D Tax payments are due April 15th, June 15th, September 15th and January 15th on tax liabilities greater than \$500. The I&D Tax return is due on April 15th. Additional exemptions are available for residents who are 65 years of age, who are blind, and who are handicapped and unable to work, provided they have not reached their 65th birthday. The current tax rate of 5% has remained the same since FY 1977. For taxable periods ending on or after December 31, 2013, trusts are no longer taxable under the I&D Tax. Instead, interest and dividend income received

by the grantors or beneficiaries of trusts, to the extent that they are inhabitants or residents of New Hampshire, is subject to taxation.

LOCAL PROPERTY TAX – RSA CHAPTER 76

Property taxes, based upon local assessed valuations, are administered and collected by the individual cities and towns. The majority of property taxes collected are based on the market value of the property at its highest and best use. Some property taxes, however, are based on the market value of a property's actual use, such as:

- Current use assessments under RSA Chapter 79-A for certain farm land, forest land, and unproductive land. The program is for properties dedicated to remaining as open space. A Land Use Change Tax of 10% of the market value of the property is charged upon the occurrence of a disqualifying event (usually a development, use or sale of a portion of a property). Typically ten acres or more of dedicated land is required. Application to local officials on or before April 15th is required.
- Taxes on the value of standing timber assessed under RSA Chapter 79. These are assessed by local officials, at a rate of 10% of the value of the standing timber. The annual filing of an intent to cut and the subsequent report of timber cut are required.
- Taxes on the value of gravel and excavated materials assessed under RSA Chapter 72-B. These are assessed at a rate of \$.02 per cubic yard of earth excavated.

Local Property Tax Exemptions, Credits and Deferrals

Elderly Exemption – RSA 72:39-a

Effective July 23, 1996, RSA 72:39-a replaced the Standard, Expanded, Adjusted and Optional Adjusted Elderly Exemptions. The statute sets the minimum exemption, which the cities and towns may modify as follows:

- Different dollar amounts for qualified residents ages 65-75, 75-80, and 80 or older;
- Net income limitations, including social security or pension payments; and
- Net asset limitations.

Blind Exemption – RSA 72:37

The exemption for the legally blind must be adopted by the municipality. The exemption is a minimum \$15,000 reduction of the assessed value of residential real estate (as defined in RSA 72:29, II) and could be higher if amended through referendum vote.

Deferral for the Elderly or Disabled – RSA 72:38-a

Property taxes are deferred and accrue interest at the rate of 5% per annum for qualifying taxpayers. The deferred property tax may not exceed more than 85% of the equity value of the residence. If granted by the assessing officials, the deferral is available to any resident property owner who is 65 years or older, or eligible for benefits for the totally and permanently disabled under the federal Social Security Act, has owned the home for at least 5 years (or one year if eligible under the federal Social Security Act), and is currently residing there.

Veterans' Tax Credits and Disabled Exemption

Qualified residents are entitled to the following tax credits in the following amounts, which are to be deducted from their tax bills:

- **RSA 72:28** – The standard veterans' tax credit in the amount of \$50 unless, alternatively, the municipality adopts the optional veterans' tax credit which is an amount from \$51 up to \$750;
- **RSA 72:28-b** – The all veterans' property tax credit if adopted by the municipality, in the amount of the standard or optional veterans' tax credit in effect in the municipality;
- **RSA 72:29-a** – The standard surviving spouse tax credit in the amount of \$700 unless, alternatively, the municipality adopts the optional surviving spouse tax credit which is an amount from \$701 up to \$2,000; and
- **RSA 72:35** – The standard service-connected total disability tax credit in the amount of \$700 unless, alternatively, the municipality adopts the optional service-connected total disability tax credit which is an amount from \$701 up to \$2,000.

Certain Disabled Veterans' Exemption under RSA 72:36-a: an otherwise qualified resident who is totally and permanently disabled from service connection, who is a double amputee, paraplegic, or has blindness of both eyes with visual acuity of 5/200 or less as the result of service connection, and who owns a specially adapted home acquired with the assistance of the United States Department of Veterans Affairs is exempt from all taxation on that home.

Tax Exemption for Improvements to Assist Persons with Disabilities – RSA 72:37-a

This exemption is limited to any increase in the assessed value of residential real estate owing to improvements made by the resident owner for the purpose of assisting a person with a disability who also resides on the residential real estate.

Tax Exemptions for Wind-Powered, Solar, and Woodheating Energy Systems RSAs 72:66, 72:62, 72:70

These exemptions are optional to the cities and towns, and must be voted upon locally.

Tax Exemption for the Disabled – RSA 72:37-b

This exemption is available to persons eligible under the Social Security Act for benefits to the disabled. It is applicable only on the applicant's principal place of abode. The exemption is optional and must be voted on by the municipality, which also determines the amount of the exemption and the income/asset limitations.

MEALS & ROOMS (RENTALS) TAX – RSA CHAPTER 78-A

The Meals and Rooms (Rentals) (M&R) Tax was enacted in 1967 at a rate of 5%. The tax is assessed upon patrons of hotels, restaurants, and motor vehicle rental establishments on certain rentals of rooms and motor vehicles, and upon meals costing \$.36 or more, but collected and remitted to the State by operators. Chapter 144, Laws of 2009, increased the rate from 8% to the current rate of 9%. An M&R Tax operator's license is required. The M&R Tax is required to be remitted to the State on the 15th day of the month following the collection of tax, accompanied by the M&R Tax return. An M&R operator is required to maintain books and records showing the amount of tax collected and to remit the tax monthly to the State, less a 3% commission.

MEDICAID ENHANCEMENT TAX – RSA CHAPTER 84-A

The Medicaid Enhancement Tax (MET) was enacted in 1991 at a rate of 8% of gross patient services revenue of every hospital. In 1993, the rate was changed to be established by legislation each biennium upon the gross patient services revenue of every hospital for the hospital's fiscal year ending during the first full calendar year preceding the taxable period. If the Legislature failed to set the rate of tax on or before April 1, preceding the first fiscal year of the biennium, the tax rate was to be zero for that biennium. In no event was the rate of the tax be greater than 6 percent for any biennium. In 1998, the law was amended to require the Legislature to set the tax rate on or before May 1. In 2003, the tax rate was changed to 6% of gross patient services revenue. In 2004, the 6% tax on gross patient services revenue was changed to a 6% tax upon the "net" patient services revenue of every hospital. In 2007, the tax rate was reduced to 5.5% of net patient services revenue. For taxable periods ending June 30, 2014 and prior, hospitals were required to pay 100% of the tax due for the taxable period no later than the 15th day of the fourth month of the taxable period and were required to file a tax return with the Department on or before the 10th day of the month following the expiration of the taxable period. For taxable periods beginning July 1, 2014 and after, special hospitals for rehabilitation are no longer included in the definition of "hospital" and hospitals are required to file a return on or before the 15th day of April in the taxable period. In addition, every hospital shall on or before January 15 in the taxable period make a nonbinding estimate of its projected tax payment. The tax rate decreased to 5.45% for the taxable period ending June 30, 2016, and to 5.4% for the taxable period ending June 30, 2017, and for every taxable period thereafter.

REAL ESTATE TRANSFER TAX – RSA CHAPTER 78-B

The Real Estate Transfer Tax (RETT) was first enacted in 1967. Chapter 17, Laws of 1999, increased the permanent tax rate assessed on the sale, granting, and transfer of real estate and any interest in real estate to \$.75 per \$100, or fractional part thereof, of the price or consideration. This rate is assessed on both the buyer and seller for a combined tax rate of \$1.50 per \$100. Where the price or consideration is \$4,000 or less, there is a minimum tax of \$20 assessed on both the buyer and seller. The tax is paid at the Registry of Deeds office in the county where the property is located. A Declaration of Consideration (Form CD-57) must be filed with the Department by both the purchaser and seller no later than 30 days from the recording of the deed at the Registry of Deeds or transfer of real estate, whichever is later.

RAILROAD TAX – RSA CHAPTER 82

Every railroad, railway, express, and every parlor, sleeping or dining car company, or other company not a railroad company owning any cars operated for profit on any railroad in this state shall pay an annual Railroad Tax as of April 1 of each year. The Railroad Tax is assessed on the market value of the property and estate in this state of any such company. The tax is imposed at the average rate of taxation at that time upon other property throughout the State. Railroad “property” applies to both railroad companies (an enterprise, corporation, partnership, etc.) and private rail cars operated for profit on any railroad in the State.

TOBACCO TAX – RSA CHAPTER 78

The Tobacco Tax is a direct tax upon the consumer at retail. However, it is pre-collected and paid by the wholesaler. It is presumed the Tobacco Tax has been pre-collected and paid by the wholesaler by the affixing of a Tobacco Tax stamp on the tobacco product. The Tobacco Tax was first enacted in 1939. Originally the tax was based upon the value at the usual selling price of all tobacco products. In 1975, the tax was changed to a flat rate of \$0.12 per package of 20 cigarettes. At that time, there was no tax on other tobacco products. Over the next 34 years the tax was increased from \$0.12 to \$1.78 per package. In 2011, the Tobacco Tax rate was decreased from \$1.78 to \$1.68 for each package containing 20 cigarettes or at a rate proportional to such rate for packages containing more or less than 20 cigarettes. As of August 1, 2013, the Tobacco Tax rate increased from \$1.68 to \$1.78 for each package containing 20 cigarettes, per Chapter 224:379 through 381, Laws of 2011. In 1991, the Legislature enacted a tax on tobacco products other than cigarettes (OTP Tax) at the rate “proportional to the cigarette tax, having such ratio to the usual wholesale price of the tobacco product other than

cigarettes as the cigarette tax bears to the usual wholesale price of the cigarettes.” In 2003, the OTP Tax was changed to 19% of the wholesale sales price. The OTP Tax rate was changed again in 2009 to 48.59% of the wholesale sales price, and then in 2010 to a rate of 65.03% of the wholesale sales price. In 2011, the OTP Tax rate was decreased to 48% of the wholesale sales price. As of August 1, 2013, the OTP Tax rate increased from 48% to 65.03% of the wholesale sales price, per Chapter 224:379 through 381, Laws of 2011. Wholesalers are required to report their tax liability for the collection of the OTP Tax on a monthly basis. The return is due on or before the 15th day of the month following the end of the reporting period. Wholesalers may file quarterly, but permission to file quarterly must be pre-approved, in writing, by the Department.

UTILITY PROPERTY TAX-RSA CHAPTER 83-F

Utility property is defined, in part, as “all real estate, buildings, and structures, machinery, dynamos, apparatus, poles, wires, fixtures of all kinds and descriptions, and pipe lines located within New Hampshire employed in the generation, production, supply, distribution, transmission, or transportation of electric power or natural gas, crude petroleum and refined petroleum products or combinations thereof, water, or sewage subject to tax under RSA 72:6, 72:7 and 72:8, but not exempt under RSA 72:23,” excluding water and air pollution control facilities exempt from local property taxation under RSA 72:12-a. In 2011, “utility property” was amended to also exclude: the electrical generation, production, and supply equipment of an “eligible customer-generator” as defined in RSA 362-A:1-a, II-b; property used for the retail distribution of fuel for personal, non-commercial use, use as a fuel in a motorized vehicle, home cooking, or heating; and that portion of a manufacturing establishment’s generation, production, supply, distribution, transmission, or transportation of electric power or natural gas, crude petroleum and refined petroleum products or combinations thereof, water, or sewage subject to tax under RSA 72:6, 72:7, and 72:8, but not exempt under RSA 72:23, that is expended, used, or consumed on-site primarily for the operation of the manufacturing establishment and that does not otherwise enter the stream of commerce.

The Utility Property Tax rate is \$6.60 per \$1,000 of value of utility property. On December 1 of each year the Department determines the market value of utility property as of the previous April 1. The tax is due annually on or before January 15th. Every corporation or company required to pay Utility Property Tax must file a declaration of its estimated Utility Property Tax for the subsequent taxable period, accompanied by payment of 1/4 of the estimated tax due, on or before April 15 of each year. Additional quarterly estimated payments of the Utility Property Tax are due on June 15th, September 15th, and December 15th.

New Hampshire FY 2018 Legislative Session in Review

This Legislative Review is published as a convenient reference guide of relevant statutory changes made during the 2018 Legislative Session by the New Hampshire General Court. This review is intended to provide a summary or synopsis of enacted legislation. It is not intended to be relied upon as a full and complete text or as a substitute for the actual state law. Please refer to the applicable statute and rules to determine how this information applies to specific persons or situations.

BUSINESS TAX

HB 1292 (Chapter 11) makes only a technical change to the effective dates of Laws of 2017, chapter 156, sections 213 to 216, which reduced the rates of the Business Profits Tax and the Business Enterprise Tax for tax years 2019 and 2021, from July 1 to January 1 of the respective calendar years. It does not substantively change the rate reductions which continue to apply to taxable periods ending on or after December 31, 2019, and December 31, 2021.

Statutes Amended: RSA 77-A:2 and RSA 77-E:2.

Effective Date: June 19, 2018.

HB 1819 (Chapter 357) makes various changes to the administration of the education tax credit program, including the definition of “program year” from a calendar year to one beginning July 1 and ending June 30, and its application procedures. It also allows a business organization or business enterprise to carry forward any unused portion of the education tax credit amount granted by the DRA for 5 succeeding years, but not more than \$1,000,000 in any given tax year.

Statute Amended: RSA 77-G.

Effective Date: July 1, 2018.

SB 564 (Chapter 157) establishes exemptions for a qualified regenerative manufacturing company from the Business Profits Tax and the Business Enterprise Tax. It requires a business organization or business enterprise which otherwise meets the requirements to be a qualified regenerative manufacturing company to also file an election with the DRA, which expires for taxable periods beginning after December 31, 2027. It also provides for a regenerative manufacturing workforce development program administered by the business finance authority.

Statute Added: RSA 77-A:5-c.

Statutes Amended: RSA 77-A:1 and RSA 77-E:1.

Effective Date: July 29, 2018.

INTEREST AND DIVIDENDS TAX

HB 1686 (Chapter 341) allows individuals (including “any entity having taxable interest and dividend income as described in RSA 77:3”) to apply for and, if granted by the DRA, use an education tax credit against the Interest and Dividends Tax.

Statutes Amended: RSA 77-G and RSA 77:18.

Effective Date: July 1, 2018.

REAL ESTATE TRANSFER TAX

HB 1251 (Chapter 171) removes the references to stamps as being required to indicate payment of the Real Estate Transfer Tax (RETT) and the land and community heritage investment program (L-CHIP) recording surcharge, in RSA 78-B and RSA 478:17-g, II(d). It modernizes the statutes to reflect the fact that the registry of deeds no longer affixes physical stamps to the deed, assignment, or other instrument to evidence payment of the RETT and the L-CHIP surcharge, but rather electronically prints the amount paid.

Statutes Amended: RSA 78-B and RSA 478:17-g, II(d).

Effective Date: July 1, 2018.

MUNICIPAL AND PROPERTY

HB 324 (Chapter 238) establishes a commission to study utility property valuation and recommend legislation to reform the current system of taxing utility property in New Hampshire. The commission is composed of 11 members, including one representative from the DRA.

Statute Added: RSA 72:12-e.

Effective Date: June 12, 2018.

HB 1303 (Chapter 30) authorizes a town to establish a revolving fund for the purpose of providing fire services, or both ambulance and fire services.

Statute Amended: RSA 31:95-h, I(b).

Effective Date: July 14, 2018.

HB 1304 (Chapter 61) authorizes a county convention to appropriate a contingency fund for the purpose of a forensic audit of county financial matters.

Statute Amended: RSA 24:13.

Effective Date: July 24, 2018.

HB 1356 (Chapter 296, Section 3) clarifies that notwithstanding RSA 75:3, a campground owner is not responsible for payment of any property taxes imposed on a recreational vehicle located at the campground unless the campground owner is the owner of the recreational vehicle.

Statute Amended: RSA 72:7-d, I(c).

Effective Date: June 25, 2018.

HB 1392 (Chapter 246) authorizes a budget committee established under RSA 32:14 (in addition to the governing body) to require that the tallies of its votes relative to budget items or any warrant articles be printed next to the affected warrant article if the town or school district has not voted to require the same.

Statute Amended: RSA 32:5, V-a.

Effective Date: August 11, 2018.

HB 1473 (Chapter 182) authorizes a municipality to waive the yield tax on timber harvested from land owned by, and located in, the municipality; eliminates the requirement of filing a supplemental notice when the total volume of the cut exceeds the total volume reported in the intent to cut by less than 25 percent, except where a bond is required by RSA 79:3-a or RSA 79:10-a, II; reduces the time for assessing officials to sign an intent to cut from 30 days to 15 days if all conditions for approval have been met, but allows them to sign it outside a public meeting; and requires a municipality to provide public notice of an intent to cut before it is signed by assessing officials.

Statute Added: RSA 79:3-b.

Statute Amended: RSA 79:10, I(a) and (b).

Effective Date: September 1, 2018.

HB 1673 (Chapter 282) lowers the interest rate charged on delinquent property taxes from 12 to 8 percent per annum, and on payments in redemption of real estate sold at tax sale or subject to a tax lien from 18 to 14 percent per annum. The lower interest rates apply to taxes assessed on or after April 1, 2019. It also changes the application deadline for a prorated assessment on a building damaged due to unintended fire or natural disaster from within 60 days of the event to within 60 days or by March 1, whichever is later.

Statutes Amended: RSA 76 and RSA 80.

Effective Dates: April 1, 2019 for interest rates and January 1, 2019 for prorated assessments.

SB 340 (Chapter 50) requires the DRA's assessment report to separately categorize compliance with findings that test current assessing practices since the year of the prior assessment report, examine permanent records, and summarize compliance in a single conclusion statement.

Statute Amended: RSA 21-J:11-a.

Effective Date: July 14, 2018.

SB 341 (Chapter 105) increases the maximum amount of the optional veterans' tax credit for service-connected total disability from \$2,000 to \$4,000.

Statute Amended: RSA 72:35, I-a.

Effective Date: January 1, 2019.

SB 342 (Chapter 313) changes the calculation of the default budget amount by requiring the governing body to also reduce the previous year's operating budget by the salaries and benefits for any positions that have been eliminated in the proposed budget. It also requires that the default budget be presented for questions and discussion at the first budget hearing, and that the line item details for changes to the previous year's operating budget be available for inspection by voters.

Statute Amended: RSA 40:13.

Effective Date: August 24, 2018.

SB 503 (Chapter 148) increases the maximum amount of the optional veterans' tax credit from \$500 to \$750.

Statute Amended: RSA 72:28, II.

Effective Date: April 1, 2018.

SB 510 (Chapter 232) requires the State or a county, city, town, school district, or village district which owns real or personal property used or occupied by others to annually provide written notice and a copy of the lease or other agreement to the assessing officials of the municipality in which the property is located.

Statute Amended: RSA 72:23, I(b)(1).

Effective Date: January 1, 2019.

SB 511 (Chapter 151) establishes an optional tax credit for members of the New Hampshire National Guard or reserve components of the United States armed forces engaged at any point during the tax year in combat service. The optional tax credit for combat service is an amount from \$50 to \$500.

Statute Added: RSA 72:28-c.

Statute Amended: RSA 72.

Effective Date: January 1, 2019.

ADMINISTRATIVE

HB 1104 (Chapter 279, Sections 6, 9 and 15) reduces the time limits for agency action on applications, petitions, and requests under the Administrative Procedure Act, and provides that if an agency fails to act on an application, petition, or request within the prescribed time limits, it will be deemed approved. It also establishes time limits specific to action by the DRA on appeals for redetermination or reconsideration, namely, 60 days to examine the appeal and request any additional information, and 120 days to approve or deny the appeal or commence an adjudicative proceeding.

Statute Added: RSA 541-A:29-a.

Statutes Amended: RSA 21-J:28-b and RSA 541-A:29.

Effective Date: January 1, 2019.

SB 406 (Chapter 52) authorizes the Commissioner of the DRA to require a federal criminal history records check on any employee or candidate for employment for the purpose of determining the person's suitability to access federal tax information, as required by Internal Revenue Code section 6103(p)(4). It also authorizes the Commissioner to require only a state records check or both a federal and state records check for the purpose of determining the person's suitability to access state tax information.

Statutes Amended: RSA 21-G:9 and RSA 21-J:3-a.

Effective Date: January 1, 2019.

MISCELLANEOUS

HB 1817 (Chapter 162, Section 34) removes the possibility of a future reduction in the rate of the Medicaid Enhancement Tax to the extent the total aggregate uncompensated care for hospitals with both a critical and a noncritical access hospital designation falls below \$375 million for the taxable period. The tax rate is currently set to remain at 5.4 percent.

Statute Amended: RSA 84-A:2, V.

Effective Date: June 6, 2018.

DRA HIGHLIGHTS FY 2018

Balanced Scorecard. Staff from each unit of the DRA work diligently to establish and track performance measures for key operational functions by building a Balanced Scorecard which assists managers and staff in tracking progress and identifying areas for improvements. The [Balanced Scorecard](#) is tracked monthly and the annual results are posted to the DRA website. Take a look!

Federal Tax Reform. In December 2017 the Tax Cuts and Jobs Act (TCJA) was signed into law. The TCJA represents the most expansive package of federal tax law changes enacted since the 1986 overhaul of the U.S. tax code. The New Hampshire Business Profits Tax (BPT) uses federally reported income as a starting point for purposes of calculating a taxpayer's BPT liability. Therefore, the changes made by the TCJA will also impact the BPT. During FY 2018, the DRA dedicated significant staff time and resources analyzing the potential impact of the TCJA on NH taxpayers and the BPT. This included the production of a comprehensive report on the TCJA for the Chairs of the Senate and House Ways & Means Committee and making a presentation on the TCJA at the Senate & House Ways & Means Joint Economic Briefing. Those materials can be found on the [Federal Tax Reform page](#) of the DRA's website.

Legislative Commissions. As part of the DRA's role in administering the tax laws of the state of New Hampshire, members of our team are often tasked with serving on Legislative Study Commissions. During FY2018, the Commissioner or the Commissioner's delegates served on a number of Legislative Study Commissions, including the commission to study apportionment of gross business profits under the business profits tax, the commission to study the legalization, regulation, and taxation of marijuana, and the commission to study issues relating to pre-existing districts withdrawing from a cooperative school district. The recommendations from these study commissions can be found on the General Court's website.

Tax Season at DRA. The months of March and April of each year are termed "rush" here at DRA. Rush is the period when the vast majority of our taxpayers (about 90%) file their tax returns. We take an "all hands on deck" approach to rush, with employees from all areas of the DRA pitching in to open mail and process tax returns in a timely and efficient manner. This year, DRA, led by our Taxpayer Services team, continued to excel. In March of 2018, DRA processed 32,537 tax returns and other documents representing over \$168 million in revenue. In April of 2018, DRA processed 72,975 tax returns and other documents representing over \$271 million in revenue. This reflects an almost 7% increase in the number of documents processed at DRA during the 2018 rush period compared to 2017 rush.

The New Hampshire Department of Revenue Administration's staff will always be ready to take your important phone call. To request forms, please email: forms@dra.nh.gov, or call the Forms Line at (603) 230-5001. For any other questions, please contact Taxpayer Services at (603) 230-5920.

The Legal Bureau

The Office of Revenue Counsel provides legal advice and representation to the Department, including rendering advice and legal opinions to Department personnel; managing bankruptcy cases; drafting and coordinating the adoption of administrative rules; handling Right-to-Know Law requests; representing the Department before the Board of Tax and Land Appeals and the Department's Hearings Bureau; and providing assistance and advice in connection with audits and other stages of the enforcement and administration of tax laws. In addition, the Office of Revenue Counsel coordinates and assists with the Department of Justice's representation of the Department and acts as co-counsel in certain cases.

During FY 2018, the Office of Revenue Counsel defended civil cases filed in administrative appeal tribunals and state courts concerning appeals of tax assessments and license actions, challenges to state taxing statutes, and managed bankruptcy cases in which the Department is a creditor. Revenue Counsel also managed the administrative rules process, in addition to providing advice and legal opinions. Often, the cases managed by the Office of Revenue Counsel have the potential for a substantial fiscal impact or significant precedential value. Below is a description of a few noteworthy cases.

Noteworthy Cases From FY 2018

State v. Thomas Katsiantonis, Hillsborough County Superior Court, May 2018.

Thomas Katsiantonis, a former alderman and state lawmaker, of Manchester, pled guilty to two counts of theft, four counts of tax evasion, one count of falsifying physical evidence and one count of unsworn falsification. The State requested a sentence that would have amounted to a minimum of 8 years in the New Hampshire State Prison, with additional suspended sentences. The Court sentenced Mr. Katsiantonis to 1½ to 3 years in State Prison with additional suspended sentences. Restitution will be determined at a later hearing. Additionally, Mr. Katsiantonis is prohibited from ownership or a managerial role in a business that accepts Meals & Rooms tax payments from customers.

The charges to which Mr. Katsiantonis pled guilty all stemmed from his ownership of two Manchester restaurants: Grand Slam Pizza II and Tommy K's Restaurant and Bar. Mr. Katsiantonis was licensed to operate both of these establishments with the Department. As a licensee, he was required to collect Meals and Rooms ("M&R") tax payments from restaurant patrons and to pay them to the State. During its investigation, the State discovered that for more than five years Mr. Katsiantonis purposely underreported the taxable sales from both of his restaurants, which allowed him to keep for himself over \$441,000 in M&R tax payments that had been collected from patrons and should have been remitted to the Department. In addition, this underreporting of taxable sales by Mr. Katsiantonis gave rise to the tax evasion charges. Specifically, over the tax years of 2007, 2012, 2013, and 2014, Grand Slam Pizza II evaded more than \$154,000 in Business Profits

Tax, because, by underreporting taxable sales, Mr. Katsiantonis also underreported his restaurants' taxable business profits.

Mr. Katsiantonis is currently serving a 1 ½ to 3 year sentence at the State Prison.

State v. Maria Panourgias, Hillsborough County Superior Court, August 2017

Maria Panourgias is a New Hampshire accountant who assisted a restaurant operator in an audit and provided fraudulent financial information to the Department during the audit. The State prosecuted Ms. Panourgias and she pled guilty to the charges and was sentenced to two consecutive six month sentences at the House of Corrections, both suspended for two years. As a condition of her sentence, Panourgias is prohibited from representing any tax preparer before the Department for two years, which includes a prohibition on her preparing or assisting in the preparation of tax returns. Additionally, Panourgias must pay a fine totaling \$2,000 and perform 50 hours of community service.

David Hynes v. Dep't of Revenue Administration, Strafford County Superior Court, October 2017

Mr. Hynes is a certified real estate supervisor and assessor in private practice. The Department proceeded against him for violation of certain municipal assessor regulations. In particular, Hynes made changes to real estate assessing data bases for the Town of Rye that had extensive effects on multiple properties without notifying the Town. The Department moved to decertify and suspend Mr. Hynes from appraisal practice and impose other disciplinary sanctions. After a hearing at which Hynes bore the burden of proof, the Department imposed a sanction that Hynes take and pass 35 hours of continuing education classes and USPAP classes. Mr. Hynes appealed the Department's hearing officer's decision to the Superior Court, challenging the sanction and the process. The Superior Court affirmed.

State v. Priceline.com, Merrimack County Superior Court, October 2017

The Department brought suit against a number of on-line travel companies (OTCs) alleging that they were liable for Meals and Rentals Taxes for online sales of hotel rooms and car rentals. The OTCs purchase the rights to book rooms from hotels at a wholesale price then resell the rooms to consumers at a retail price. The OTCs collect M&R Tax from the consumer at the retail price but remit the tax to the hotel and to DRA on the wholesale price and then pocket the difference. The Superior Court held after a trial that the OTCs could not be liable for the M&R Taxes because they did not meet the definition of "operator" under the statute without having actual physical control over and possession of the properties in question.

The State appealed the decision to the New Hampshire Supreme Court and a ruling is expected within FY 2019.

South Dakota v. Wayfair, Inc., United States Supreme Court, Amicus brief submitted April 2018, Supreme Court decision dated June 2018.

The Legal Bureau provided the Department of Justice assistance with New Hampshire's amicus brief to the Court. The Wayfair case had South Dakota challenging the physical presence doctrine as a touchstone for sales taxation of foreign sellers' sales into a taxing jurisdiction. In the brief, the State argued to retain the physical presence test for sales and use taxes. This argument was made out of concern for New Hampshire's small

businesses with sales into foreign taxing jurisdictions and the burdens and responsibilities that they might face. By a 5-4 decision, however, the Supreme Court overruled two earlier precedents establishing the physical presence test because of the changes in the market place and the detriment suffered by taxing jurisdictions collecting sales taxes from out of state sellers.

Hearings Bureau

During FY 2018, the Hearings Bureau continued to strive to provide better service to the taxpayer given our available resources. We have continued to review administrative tasks and work flow to ensure that our processes are as lean and efficient as possible to maximize our productivity.

In FY 2018, the overall time required to produce a Final Order after the close of the record decreased to an average of 20.13 days; as compared to 23.04 days in FY 2017. With respect to taxpayer petitions, the time to produce a Final Order after the close of the record averaged 41.26 days, and we met our goal of issuing an order within 60 days 81.58% of the time, which was a decrease from 87.88% in FY 2017. With respect to cases involving license denials, suspensions and revocations, bonds, and tobacco seizures, the time to produce a Final Order after the close of the record averaged 9.13 days, and we met our goal of issuing an order within 14 days 90.41% of the time, which was an increase from 84.48% in FY 2017. However, the total number of final orders issued in FY 2018 also increased by 15.63% from the number issued in FY 2017. In cases in which an order was not issued within the timeframe we have set as a goal, the cause of the delays generally include, but are not limited to, the following: that the order involved complex legal issues which needed additional time to research and write orders, that the Hearing Bureau's full hearing schedule reduced the time available to research and write orders. In addition, the number of appeals filed in FY 2018 increased by 54.55% from the number filed in FY 2017.

During FY 2018, the Hearings Bureau has continued to make progress in fully implementing the use of technology in order to increase efficiency. We have implemented an electronic indexing and filing system for older paper case files in order to quickly access older information prior to the implementation of our electronic case management systems, and have processed case files dating from 1990 through 2009 thus far.

The Hearings Bureau's goal for FY 2019 is to continue to maintain an appeal process which provides a fair and efficient system that ensures the highest degree of confidence in the integrity of this system, and timely performance. This includes continuing to streamline administrative processes in order to allow us to meet our goals of issuing Final Orders on taxpayer petitions within 60 days after the close of the record in each case, and of issuing Final Orders on license denials, suspensions and revocations, bonds, and tobacco seizures, within 14 days after the close of the record in each case.

The Taxpayer Services Division

The mission of the Division of Taxpayer Services is to continuously improve taxpayer experiences through efficient data processing, accurate account maintenance and exemplary customer service.

During FY 2017 a plan was developed to create a new Division known as Taxpayer Services. With the budget passed on July 1, 2017 the new Division was established. The purpose behind the Division is to better utilize our main resource, our employees.

The Document Processing Division and Central Tax Services Unit have traditionally assisted one another during the spring and fall tax season. These two groups of staff work as a team to complete the processing of mail, documents, and revenue. When a special project is underway, these groups have the full knowledge base for processing and reviewing taxpayer accounts; they work the project to completion.

The reorganization allows for better alignment of our resources for future needs, without disrupting on-going operations. With the Revenue Information Management System (RIMS) project on the horizon and the recent implementation of Modernized E-File phase four, these two groups of staff assist with the front end and back end processing of returns and information.

The establishment of the Division of Taxpayer Services will improve our service to taxpayers who are not under audit or do not have a collections case.

Also, the improved growth opportunities for current and future Department of Revenue employees will allow for improved cross-training and staff development. With the expanded Tax Examiner job classification series, a more defined promotional career track is in place for staff.

The Audit Division

The mission of the Audit Division is to promote taxpayer compliance with New Hampshire's tax laws through: fair, impartial, and efficient selection and review of taxpayers' returns; taxpayer education; and discovery of non-filers. The Audit Division is committed to team work, professional development, and high standards of professionalism.

Members of the audit staff conduct both desk audits and field audits. The type of audit depends on the nature and scope of the audit and the experience level of the auditor.

In fiscal year 2018, DRA auditors completed the review of 1,011 taxpayers' returns. Of that number, 749 taxpayers' returns were audited resulting in assessments totaling \$32,825,489 in tax, penalties, and interest as well as reductions to refund requests, net operating loss deductions and business enterprise tax credit carry-forwards totaling \$4,800,461. The remaining 262 returns were reviewed, but the Division ultimately did not pursue full formal audits, because there were no apparent issues.

The Discovery/Nexus Unit researches federal and state filings, as well as online resources, to discover non-filers who may have a duty to file and pay New Hampshire business taxes, meals and rooms taxes, or interest and dividends taxes. As a result of the Unit's efforts in fiscal year 2018, an additional \$4,338,229 in tax, penalties, and interest was collected, of which \$192,380 came in through the voluntary disclosure program.

The Tobacco Unit conducted 73 compliance checks resulting in 17 seizures of contraband tobacco products. Six audits of New Hampshire tobacco wholesalers were completed. The Unit also assisted the U.S. Attorney's Office and FBI in tobacco tax evasion cases, which resulted in a guilty plea to charges of wire fraud. They conducted joint tobacco/liquor investigations with the state Liquor Commission. The Unit continued to update the new tobacco database to gather additional information on non-participating manufacturers in accordance with the requirements of the Master Settlement Agreement. Members of the Unit attended the Federation of Tax Administrators' Annual Tobacco Conference as well as the Northeast Regional Tobacco Conference. The unit also continued to work directly with the New Hampshire Department of Justice to enforce compliance with the Master Settlement Agreement by tobacco manufacturers and wholesalers.

The Collections Division

Director of
Collections:

Ora LeMere

The Collections Division

The mission of the Collections Division is to ensure taxpayer compliance with the tax laws of New Hampshire by fairly and effectively recovering overdue taxes through the uniform application of state laws, rules, and policies.

The Division of Collections is established by RSA 21-J:8 with two defined tasks in statute:

- Collecting all outstanding taxes owed to the state, which are within the department's jurisdiction.
- Securing all delinquent returns required to be filed with the state by any taxpayer.

The Division carries out these tasks by:

- Collecting delinquent notices of assessment resulting from tax returns.
- Following up on Meals and Rentals (M&R) tax returns not filed by the 15th of the month as mandated by RSA 78-A.
- Selling tobacco stamps to be affixed to packages of cigarettes.
- Licensing and educating M&R operators charging for taxable meals, room rentals and motor vehicle rentals.

The Division budget authorized twelve full time positions, 1 unclassified and 11 classified; however, the Division was fully staffed for four of the twelve months.

The Division’s goals for FY 2018 included:

- Review and update significant legal documents
- Establish criteria for transferee liability cases
- Establish statewide training opportunities for M&R operators
- Explore option to visually identify M&R operators
- Revise and/or implement formal productivity standards for Compliance Officers
- Establish and conduct annual review for Collections Manual revisions
- Organize and update resource folders in shared drive
- Transition paper files to electronic while adhering to retention standards
- Implement paperless options for Compliance Officers in the field
- Secure contract with vendor to address aged debt
- Review and update internal suspense calendar
- Analyze processes surrounding personal property distraints
- Explore bank matching options within the dstraint process.

Eleven of the thirteen goals were executed, leaving two incomplete at the end of the fiscal year. Updating the resource folders in the Division’s shared drive will continue into the upcoming fiscal year. In addition, reviewing the dstraint process in relation to personal property will need to continue into FY2019 in order to fully consider all options.

The Municipal and Property Division

The mission of the Municipal and Property Division is to assure fairness, equity and proportionality in the assessment and collection of property taxes and the administration of municipal finances in the state by establishing tax rates, providing technical assistance and education to municipal officials, monitoring revaluations, reviewing assessment practices, equalizing local assessed valuation, appraising public utility and railroad property, and administering timber and gravel taxation.

The Division consists of two units, **Municipal** and **Property**.

The **Municipal Bureau** establishes and approves municipal, school, county, state, and village district tax rates. It provides technical assistance on taxation and finance to the approximately 550 political subdivisions of the state, and the general supervision of municipal tax collectors. Other services include:

- Prescribing a uniform chart of accounts for all municipalities.
- Establishing a standard technical assistance manual for municipalities' use.
- Reviewing trustee reports of municipal trust funds in conjunction with the Department of Justice Charitable Trust Unit.
- Conducting workshops and seminars for municipal officials, including selectman, budget committees, trustees of trust funds, tax collectors, and school officials.

The **Property Assessment Unit** oversees the assessment review process and monitors revaluations and revaluation contracts, as well as the following specialized services:

- The Equalization Bureau determines the total equalized value of all taxable property in the state on an annual basis. This allows shared tax burdens, such as the state education tax and county property taxes, to be apportioned at a single standard, market value. The equalization process includes compiling assessment data, conducting ratio studies, and preparing statistical reports.
- Utility Appraisers Value all utility and railroad properties in order to determine the correct assessment of RSA 82 Railroad Taxes and RSA 83-F Utility Property Taxes.
- Provides administrative, technical and enforcement support to all municipalities in their assessment and collection of the RSA 79 Timber Tax and the RSA 72-B Excavation Tax.

- Provides direct education on property assessments to municipal officials and assessors, as well as taxation and finance professionals.
- Provides support to two administratively attached boards, the Assessing Standards Board and the Current Use Board.

Accomplishments of FY 2018 Municipal and Property Division

The Division made numerous efforts to improve its services to municipalities and municipal officials and to improve its transparency. Some of these efforts are completed, while others are ongoing. During FY 2018, the Division accomplished the following:

- Prepared and presented dozens of educational presentations for municipal officials, contractors, agents, employees, and county and school finance officials. This education also included several direct presentations to taxpayers that included basic revaluation and tax rate calculations.
- Presented courses prepared by the International Association of Assessing Officials, which provided greater educational opportunity for professional assessors.
- Through a contract with Axiomatic, LLC, managed and improved the municipal finance e-file and data management system known as the Municipal Tax Rate Setting Portal, including upgrades to both the system and associated reports. This effort also included the training of hundreds of municipal officials both online and at in-person events.
- Through the same contract with Axiomatic, LLC, managed and upgraded the Equalization Portal, to include among other things the ability for municipalities to file Form MS-1, Report of Total Value directly.
- Provided support to the Tax Policy and Legislative Analysis Group in the tracking, analysis and testimony of legislative proposals that involved NHDRA, local tax assessment, local tax collection, and municipal and county finance.
- Improved timely filing of municipal finance reports that support tax rate setting.
- Managed the first year of the development of Replacement Cost New (RCN) of Telecommunications Poles and Conduits and Inventory Form.

The following are brief descriptions of the efforts that have not been completed by the end of the fiscal year, but are ongoing:

- Modification of the Summary Report of Value process to assist municipalities in the reporting of Tax Increment Finance District details.
- Acting as a technical expert to support the legislative process seeking a standard approach to the municipal valuation of Public Utilities Commission regulated utility distribution property located in multiple tax jurisdictions.
- Consolidation of several chapters of administrative rules relating to municipal account codes into a single chapter.
- Developing and deploying a stronger process to increase our review and follow-up on the results of local audits.
- Conversion of standard reports and form letters to incorporate more understandable language and less technical jargon.
- The creation of a central repository for downloading information from our website.

The DRA, with the support of the Department of Information Technology (DoIT), uses technology to provide an efficient and streamlined end-to-end tax process, which benefits the NH taxpayer, by providing modernized operations and accurate information.

During FY 2018 DRA completed Phase IV of the Modernized eFile (MeF) system to add Business Enterprise and Business Profits Tax return filings for both Proprietorship and Fiduciary entities. The FY 2018 filing season continues to reflect an increase in the number of returns received with more than 68,000 returns accepted. The DRA received 4.2 million dollars in ACH debit payments.

Also during FY 2018, DRA began an initiative to upgrade the Document Imaging and Electronic Remittance Application to better position the agency for the new Revenue Information Management System (RIMS). DoIT and DRA also formed a data governance team and continue to identify inconsistencies in data and work towards standardizing the information for the new RIMS system.

In FY 2018, DRA in conjunction with DoIT completed the Request for Proposal (RFP) process and is currently in contract negotiations with a vendor to procure a Commercial Off the Shelf (COTS) solution to replace the Tax Information Management Systems (TIMS) and significantly reduce the number of disparate Systems in place at the DRA.

DRA continues to phase out personal desktop and network printers. This effort is expected to be complete by the end of FY 2019.

Tobacco and Other Tobacco Products

RSA 78

NH Code of Administrative Rules, Rev 1000

Tobacco tax is applied to each package of cigarettes and tobacco products other than cigarettes, such as smokeless tobacco and loose tobacco under RSA Chapter 78 and NH Code of Administrative Rules, Rev 1000.

TOBACCO TAX - RSA CHAPTER 78

The Tobacco Tax is a direct tax upon the consumer at retail. However, it is pre-collected and paid by the wholesaler. It is presumed the Tobacco Tax has been pre-collected and paid by the wholesaler by the affixing of a Tobacco Tax Stamp on the tobacco product. Consumers who purchase unstamped tobacco products are responsible for remitting the tax directly to the Department. The Tobacco Tax was first enacted in 1939. Originally the tax was based upon the value at the usual selling price of all tobacco products. In 1975, the tax was changed to a flat rate of \$0.12 per package of 20 cigarettes. At that time, there was no tax on other tobacco products. Over the next 34 years the tax was increased from \$0.12 to \$1.78 per package. In 2011, the Tobacco Tax rate was decreased from \$1.78 to \$1.68 for each package containing 20 cigarettes or at a rate proportional to such rate for packages containing more or less than 20 cigarettes. As of August 1, 2013 the Tobacco Tax rate increased from \$1.68 to \$1.78 for each package containing 20 cigarettes, per Chapter 224:379 through 381, Laws of 2011. In 1991, the Legislature enacted a tax on tobacco products other than cigarettes (OTP Tax) at the rate “proportional to the cigarette tax, having such ratio to the usual wholesale price of the tobacco product other than cigarettes as the cigarette tax bears to the usual wholesale price of the cigarettes.” In 2003, the OTP Tax was changed to 19% of the wholesale sales price. The OTP Tax rate was changed again in 2009 to 48.59% of the wholesale sales price, and then in 2010 to a rate of 65.03% of the wholesale sales price. In 2011, the OTP Tax rate was decreased to 48% of the wholesale sales price. As of August 1, 2013, the OTP Tax rate increased from 48% to 65.03% of the wholesale sales price, per Chapter 224:379 through 381, Laws of 2011. Wholesalers are required to report their tax liability for the collection of the OTP Tax on a monthly basis. The return is due on or before the 15th day of the month following the end of the reporting period. Wholesalers may file quarterly, but permission to file quarterly must be pre-approved, in writing, by the Department.

The tax rate for a package of 20 cigarettes is \$1.78 per package and \$2.23 for a package of 25 cigarettes. The rate for all other tobacco products (OTP), except premium cigars, 65.03% of the wholesale price. Premium Cigars are excluded from the Tobacco Tax. Cigars that do not meet the definition of a premium cigar or the definition of a cigarette under RSA 78:1, XVII are taxed at the rate for OTP. Little cigars, however, are deemed cigarettes under the statute and are taxed at the cigarette rate.

¹ Per returns received as of August 29, 2018.

² Information is provided by NH SoS as of August 29, 2018.

³ Businesses that want to preserve a trade name have to register a trade name with the NH SoS. A corporation, LLC or limited partnership must also register with the NH SoS. Being registered with the NH SoS does not necessarily mean that the business is engaging in business activity in NH or that they meet the BET or BPT filing threshold. Proprietorships and rental businesses do not register unless they want to protect the name of the business.

Current Due Date: Return due dates are consistent with federal income tax due dates based on the taxpayer's entity type.

SESSION YEAR	EFFECTIVE DATE	CHAPTER	STATUTORY CHANGES	FILING THRESHOLD	TAX RATE
2011	6/25/11	CH 207	RSA 77-A:4, III, for taxable periods beginning on or after January 1, 2011: Modified the standards and burden of proof with respect to the Business Profits Tax deduction for reasonable compensation attributable to owners of partnerships, limited liability companies, and sole proprietorships that file a business tax return as a partnership or proprietorship. Keeps the standards set forth in IRC §162(a)(1) and the \$50,000 "record-keeping safe harbor." Amends the burden of proving the reasonableness of the compensation deduction: A business organization claiming a deduction bears the burden of proving that all proprietors, partners, or members for whom a deduction is being claimed provided actual personal services to the business organization at any time during the taxable period. Once a business organization satisfies this burden of proof, the amount claimed as a deduction shall be presumed to be reasonable, unless the Department proves by a preponderance of the evidence that the deduction claimed by the business organization is clearly unreasonable.		
2011	7/1/13	CH 224:363	RSA 77-A:4, XIII, increases the amount of Net Operating Loss that may be generated in a tax year from \$1,000,000 to \$10,000,000.

2017 Property Tax Tables By County, Valuations, Taxes And Tax Rates

This report presents the 2017 Tables by Counties as compiled by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3 XII, which states that the commissioner shall:

“XII. File with the secretary of state his report showing all the taxable property in the state and its assessed value, in tabulated form, and such other statistics and information as may be deemed of interest. This report shall be filed not later than 30 days after all necessary figures become available.”

Annually, each municipality is required to certify to the Department of Revenue Administration the assessed valuation of all taxable property in that municipality. This information is reported on the Summary Inventory of Valuation, MS-1 Report.

Assessment information is also gathered regarding exemptions and tax credits as well as taxes raised by each municipality. An exemption is an amount deducted from a taxpayer’s assessment vs. a tax credit which is an amount deducted from the taxes due by a taxpayer.

The following is an explanation of the information contained in this report.

Land Valuation: The sum of the taxable land valuations for the following land subcategories:

Current Use: RSA 79-A

Conservation Restriction: RSA 79-B

Discretionary Easement: RSA 79-C

Discretionary Preservation Easement: RSA 79-D

Taxation of Farm Structures & Land Under Farm Structures: RSA 79-F

Residential

Commercial / Industrial

The values in the above are prior to the application of any exemption and do not include any utility land value.

Building Valuation: The sum of the taxable building valuations for the following building subcategories:

Residential

Manufactured (Mfg) Housing: RSA 674:31

Commercial / Industrial

Discretionary Preservation Easement: RSA 79-D

Taxation of Farm Structures & Land Under Farm Structures: RSA 79-F

The values in the above are prior to the application of any exemption and do not include any utility building value.

Public Utilities: The sum of all utility values classified as public water, gas, electric, oil, pipeline or other pursuant to RSA 83-F. Other utilities include utilities that the Department of Revenue Administration has not appraised. Some examples of other utilities include hydro plants, water and certain gas companies.

Mature Wood & Timber: RSA 79:5

Gross Valuation: The valuation of all taxable property in each municipality prior to adjustments for property tax exemptions.

Educational & Special Exemptions: The sum of the following exemptions:

RSA 72:36-a, Certain Disabled Veterans

RSA 72:38-b, Improvements to assist the deaf

RSA 72:37-a, Improvements to assist persons with disabilities

RSA 72:23,IV, School Dining, Dormitory and Kitchen Exemption (maximum \$150,000 per property)

RSA 72:12-a, Water & Air Pollution Control Facilities Exemption

Modified Assessed Valuation: The sum of gross valuation minus the educational and special exemptions. The modified assessed valuation is the basis for calculating the equalized values for each municipality.

Local Optional Exemptions or Exemptions with Optional Elements: Each municipality has adopted an elderly exemption. The amount of the exemption and the specific criteria (asset and income limits) to qualify are determined locally within statutory requirements. Each municipality may adopt the other exemptions listed below in this section:

RSA 72:37, Blind Exemption

RSA 72:37-b, Disabled Exemption

RSA 72:38-b, Deaf Exemption

RSA 72:39-a & b, Elderly Exemption

RSA 72:70, Wood-Heating Energy Systems Exemption

RSA 72:62, Solar Energy Systems Exemption

RSA 72:66, Wind-Powered Energy Systems Exemption

RSA 72:23,IV, Additional School Dining, Dormitory and Kitchen Exemption (maximum \$150,000 per property)

Net Local Assessed Valuation: The sum of the modified assessed valuation minus the value of the blind, elderly and local optional exemptions.

Gross Property Taxes: The sum of the net tax commitment plus the veteran's tax credits. The Department of Revenue's Municipal Services Division establishes the property tax rate using this figure.

Less Veterans Tax Credits: The sum of tax credits granted pursuant to RSA 72:28, RSA 72:28-b, RSA 72:29-a, RSA 72:32 and RSA 72:35.

Net Tax Commitment: The sum of the gross property taxes minus the sum of the veteran's credits. The amount a municipality must actually raise in taxes equals the sum of the amount appropriated by the municipal legislative body minus any revenues.

Actual Tax Rate: The sum of the municipal, county, local, and state school education tax rate. This tax rate does not include any village district or precinct tax rate.

Residents Tax: The sum of monies collected by a municipality for the Resident's Tax pursuant to RSA 72:1.

County Summary: The total of each of the above listed for all ten counties in the state. The county tax rate listed is the average county tax rate and is calculated by taking the sum of the tax rates for all municipalities in a county and dividing by the number of municipalities.

Educational & Special Exemptions Report: A breakdown of the educational and special exemptions granted by municipalities. These are not optional.

Local Optional Exemptions Report: A breakdown of what each municipality currently grants. These are optional, and must be adopted by the legislative body of the municipality.

For further explanation about any information contained in this report, please contact the Department of Revenue Administration, Municipal & Property Division at 603-230-5950.

Municipal & Property Division

NEW HAMPSHIRE PROPERTY TAX SYSTEM

SUMMARY

May 1, 2018

The following explanation summarizes the budget, assessment, equalization and assessment review processes to assist taxpayers in understanding New Hampshire's property tax system.

STEP I: THE BUDGET PROCESS

Every property owner is responsible for paying a portion of the money necessary to operate their town or city, their school district, their village district (if any) and their county. Each town or city, school district, village district and county must establish a budget, hold public hearings on the budget and submit the budget to their legislative body for approval.

Who are the legislative bodies that vote the appropriations necessary to fund the town or city, school and county budgets? For a town, the annual town meeting is the legislative body, which appropriates money to operate the town. The annual school district meeting does the same for the schools, and the annual village district meeting does the same for districts. Generally for a city, or a town with a town council form of government, the council or board of mayor and alderman vote the appropriations. The county delegation comprised of the State Representatives from the county, appropriate the money necessary to fund county government. This amount is apportioned to each town or city in that county based on its proportion of the total equalized property value in that county.

It is these appropriations, voted by either your elected representatives at county delegation meetings and council meetings, or voted by you at your annual town and annual school district meetings, which establish the basis for property taxes in New Hampshire.

STEP II: THE ASSESSMENT PROCESS

Your property taxes are based upon the assessed value of your property as of April 1. This means that your tax bill, generally due in December, reflects the assessment of your property on the previous April 1. For example, if you built a garage on May 15 of this year, you would not be assessed taxes on that garage until next year, since the garage did not exist on April 1.

It is the responsibility of the selectmen or the assessor to annually determine the local assessed value of the property within your municipality as of April 1 each year. This assessment is best determined by a complete revaluation or update of all property within your town or city.

During a revaluation, property is physically reviewed and then valued based upon either the sale prices of other comparable properties or by other means. Theoretically, the intent of a revaluation is to assess property at its "full and true" value, often referred to as "market" value.

But more importantly, the purpose of a revaluation is to insure that property within your municipality is assessed proportionally so that each property owner bears their share of the property tax burden based upon the “value” of their property.

A complete annual revaluation can be costly and time consuming. Consequently, a complete revaluation is not conducted every year. A revaluation establishes base year property values. In the years following a revaluation, the assessors value the pick-ups: the new construction, the subdivisions, and other changes to the property. Depending on the amount of change reflected in current sales, assessors may also conduct partial revaluations or statistical updates. In any event assessors must maintain proportionality among all property values on an annual basis. Pick-ups (new construction and improvements) are assessed as of April 1 unless all properties are updated to current market value; pick-ups are valued not at current year values, but valued at the revaluation year values. That way, if a revaluation had been done in 2016, a 3-bedroom cape style home built in 2015 will be assessed comparably to a 3-bedroom cape style home built in 2015. This assumes all other factors affecting the value of the home are the same, such as the neighborhood, the amount of land, the quality of construction, the number of bathrooms, etc.

STEP III: THE TAX RATE

The appropriations voted by the town or city, the school district, village district (if any) and the county, less revenue from all other sources, equals the amount of money needed to be raised by taxes. The money needed to be raised by taxes is then divided by the local assessed property values to arrive at the property tax rates.

For example, if an annual town meeting appropriated \$1,000,000 to fund town appropriations and anticipates receiving \$300,000 from motor vehicle registrations, other fees, gifts and grants to the town, then the balance of money needed to be raised by taxes would be \$700,000. This amount divided by a local assessed property value of \$25,000,000, for example, would equal a tax rate of \$28.00. Property tax rates are normally expressed per \$1,000 of valuation. The equation for determining the local property tax rate is as follows:

$$\frac{\text{VOTED APPROPRIATIONS minus ALL OTHER REVENUE} \times 1,000}{\text{LOCAL ASSESSED PROPERTY VALUE}} = \text{PROPERTY TAX RATE}$$

By law, your property tax bill must show the assessed value of your property, along with the tax rate for each component of the tax: the town/city, village districts (if any), county, local education and state education tax rates.

STEP IV: EXEMPTIONS AND TAX CREDITS

An exemption is a reduction in the local assessed value of property, while a credit is a reduction of the amount of tax due.

Every municipality offers some form of an exemption for elderly property owners meeting certain qualifications, and a tax credit for veterans. In addition, municipalities may adopt and grant the following exemptions: blind, disabled, deaf, wood-heating energy system, wind-powered energy system, and solar energy system exemptions. Property tax credits are available to qualifying veterans or their surviving spouses.

Applications for an exemption or a tax credit must be made to the municipality by [April 15th](#) prior to that year's tax bill. A tax deferral may be granted for elderly or disabled taxpayers meeting certain criteria on an application submitted to the municipality by [March 1st](#) prior to that year's tax bill.

Education property tax relief is available to low and moderate income homeowners who:

- . Own a homestead or an interest in a homestead subject to the education property tax;
- . Have resided in the homestead on April 1 of the year for which the claim is made; and
- . Had a total "household income" of
 1. \$20,000 or less if a single person;
 2. \$40,000 or less if married or head of a New Hampshire household.

Forms for the low and moderate income homeowner's property tax relief program are available by May 1st on the Department of Revenue Administration's website at <http://revenue.nh.gov/>. The form [[DP-8](#)] is a fillable PDF form which can be opened, completed, and saved.

Pursuant to [RSA 198:57, VI](#), education property tax relief claims must be filed with the Department of Revenue Administration between May 1st and June 30th following the due date of the final tax bill as defined in RSA 76:1-a for state education property taxes. The Department of Revenue Administration Rules for the low and moderate income homeowner's property tax relief are located at [Rev 1200](#).

STEP V: THE EQUALIZATION PROCESS

All towns and cities do not conduct revaluations in the same year. Some may be assessing property close to full value (because they just conducted a revaluation) while other towns and cities are assessing property at more or less than full value (because their revaluation is not current). This inconsistency makes it difficult to compare towns and cities to one another since the local assessed valuations are based upon different revaluation years.

The annual equalization survey conducted by the Department of Revenue Administration addresses this inconsistency by adjusting each municipality's total local assessed property value to full value.

The sole purpose for equalizing local assessed property values is to ensure that public taxes and state revenues shared by towns and cities will be reasonably apportioned. This includes state education tax, county tax, some cooperative school district taxes and some village district taxes. The equalization process involves a detailed study of property sales throughout the state and compares those sales with the local property assessments. A by-product of the equalization process is the determination of a ratio.

Generally, the ratio shows the average level at which the town or city assessed property in the previous year in comparison to full value. Ratios for each municipality are issued by the department generally by April as a result of the Equalization Process. For more information, contact the Department at (603) 230-5950 or visit our web site at <http://revenue.nh.gov/>

For example, a ratio of 90% would indicate that the town generally assessed property at approximately 90% of full value. The ratio does not necessarily apply to any specific property assessment, but rather indicates the average level of assessment throughout the town or city.

Over a period of several years, as the value of property increases or decreases due to market fluctuations, the ratio (the comparison of the local assessed value to full value) also fluctuates. A ratio of 100% indicates that, on the average, the municipality is assessing at full value. A ratio below 100% indicates average assessments are below full value, and a ratio above 100% indicates average assessments are above full value.

Neither a high nor a low ratio, in itself, should be cause for alarm. Whether a town or city is assessing at 110% or 90% of full value is really not significant. What's important is that the assessments are proportional, so that each property owner bears their share of the property tax burden based upon the value of their property.

STEP VI: ASSESSMENT REVIEW

As a result of the Supreme Court's decision in *Sirrell v. State of New Hampshire*, [RSA 75:8-a](#) was adopted which requires all towns and cities in New Hampshire to reappraise all real estate within the municipality so that the assessments are at the full and true value at least as often as every fifth year. The Department of Revenue Administration is mandated by [RSA 21:J:11-a & b](#) to review and report the degree to which assessments of municipalities achieve compliance with applicable statutes and rules. The third five-year cycle began in 2013. Approximately one-fourth of the towns and cities will be scheduled for this Assessment Review in 2013, 2014, 2015, and 2016 respectively. The Assessing Standards Board (ASB) has adopted recommended standards to be met by towns and cities for their assessment review. The Department's staff conducts field reviews of the records and assessing practices of all towns and cities in accordance with the ASB recommended standards and reports their findings to the municipalities and to the ASB. This report becomes a public document upon its issuance.

STEP VII: PROPERTY ASSESSMENT APPEAL PROCESS

There is a two-level appeal process available to any property owner who believes the assessment of their property is in error. The first level of appeal to request an abatement of property taxes must be made to the local assessing officials. The request for abatement must be made in writing by March 1st after the date the tax bills were mailed. If the local assessing officials neglect or refuse to satisfactorily abate the tax, the second level of appeal is either to the Board of Tax and Land Appeals or to the Superior Court in the county where the property is located.

An opinion that property taxes are “too high” is not adequate grounds to justify an abatement. The “amount of tax” is usually not appealable since the amount of money needed to fund local government operations is determined by the local legislative bodies through the budget process. Generally, there must be an error in the assessment of your property in order to qualify for an abatement.

CONCLUSION

Property taxation in New Hampshire is a process involving all levels of government, from the voters at town and school district meeting, city councilors, and local assessing officials, to state legislators and court officials. It is a yearly process beginning with the preparation of the budget and voting of appropriations, continuing with the assessment of property and the setting of the tax rates, and concluding with the appeal process. Residents and non-residents, homeowners and landlords, commercial and industrial businesses, all bear the responsibility for paying their proportional share of property taxes.

EQUALIZATION SURVEY

Including Utility & Railroad

2017 EQUALIZATION SURVEY

“INCLUDING UTILITIES AND RAILROADS”

May 1, 2018

This report presents the results of the 2017 Equalization Survey **including utilities and railroads**. It was conducted by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3, XIII (*Revised 4/1/99*) which states that the commissioner shall:

"XIII. Equalize annually by May 1 the valuation of the property as assessed in the several towns, cities, and unincorporated places in the state including the value of property exempt pursuant to RSA 72:37, 72:37-b, 72:39-a, 72:62, 72:66 and 72:70 by adding to or deducting from the aggregate valuation of the property in towns, cities and unincorporated places such sums as will bring such valuations to the true and market value of the property, and by making such adjustments in the value of other property from which the towns, cities, and unincorporated places receive taxes or payments in lieu of taxes as may be equitable and just, so that any public taxes that may be apportioned among them shall be equal and just. In carrying out the duty to equalize the valuation of property, the commissioner shall follow the procedures set forth in RSA 21-J:9-a."

To accomplish the foregoing, assessment ratio studies were conducted to determine how the average level of assessment for all cities and towns compares with the statutory 100% ratio so that taxes can be apportioned equitably.

The Department of Revenue Administration has completed its process of calculating the total equalized valuation of all the municipalities and unincorporated places throughout the state. The ratios reported for each municipality in this survey were derived by comparing the sale prices of sales of land, land and buildings and manufactured housing, covering the period of October 1, 2016, to September 30, 2017, against the actual assessments levied by the municipalities. Sales information was verified by the grantee whenever possible by means of the Inventory of Property Transfer, Form PA-34. Our goal is to use only arm's-length sales that transferred for market value in this analysis. Every effort has been made to exclude non-arm's length transactions including but not limited to: sales involving courts and government agencies, sales between relatives or corporate affiliates, sales settling an estate, forced sales, etc.

Every municipality was notified of its 2017 sales assessment ratio. These ratios were used in conjunction with other Department of Revenue adjustments to determine each municipality's total equalized value for purposes of RSA 21-J:3, XIII.

The following is an explanation of the information contained in this report.

MODIFIED ASSESSED VALUATION: The modified assessed valuation for each municipality as reported to the Department of Revenue Administration on the municipality's 2017 Summary Inventory of Valuation (MS-1 Report).

GROSS LOCAL ASSESSED VALUATION: Sum of all assessed values in the municipality

Certain Disabled Veteran's: RSA 72:36-a

Improvements to Assist Persons who are Deaf: RSA 72:38-b,V

Improvements to Assist Persons with Disabilities Exemption: RSA 72:37-a

School Dining/Dormitory/Kitchen Exemption: RSA 72:23, IV (\$150,000 max per exemption)

Water & Air Pollution Control Exemption: RSA 72:12-a

= MODIFIED ASSESSED VALUATION:

Blind Exemption: RSA 72:37

Elderly Exemption: RSA 72:39-a & b

Deaf Exemption: RSA 72:38-b

Disabled Exemption: RSA 72:37-b

Wood-Heating Energy System Exemption: RSA 72:70

Solar Energy System Exemption: RSA 72:62

Wind Powered Energy System Exemption: RSA 72:66

Additional School Dining/Dormitory/Kitchen Exemption: RSA 72:23, IV
(Exemption amount > \$150,000)

= NET LOCAL ASSESSED VALUATION: The municipal, county and local school tax rates are computed using the net local assessed valuation.

TAX INCREMENT FINANCE DISTRICTS (TIFS): RSA 162-K:10, III - The retained captured assessed value is added to the modified assessed value and will be equalized for all TIF districts created after 4/29/99. The original assessed value plus any unretained value is used to set a municipality's tax rates.

DRA INVENTORY ADJUSTMENT: The sum of the adjustments of the modified local assessed valuation is divided into three categories.

Category 1:

The total modified local assessed value of land (excluding land in current use, conservation restriction assessment, discretionary easements and utilities) buildings and manufactured housing is equalized by the 2017 equalization ratio. This category includes discretionary preservation easements, taxation of farm structures, land under farm structures. The difference between the modified local assessed valuation of land, buildings and manufactured housing and the equalized value equals the DRA adjustment for land, buildings, and manufactured housing.

Category 2:

An adjustment for land assessed at current use, conservation restriction assessment, and discretionary easement values are made. This adjustment is calculated by dividing the total net local assessed valuation for land in these two categories by the 2016 equalization ratio to obtain the equalized value of current use, conservation restriction assessments, and discretionary easements. If a municipality has had a full revaluation or cyclical revaluation as defined by Rev 601.11 and 601.08, a ratio of 100.0 is used.

The difference between the local assessed value of the land and the equalized value equals the DRA adjustment for current use, conservation restriction assessments, and discretionary easements.

Category 3:

A DRA adjustment for public utilities, as defined by RSA 83-F, is made by comparing the market value of the utility as determined by the DRA to the net local assessed value of the utility. The difference between the assessed value and the market value equals the adjustment. The value of public utilities is not added into the "Total Equalized Value Not Including Utility Value or Equalized Railroad Taxes."

EQUALIZED ASSESSED VALUATION: The sum of the "modified local assessed valuation" plus the DRA inventory adjustment. The equalized assessed valuation represents the equalized value of all "taxable" properties in a municipality.

PAYMENT IN LIEU OF TAXES: The equalized value for payments received in lieu of taxes includes State & Federal Forest Land Reimbursements, Recreation Land Reimbursements, Flood Land Reimbursements, renewable energy facilities (if applicable) and others.

RAILROAD TAX: The equalized value for monies received from the railroad tax. This figure is not included in the "Total Equalized Valuation Not Including Utility Values and Equalized Railroad Taxes."

TOTAL EQUALIZED VALUATIONS INCLUDING UTILITY VALUE AND EQUALIZED RAILROAD TAXES: The sum of the equalized assessed valuation, the equalized value of payments in lieu of taxes and the equalized value of the railroad tax monies.

The Total Equalized Valuation including the value of utilities and equalized value of railroad monies reimbursed to municipalities represents the equalized value of all property in a municipality including utilities and will be used to:

Apportion county taxes for the 2018 tax year;
Calculate state reimbursements, and;
Apportion cooperative school taxes for the 2019 tax year.

LOCAL TAX RATE: The actual tax rate as calculated by the Department of Revenue Administration, Municipal Services Division. The tax rate includes the municipal, county, local

school and state education property tax rates.

EQUALIZATION RATIO: The 2017 equalization ratio as determined by a ratio study conducted by the Department of Revenue Administration's equalization staff.

FULL VALUE TAX RATE: The 2017 gross local property taxes to be raised as reported by the Department of Revenue Administration, Municipal & Property Division, divided by the total equalized valuation including utility values and equalized railroad taxes. This figure represents the estimated tax rate for a municipality if all the taxable property was assessed at 100% and includes the equalized value of properties for which a payment in lieu of property taxes is made.

% PROPORTION TO COUNTY TAX: The percentage of proportion to \$1,000 of tax that is to be allocated to each town within the county comparing each municipality's total equalized value to the total equalized value of the county.

% PROPORTION TO STATE TAX: The percentage of proportion to \$1,000 of tax that is to be allocated to each town within the state by comparing the town's total equalized value to the total equalized value of the state.

COUNTY & STATE TAX RATE: The sum of the 2017 gross property taxes to be raised by each municipality in each county and the state divided by the total net local assessed value for each municipality in each county and the state.

STATE & COUNTY RATIOS: The state and county gross assessed values divided by the total equalized valuation. The state and county ratios are calculated for statistical purposes only. They are not applied to any figure as part of the equalization process.

APPEAL OF TOTAL EQUALIZED VALUATION

Municipalities were sent their 2017 Notification of Total Equalized Valuations on **April 26, 2018**.

Per RSA 71-B:5, II, any municipality aggrieved by the total equalized valuation as determined by the DRA must appeal to the Board of Tax and Land Appeals in writing **within 30 days of the town's notification** of the municipality's total equalized valuation.

The appeal period is not extended due to any communication, either verbal or written, between the DRA and a municipality regarding the total equalized valuation.

EQUALIZATION SURVEY

Not Including Utility & Railroad

2017 EQUALIZATION SURVEY

“NOT INCLUDING UTILITIES AND RAILROADS”

May 1, 2018

This report presents the results of the 2017 Equalization Survey “not including utilities and railroads”. It was conducted by the New Hampshire Department of Revenue Administration pursuant to RSA 21-J:3, XIII (Revised 4/1/99) which states that the commissioner shall:

“XIII. Equalize annually by May 1 the valuation of the property as assessed in the several towns, cities, and unincorporated places in the state including the value of property exempt pursuant to RSA 72:37, 72:37-b, 72:39-a, 72:62, 72:66 and 72:70 by adding to or deducting from the aggregate valuation of the property in towns, cities and unincorporated places such sums as will bring such valuations to the true and market value of the property, and by making such adjustments in the value of other property from which the towns, cities, and unincorporated places receive taxes or payments in lieu of taxes as may be equitable and just, so that any public taxes that may be apportioned among them shall be equal and just. In carrying out the duty to equalize the valuation of property, the commissioner shall follow the procedures set forth in RSA 21-J:9-a.”

To accomplish the foregoing, assessment ratio studies were conducted to determine how the average level of assessment for all cities and towns compares with the statutory 100% ratio so that taxes can be apportioned equitably.

The Department of Revenue Administration has completed its process of calculating the total equalized valuation of all the municipalities and unincorporated places throughout the state. The ratios reported for each municipality in this survey were derived by comparing the sale prices of sales of land, land and buildings and manufactured housing, covering the period of October 1, 2016, to September 30, 2017, against the actual assessments levied by the municipalities. Sales information was verified by the grantee whenever possible by means of the Inventory of Property Transfer, Form PA-34. Our goal is to use only arm’s-length sales that transferred for market value in this analysis. Every effort has been made to exclude non-arm’s length transactions including but not limited to: sales involving courts and government agencies, sales between relatives or corporate affiliates, sales settling an estate, forced sales, etc.

Every municipality was notified of its 2017 sales assessment ratio. These ratios were used in conjunction with other Department of Revenue adjustments to determine each municipality’s total equalized value for purposes of RSA 21-J:3, XIII.

The following is an explanation of the information contained in this report.

MODIFIED ASSESSED VALUATION: The modified assessed valuation for each municipality as reported to the Department of Revenue Administration on the municipality’s 2017 Summary Inventory of Valuation (MS-1 Report) “not including utility values taxed pursuant to RSA 83-F.”

GROSS LOCAL ASSESSED VALUATION: Sum of all assessed values in the municipality

Certain Disabled Veteran's: RSA 72:36-a

Improvements to Assist Persons who are Deaf: RSA 72:38-b, V

Improvements to Assist Persons with Disabilities Exemption: RSA 72:37-a

School Dining/Dormitory/Kitchen Exemption: RSA 72:23, IV (\$150,000 max per exemption)

Water & Air Pollution Control Exemption: RSA 72:12-a

= MODIFIED ASSESSED VALUATION:

Blind Exemption: RSA 72:37

Elderly Exemption: RSA 72:39-a & b

Deaf Exemption: RSA 72:38-b

Disabled Exemption: RSA 72:37-b

Wood-Heating Energy System Exemption: RSA 72:70

Solar Energy System Exemption: RSA 72:62

Wind Powered Energy System Exemption: RSA 72:66

Additional School Dining/Dormitory/Kitchen Exemption: RSA 72:23, IV
(Exemption amount > \$150,000)

= NET LOCAL ASSESSED VALUATION Not Including Utility Valuation: The education property tax rate is computed using the Net Local Assessed Valuation Not Including Utility Valuation.

TAX INCREMENT FINANCE DISTRICTS (TIFs): RSA 162-K:10, III - The retained captured assessed value is added to the modified assessed value and will be equalized for all TIF districts created after 4/29/99. The original assessed value and any unretained value is used to set a municipality's tax rates.

DRA INVENTORY ADJUSTMENT: The sum of the adjustments of the modified local assessed valuation is divided into two categories.

Category 1:

The total modified local assessed value of land (excluding land in current use, conservation restriction assessment, discretionary easements, and utilities) buildings and manufactured housing is equalized by the 2017 equalization ratio. This category includes discretionary preservation easements, taxation of farm structures, and land under farm structures. The difference between the modified local assessed valuation of land, buildings and manufactured housing and the equalized value equals the DRA adjustment for land, buildings, and manufactured housing.

Category 2:

An adjustment for land assessed at current use, conservation restriction assessment, and discretionary easement values are made. This adjustment is calculated by dividing the total net local assessed valuation for land in these two categories by the 2016 equalization ratio to obtain the equalized value of current use, conservation restriction assessments and discretionary easements. If a municipality has had a full revaluation or cyclical revaluation as defined by Rev 601.11 and 601.08, a ratio of 100.0 is used.

The difference between the local assessed value of the land and the equalized value equals the DRA adjustment for current use, conservation restriction assessments, and discretionary easements.

EQUALIZED ASSESSED VALUATION: The sum of the “modified local assessed valuation” plus the DRA inventory adjustment. The equalized assessed valuation represents the equalized value of all “taxable” properties in a municipality.

PAYMENT IN LIEU OF TAXES: The equalized value for payments received in lieu of taxes includes State & Federal Forest Land Reimbursements, Recreation Land Reimbursements, Flood Land Reimbursements, renewable energy facilities (if applicable) and others.

TOTAL EQUALIZED VALUATIONS *NOT INCLUDING* UTILITY VALUE AND EQUALIZED RAILROAD TAXES: The sum of the equalized assessed valuation and the equalized value of payments in lieu of taxes.

The **2017** “total equalized valuation not including utility and equalized value of railroad monies reimbursed to municipalities” will be used to apportion the state education property tax for the tax year 2019. The **2016** total equalized valuation not including utilities and the value of railroad monies reimbursed to municipalities will be used to apportion the state education property tax for the tax year 2018.

EQUALIZATION RATIO: The 2017 equalization ratio as determined by a ratio study conducted by the Department of Revenue Administration’s equalization staff.

% PROPORTION TO STATE TAX: The percentage of proportion to \$1,000 of tax that is to be allocated to each town within the state by comparing the town’s total equalized value to the total equalized value of the state.

STATE & COUNTY RATIOS: The state and county gross assessed values divided by the total equalized valuation. The state and county ratios are calculated for statistical purposes only. They are not applied to any figure as part of the equalization process.

APPEAL OF TOTAL EQUALIZED VALUATION

Municipalities were sent their 2017 Notification of Total Equalized Valuations on **April 26, 2018**.

Per RSA 71-B:5, II, any municipality aggrieved by the total equalized valuation as determined by the DRA must appeal to the Board of Tax and Land Appeals in writing **within 30 days of the town’s notification** of the municipality’s total equalized valuation.

The appeal period is not extended due to any communication, either verbal or written, between the DRA and a municipality regarding the total equalized valuation.

2017 COMPARISON OF FULL VALUE TAX RATES

The full value tax rate represents the estimated tax rate for a municipality if all the taxable property was assessed at 100% and includes the equalized value of properties for which a payment in lieu of property taxes is made.

The full value tax rate is calculated as follows: The 2017 gross local property taxes to be raised as reported by the Department of Revenue Administration, Municipal & Property Division divided by the total equalized valuation including utility values and equalized railroad taxes.

The full value rates are ranked in ascending order from lowest to highest (1-232 for 2017). If two municipalities have the same full value tax rate they are ranked with the same number. The unincorporated towns (signified by ****) have no 2017 tax rate, and thus are not ranked.

The full value tax rate can only be used to make a limited comparison of what a property in one municipality would pay for taxes to a property of equal value in another municipality.

For example:	Town A	$\frac{100,000 \times 21.95}{1000} =$	\$2,195.00
	Town B	$\frac{100,000 \times 26.56}{1000} =$	\$2,656.00

Due to diverse real estate values in New Hampshire, properties of equal value do not equate to properties of equal size or quality.

Prior to making any assumptions or decisions regarding a property owner's tax burden in a municipality, other factors should be considered such as real estate values, municipal services, schools, community make-up, and locational factors including proximity to urban areas, medical facilities, highways, recreation areas, etc.
